# Tableaux statistiques

The asterisks (\*) indicate occasional tables that are published in the K section. Latest publication date is in parentheses.

Les astérisques (\*) désignent les tableaux de la section K, qui sont publiés à des fréquences variables. La date la plus récente de publication de ces tableaux est indiquée entre parenthèses.

## A. Summary tables S5

- A1 Summary of key monetary policy variables
- A2 Major financial and economic indicators

## A. Tableaux synoptiques S5

- A1 Sommaire des variables clés relatives à la politique monétaire
- A2 Principaux indicateurs financiers et économiques

## B. Bank of Canada S10

- B1 Bank of Canada: Monthly series
- B2 Bank of Canada: Weekly series
- B3 Bank of Canada: Weekly series
- B4 Statistics pertaining to counterfeit Bank of Canada notes
- K1\* Bank of Canada note liabilities (February 2000)

## B. Banque du Canada S10

- B1 Banque du Canada : Séries mensuelles
- B2 Banque du Canada : Séries hebdomadaires
- B3 Banque du Canada : Séries hebdomadaires
- B4 Statistiques relatives aux billets de la Banque du Canada contrefaits
- K1\* Passif-billets de la Banque du Canada (Février 2000)

## C. Chartered banks S16

- C1 Chartered bank selected assets — Monthly average series
- C2 Chartered bank selected liabilities — Monthly average series
- C3 Chartered bank assets — Month-end series
- C4 Chartered bank liabilities — Month-end series
- C5 Chartered banks: Regional distribution of assets
- C6 Chartered banks: Regional distribution of liabilities
- C7 Chartered banks: Quarterly classification of non-mortgage loans
- K12\* Chartered banks: Quarterly classification of deposit liabilities (July 2000)
- C8 Selected seasonally adjusted series: Chartered bank assets and liabilities
- C9 Chartered banks: Total foreign currency assets and liabilities
- C10 Chartered banks: Total claims and liabilities booked worldwide vis-à-vis non-residents
- C11 Canadian Bankers Association: Credit extended to businesses in Canada
- K2\* Total chartered banks: Consolidated statement of revenue, expense, and shareholders' equity (May 2000)

## C. Banques à charte S16

- C1 Banques à charte : Quelques éléments de l'actif — Moyenne mensuelle
- C2 Banque à charte : Quelques éléments du passif — Moyenne mensuelle
- C3 Banques à charte : Actif — Séries de fin de mois
- C4 Banques à charte : Passif — Séries de fin de mois
- C5 Banques à charte : Répartition régionale de l'actif
- C6 Banques à charte : Répartition régionale du passif
- C7 Banques à charte : Ventilation trimestrielle des prêts non hypothécaires
- K12\* Banque à charte : Répartition trimestrielle du passif-dépôts (Juillet 2000)
- C8 Quelques statistiques bancaires désaisonnalisées : Avoirs et engagements des banques à charte
- C9 Banques à charte : Avoirs et engagements en monnaies étrangères
- C10 Banques à charte : Ensemble des créances et engagements comptabilisés dans le monde au nom de non-résidents
- C11 Association des banquiers canadiens : Crédit consenti aux entreprises au Canada
- K2\* Ensemble des banques à charte : État consolidé des revenus, des dépenses et de l'avoir propre des actionnaires (Mai 2000)

**D. Other financial institutions S42**

- D1 Trust and mortgage loan companies excluding bank trust and mortgage subsidiaries: Quarterly statement of estimated assets and liabilities
- D2 Local credit unions and caisses populaires: Quarterly statement of estimated assets and liabilities
- K4\* Deposits with government savings institutions (February 2000)
- D3 Sales finance companies: Quarterly statement of estimated assets and liabilities
- D4 Life insurers (including accident and sickness branches) and segregated funds
- D5 Investment funds: Quarterly statement of estimated assets and liabilities

**E. Financial aggregates S52**

- E1 Selected monetary aggregates and their components
- E2 Selected credit measures
- K7\* Monetary aggregates and credit measures (Spring 2000)

**F. Financial markets S62**

- F1 Financial market statistics
- F2 Corporate short-term paper outstanding
- F3 Stock market statistics: Canada and United States
- F4 Net new security issues placed in Canada and abroad
- F5 Net new security issues placed in Canada (includes foreign currency issues placed in Canada)
- F6 Net new security issues placed abroad (includes Canadian dollar issues placed in overseas markets)
- F7 Gross new bond issues and retirements: Government of Canada and provinces
- F8 Gross new bond issues and retirements: Municipalities
- F9 Gross new issues and retirements: Corporations, other institutions, and foreign borrowers
- F10 Net new issues of securities by financial and non-financial corporations
- K8\* Bonds outstanding: Government of Canada, provincial, municipal, corporate, and other bonds (March 2000)
- K9\* Net new issues of corporate securities: Industrial classification (March 2000)
- F11 Money market trading by type of security
- F12 Bond market trading by type of security

**D. Autres institutions financières S42**

- D1 Sociétés de fiducie ou de prêt hypothécaire, à l'exception des filiales de banques à charte : Situation trimestrielle (estimations)
- D2 Caisses populaires et crédit unions locales : Situation trimestrielle (estimations)
- K4\* Dépôts dans les caisses d'épargne publiques (Février 2000)
- D3 Sociétés de financement des ventes : Situation trimestrielle (estimations)
- D4 Compagnies d'assurance vie (y compris leurs divisions d'assurance accidents et d'assurance maladie) et caisses séparées
- D5 Sociétés de placement : Situation trimestrielle (estimations)

**E. Agrégats financiers S52**

- E1 Agrégats monétaires et leurs composantes
- E2 Quelques indicateurs du crédit
- K7\* Agrégats monétaires et mesures du crédit (Printemps 2000)

**F. Marchés financiers S62**

- F1 Statistiques du marché financier
- F2 Encours des effets à court terme des sociétés
- F3 Statistiques boursières : Canada et États-Unis
- F4 Émissions nettes de titres placés au Canada et à l'étranger
- F5 Émissions nettes de titres placés au Canada (y compris les titres libellés en monnaies étrangères placés au Canada)
- F6 Émissions nettes de titres placés à l'étranger (y compris les titres libellés en dollars canadiens placés sur les marchés d'outre-mer)
- F7 Émissions brutes d'obligations et remboursements : Gouvernement canadien et provinces
- F8 Émissions brutes d'obligations et remboursements : Municipalités
- F9 Émissions brutes de titres, remboursements et rachats : Sociétés, autres institutions et emprunteurs étrangers
- F10 Émissions nettes de titres : Sociétés financières ou non financières
- K8\* Encours des obligations : Gouvernement canadien, provinces, municipalités, sociétés et autres emprunteurs (Mars 2000)
- K9\* Émissions nettes des sociétés : Répartition selon la branche d'activité économique (Mars 2000)
- F11 Répartition des opérations conclues sur le marché monétaire, par catégorie de titres
- F12 Répartition des opérations conclues sur le marché obligataire, par catégorie de titres

- F13 Government of Canada treasury bill and bond trading with counterparties
- F14 Strip bond trading and repos by type of security
- F15 Financial futures
- K14 \* Bank of Canada transactions (par value) (February 2000)

- F13 Répartition des opérations conclues sur bons du Trésor et obligations du gouvernement canadien, par partie contractante
- F14 Répartition des opérations sur obligations coupons détachés et opérations avec clause de réméré, par catégorie de titres
- F15 Contrats à terme sur instruments financiers
- K14 \* Opérations de la Banque du Canada (valeur nominale) (Février 2000)

## G. Government of Canada S83

- G1 Government of Canada fiscal position
- G2 Government of Canada direct marketable bonds:  
New issues and retirements
- G3 Government of Canada direct marketable bonds:  
Details of unmatured outstanding issues
- G4 Government of Canada direct securities and loans:  
Distribution of holdings
- G5 Government of Canada direct securities and loans:  
Distribution by type of holder
- G6 Government of Canada direct securities and loans:  
Classified by remaining term to maturity and type of asset
- G7 Government of Canada direct securities and loans:  
Holdings of general public classified by remaining term to maturity

## G. Gouvernement du Canada S83

- G1 Trésorerie du gouvernement canadien
- G2 Obligations négociables émises par le gouvernement canadien :  
Émissions et remboursements
- G3 Obligations négociables émises par le gouvernement canadien :  
Description des titres non échus en circulation
- G4 Titres et emprunts émis par le gouvernement canadien :  
Répartition des portefeuilles
- G5 Titres et emprunts émis par le gouvernement canadien :  
Répartition des portefeuilles par type de détenteur
- G6 Titres et emprunts émis par le gouvernement canadien :  
Répartition par terme à courir et catégorie d'avoirs
- G7 Titres et emprunts émis par le gouvernement canadien :  
Répartition, par terme à courir, des portefeuilles du public

## H. General economic statistics S94

- H1 National accounts
- H2 Gross domestic product at constant prices
- H3 Gross domestic product: Price indexes
- H4 Gross domestic product at factor cost by industry
- H5 Labour force status of the population
- H6 Labour force status of the population by region
- H7 Residential construction
- H8 Consumer price index
- H9 Other prices and costs
- K13\* Consumer price index excluding the effect of indirect taxes  
Contribution of indirect taxes to changes in the consumer price index (February 2000)

## H. Statistiques économiques diverses S94

- H1 Comptes nationaux
- H2 Produit intérieur brut à prix constants
- H3 Produit intérieur brut : Indices des prix
- H4 Produit intérieur brut au coût des facteurs, par branche d'activité
- H5 Répartition de la population active
- H6 Répartition de la population active par région
- H7 Construction résidentielle
- H8 Indice des prix à la consommation
- H9 Autres prix et coûts
- K13\* Indice des prix à la consommation hors effets des impôts indirects  
Contribution des impôts indirects aux variations de l'indice des prix à la consommation (Février 2000)

**I. Foreign exchange market and reserves S104**

- I1 Exchange rates
- I2 Canada's official international reserves
- K11\* Exchange Fund Account: Assets and liabilities (July 2000)

**J. Balance of payments and external trade S106**

- J1 Canadian balance of international payments: Current account
- J2 Canadian balance of international payments: Capital account
- J3 Exports and imports by area (balance of payments basis)
- J4 Merchandise trade: Prices, terms of trade, and volume (balance of payments basis)
- J5 Commodity classification of merchandise exports: Price and volume (balance of payments basis)
- J6 Commodity classification of merchandise imports: Price and volume (balance of payments basis)

**K. Tables published occasionally. This issue: S113**

- K11 Exchange Fund Account: Assets and liabilities
- K12 Chartered banks: Quarterly classification of deposit liabilities

**Notes to the tables S119****Subject index S129****I. Marché des changes et réserves de change S104**

- I1 Cours du change
- I2 Réserves officielles de liquidités internationales du Canada
- K11\* Fonds des changes : Avoirs et engagements (Juillet 2000)

**J. Balance des paiements et commerce extérieur S106**

- J1 Balance canadienne des paiements : Balance courante
- J2 Balance canadienne des paiements : Balance des capitaux
- J3 Répartition des exportations et importations par région (sur la base de la balance des paiements)
- J4 Balance commerciale : Prix, termes de l'échange et volumes (sur la base de la balance des paiements)
- J5 Répartition des exportations par catégorie de produits : Prix et volume (sur la base de la balance des paiements)
- J6 Répartition des importations par catégorie de produits : Prix et volume (sur la base de la balance des paiements)

**K. Tableaux à fréquence variable publiés dans la présente livraison : S113**

- K11 Fonds des changes : Avoirs et engagements
- K12 Banque à charte : Répartition trimestrielle du passif-dépôts

**Notes relatives aux tableaux S119****Index des sujets S129**

\*Fiscal year totals are from the Public Accounts of Canada. Non-budgetary monthly data are from the "Statement of Financial Transactions." Quarterly data are the sum of the monthly data. Unlike the Public Accounts, the monthly estimates are unaudited.  
\*\*Residual

\*Les données de l'exercice sont tirées des Comptes publics du Canada. Les données non budgétaires mensuelles proviennent de l'État des opérations financières. Les données trimestrielles s'obtiennent par addition des données mensuelles. Contrairement aux données des Comptes publics, les estimations mensuelles ne sont pas vérifiées.  
\*\*Calculé par différence

Special features of a number of issues are as follows:

- (a) Callable after 15 September 1996.  
 (b) On 18 March 1975 the Government of Canada announced that the 3% perpetual bonds will be redeemed at par on 15 September 1996.  
 (c) Real Return Bonds.  
 (d) Callable on or after 10 February 1995 on interest payment dates

\* Currency of payments, when not in Canadian dollars, noted.

Les notes ci-dessous indiquent les particularités de certaines émissions :

- (a) Remboursables par anticipation après le 15 septembre 1996.  
 (b) Le 18 mars 1975, le gouvernement canadien a annoncé que les rentes perpétuelles 3 % seront remboursées à leur valeur nominale le 15 septembre 1996.  
 (c) Obligations à rendement réel  
 (d) Remboursables par anticipation à partir du 10 février 1995 aux dates de paiement des intérêts

\* Les monnaies de paiement autres que le dollar canadien sont indiquées.

Because each of the component and aggregate series for the period prior to the 1992 base year is mechanically scaled to link with the post-base-year series, the individual component series do not sum to the corresponding aggregate series for data prior to 1992. Adjusting series designed to make the time series additive are available from Statistics Canada and from CANSIM.

\* Comme les chiffres de chacune des composantes du PIB et du PIB global pour la période antérieure à l'année de base 1992 ont été ajustés pour être rattachés à ceux de la période postérieure, la somme des composantes est différente du chiffre global pour les données antérieures à 1992. On peut se procurer auprès de Statistique Canada et de CANSIM les séries d'ajustement servant à égaliser les résultats.

Gross domestic product: Price indexes  
Produit intérieur brut : Indices des prix

1992 = 100, seasonally adjusted    1992 = 100, données désaisonnalisées

Année ou trimestre	Implicit price indexes    Indices implicites des prix												Fixed weighted price index (quarterly reweighted) Indice des prix à pondération fixe	Chain price index (quarterly reweighted) Indice de prix en chaîne (pondération trimestrielle)	
	Domestic demand (excluding inventories)					Demande intérieure (stocks non compris)					Exports of goods and services Exportations de biens et services	Imports of goods and services Importations de biens et services			GDP At market value Aux prix du marché
	Personal expenditures Dépenses des ménages					Government expenditures Dépenses publiques	Construction Construction	Machinery and equipment Machines et matériel	Total Total						
	Durables Biens durables	Semi-durables Biens semi-durables	Non-durables Biens non durables	Services Services	Total

\* Gold and foreign currency assets are now reported at their end-of-month market value. Prior to June 1999, gold was reported at SDR35 per ounce, while foreign currency assets were reported on an accrual accounting basis.

\* Les avoirs en or et en monnaies étrangères sont maintenant comptabilisés à leur valeur marchande en fin de mois. Avant juin 1999, l'or était évalué sur la base de 35 DTS l'once, alors que les chiffres relatifs aux avoirs en monnaies étrangères étaient calculés selon la méthode de comptabilité d'exercice.

Millions of dollars, seasonally adjusted at annual rates

En millions de dollars, données désaisonnalisées, chiffres annuels

# Notes to the tables

## Symbols used in tables

- D Data column is discontinued.
- E Estimated
- R Revised
- Value is zero or rounded to zero.

Note: Blank spaces in columns indicate data are either not available or not applicable. Owing to the rounding of figures, components may not always add up to the totals shown. A horizontal rule in the body of the table indicates either a break in the series or that the earlier figures are available only at a more aggregated level.

## CANSIM – Data bank identification numbers

Many of the time series published in the *Bank of Canada Banking and Financial Statistics* are available from Statistics Canada in machine-readable form, for use on computers and on printouts. Each time series of annual, quarterly, monthly, or weekly data on the CANSIM system (Canadian Socio-economic Information Management) has an identification number. Series maintained by Statistics Canada have D, L, P, or I prefixes (as in D1432), those maintained by the Bank of Canada have a B prefix (as in B318). The identification number is given as a reference at the top of each column of data and refers to the series of weekly, monthly, or quarterly data in that column. Where the frequency of a series as it is available on CANSIM is different from that shown in the table or where a combination of quarterly and monthly data is shown in the table, the frequency of the CANSIM series is indicated by a superscript M, if monthly, or by a superscript Q, if quarterly. Current and revised data are entered into CANSIM immediately on release.

## Weekly series

The tables in the *Statistics* do not cover a full year of weekly data. For all Wednesday series, in the event that a holiday falls on a Wednesday, data for the preceding business day will be shown. Figures for weekly series for which the Bank of Canada is the source are available on request from the Department of Monetary and Financial Analysis, Bank of Canada, Ottawa, Ontario, Canada K1A 0G9.

## Notes to the tables

The reference notes to the statistical tables in the *Statistics* are printed separately and are updated and reprinted from time to time. The most recent note supplement is dated January 2000. Copies of the *Notes to the tables* may be obtained by writing to the *Bank of Canada Review*, Publications Distribution, Communications Services, Bank of Canada, Ottawa, Ontario, Canada K1A 0G9. E-mail address: publications@bank-banque-canada.ca.

# Notes relatives aux tableaux

## Abréviations utilisées dans les tableaux

- D Série supprimée
- E Chiffres estimatifs
- R Chiffres révisés
- Valeur nulle ou arrondie à zéro

Nota - Les espaces vides des colonnes signifient que les données ne sont pas disponibles ou ne s'appliquent pas. Du fait que les chiffres sont arrondis, la somme des éléments ne correspond pas toujours exactement au total indiqué. Une ligne horizontale dans le corps d'un tableau indique soit qu'il y a une rupture dans une série, soit que les données des périodes antérieures n'existent que sous une forme plus agrégée.

## CANSIM- Numéros de référence des séries de Databank

Nombre de séries chronologiques publiées dans les *Statistiques bancaires et financières de la Banque du Canada* peuvent être obtenues de Statistique Canada sous une forme directement exploitable par ordinateur ou sous la forme d'imprimés. Elles font partie intégrante du fichier CANSIM<sup>1</sup>, dont chaque série chronologique – annuelle, trimestrielle, mensuelle ou hebdomadaire – est désignée par un numéro de référence. Les numéros des séries élaborées par Statistique Canada sont précédés de la lettre «D», «L», «P» ou «I» (par exemple : D1432), ceux des séries de la Banque du Canada, de la lettre «B» (par exemple : B318). Dans nos tableaux, le numéro apparaît en tête de colonne et désigne la série hebdomadaire, mensuelle ou trimestrielle qui figure dans la colonne; lorsque les fréquences de données figurant au fichier CANSIM et dans un tableau de la *Revue* diffèrent ou que le tableau comporte à la fois une série mensuelle et une série trimestrielle, la fréquence de la série CANSIM est indiquée par la lettre «M» si la série est mensuelle et par la lettre «Q» si elle est trimestrielle.

1. CANSIM est l'abréviation de *Canadian Socio-economic Information Management System* — Système canadien de traitement des données socio-économiques.

## Séries hebdomadaires

Dans les tableaux des *Statistiques bancaires et financières*, les séries hebdomadaires ne couvrent pas une année entière. Lorsque le mercredi est un jour férié, les statistiques du mercredi sont établies à partir des données du jour ouvrable précédent. On pourra obtenir les données provenant de la Banque du Canada en s'adressant au département des Études monétaires et financières, Banque du Canada, Ottawa (Ontario), Canada, K1A 0G9.

## Notes relatives aux tableaux

Les notes relatives aux tableaux des *Statistiques bancaires et financières* font l'objet d'une publication distincte et sont mises à jour et réimprimées de temps à autre. La plus récente édition des notes date de janvier 2000. Ceux qui désirent recevoir des exemplaires des notes sont priés de s'adresser à la *Revue de la Banque du Canada*, Diffusion des publications, Services de communication, Banque du Canada, Ottawa (Ontario), Canada, K1A 0G9 ou d'adresser tout message électronique à : publications@bank-banque-canada.ca.

## D4

Source: Statistics Canada

Data on Table D4 are drawn from the Statistics Canada publication *Quarterly Financial Statistics for Enterprises* (Catalogue 61-008). Consistent with that publication, the balance sheets of life insurers (including accident and sickness branches) are presented separately from the balance sheets of the segregated funds of life insurers.

Beginning 1999Q1, data have been reclassified by Statistics Canada according to the North American Industry Classification System (NAICS). Consistent with this reclassification the life insurance data are made up of direct life, health and medical insurance carriers, and life reinsurance.

- *Cash and deposits* include cash on hand as well as demand and term deposits.
- *Provincial and municipal securities* include guaranteed securities.
- *Actuarial liabilities* include insurance and annuity liabilities to policyholders.

## D5

Source: Statistics Canada

Data are drawn from the Statistics Canada publication *Quarterly Financial Statistics for Enterprises* (Catalogue 61-008). The quarterly balance sheet statements give estimates for the entire industry group as it existed in the quarter under consideration. Because of changes in the structure of the industry group due to mergers, consolidations, spinoffs, reclassification of companies into or out of the group, etc., the data are not always strictly comparable and should be used with caution when changes are examined over time.

Investment funds are set up to invest in a portfolio of various types of securities, to sell shares or units to the public at a price fixed in relation to net asset value, and to redeem any shares held at net asset value. The data do not include funds set up to operate pension plans, special non-resident-owned funds, investment clubs and other investment funds, the shares of which are not available to the general public. In the table, the investment portfolio of the group is shown at cost, while the market value of total assets is shown as a memo item. Prior to 1973, foreign currency swapped deposits were included in cash and demand deposits; since 1973, they have been included in holdings of term deposits.

Beginning 1999Q1, data have been reclassified by Statistics Canada according to the North American Industry Classification System (NAICS). Consistent with this reclassification the investment fund data consist of total open-end investment funds.

- *Cash and demand deposits* are cash on hand and demand deposits in Canadian and foreign currencies.
- *Other short-term paper and bankers' acceptances* are notes issued by sales finance companies, provincial and municipal treasury bills and short-term notes.
- *Preferred and common shares* include investments in investment fund shares.
- *Foreign securities* include foreign preferred and common shares and other foreign securities.
- *Other assets* include accrued interest and dividends receivable, amounts due from brokers and other assets not included elsewhere.
- *Unitholders' equity* includes share capital and retained earnings and related gains.

## D4

Source : Statistique Canada

Les données du Tableau D4 sont tirées de la publication *Statistiques financières trimestrielles des entreprises* (no 61-008 au catalogue). Conformément à cette publication, les bilans des compagnies d'assurance vie (comprenant les branches accidents et maladie) sont présentés séparément des bilans des fonds réservés de ces compagnies.

Depuis le premier trimestre de 1999, Statistique Canada classe les données en fonction du Système de classification des industries de l'Amérique du Nord (SCIAN). Conformément à cette nouvelle classification, les données concernant l'assurance vie se rapportent aux sociétés d'assurance directe (vie, maladie et soins médicaux) et aux sociétés de réassurance vie.

- *L'encaisse et les dépôts* englobent les fonds en caisse ainsi que les dépôts à vue et à terme.
- *Les titres des provinces et des municipalités* comprennent les titres garantis par ces administrations.
- *Les engagements actuariels* comprennent les engagements envers les titulaires de polices au titre des assurances et des rentes.

## D5

Source : Statistique Canada

Les données du Tableau D5 sont tirées de la publication *Statistiques financières trimestrielles des entreprises* (n° 61-008 au catalogue). Les chiffres des situations trimestrielles sont des estimations pour l'ensemble des établissements existant aux trimestres indiqués. Par suite des modifications des institutions consécutives notamment aux fusions, consolidations et dédoublements d'entreprises ainsi qu'à l'ajout ou à l'élimination d'établissements, les différentes séries ne sont pas toujours strictement comparables et il convient d'être prudent lorsqu'on étudie l'évolution à long terme de ces données.

Les sociétés de placement investissent leurs fonds dans des valeurs mobilières de différents types et vendent et rachètent leurs propres actions ou parts à un prix qui est fonction de la valeur de l'actif net par action ou part. Les données ne comprennent pas les fonds liés à des régimes de retraite, ceux des sociétés spéciales appartenant à des non-résidents, les clubs d'investissement et autres sociétés de placement dont les actions ne sont pas placées auprès du public. Le tableau indique le coût d'acquisition du portefeuille; la valeur marchande de l'ensemble des avoirs est mentionnée pour mémoire. Avant 1973, les dépôts swaps en devises étaient compris au poste *Encaisse et dépôts à vue*; depuis 1973, ils sont groupés avec les *dépôts à terme*.

Depuis le premier trimestre de 1999, Statistique Canada classe les données en fonction du Système de classification des industries de l'Amérique du Nord (SCIAN). Conformément à cette nouvelle classification, les données concernant les fonds de placement se rapportent à l'ensemble des sociétés de placement à capital variable.

- Le poste *Encaisse et dépôts à vue* comprend les espèces et les dépôts à vue en dollars canadiens ou en monnaies étrangères.
- Le poste *Autre papier à court terme et acceptations bancaires* comprend les billets émis par les sociétés de financement, les bons du Trésor des provinces et des municipalités et les billets à court terme.
- *Les actions privilégiées ou ordinaires* comprennent les actions des sociétés de placement.
- *Les titres étrangers* comprennent les actions étrangères privilégiées ou ordinaires et d'autres titres étrangers.
- *Les autres éléments de l'actif* comprennent les intérêts et dividendes courus, les créances sur les courtiers et divers avoirs qui ne figurent pas à d'autres postes.
- *L'avoir propre des détenteurs de parts* comprend le capital versé et les bénéfices non répartis ainsi que les plus-values réalisées.

## E1

Sources: Bank of Canada, Statistics Canada, *Globe Information Services*

- *Currency outside banks* includes Bank of Canada notes and coin in circulation. Holdings of notes are calculated by deducting the amount held by the chartered banks from the total amount of notes outstanding. The amount of coin in circulation outside banks is obtained by deducting coin held by the chartered banks and the Bank of Canada from the total amount outstanding as reported by the Royal Canadian Mint. • *Chartered bank net demand deposits* are Canadian dollar gross demand deposits net of estimated private sector float.

- *Adjustments to M1*, which are included in *Gross M1*, include continuity adjustments as well as adjustments for demand deposits of other chartered banks.

- *Adjustments to M2* include continuity adjustments as well as notice deposits of other chartered banks.

- *Adjustments to M3* include continuity adjustments as well as term deposits of other chartered banks.

- Until January 2000, data for *trust and mortgage loan companies* for months between quarter-ends are estimated by a combination of interpolation of quarterly Statistics Canada data supplemented by some available monthly data. Since that time, data for the months between quarter-ends are derived using linear interpolation.

- Data for *credit unions and caisses populaires* for months between quarter-ends are estimated using monthly data obtained from the larger provincial centrals and federations.

- Data for *life insurance company individual annuities* are created from quarterly Canadian Life and Health Insurance Association data. Data for the months between quarter-ends are derived using linear interpolation.

- *Personal deposits at government-owned savings institutions* include personal deposits at Alberta Treasury Branches and total deposits at Province of Ontario Savings offices.

- Data for *money market mutual funds* represent the assets of funds that primarily invest in Canadian dollar-denominated short-term money market instruments. These data are obtained from *Globe Information Services*.

- *Adjustments to M2+* include continuity adjustments as well as credit union and caisse populaire share capital, less the sum of Receiver General deposits at trust and mortgage loan companies, trust and mortgage loan company holdings of currency and demand and notice deposits with other deposit-taking institutions, and credit union and caisse populaire holdings of currency and demand and notice deposits with other deposit-taking institutions (other than provincial centrals and federations).

- Data for *non-money market mutual funds* represent the assets of funds that invest in a wide range of Canadian or foreign financial instruments. The series is an estimate of cumulative net inflows into these funds. It is estimated at the Bank using market and unit values of mutual funds obtained from *Globe Information Services*.

- M1+ consists of Gross M1 plus chequable notice deposits held at chartered banks plus all chequable deposits at trust and mortgage loan companies, credit unions and caisses populaires (excluding deposits of these institutions) plus continuity adjustments.

- M1++ consists of M1+ plus non-chequable notice deposits held at chartered banks, trust and mortgage loan companies, and credit unions and caisses populaires less interbank non-chequable notice deposits plus continuity adjustments.

## E1

Sources : Banque du Canada, Statistique Canada, *Globe Information Services*

- Le poste *Monnaie hors banques* comprend les billets de la Banque du Canada et la monnaie métallique en circulation. Pour obtenir le montant des billets détenus par le public, on soustrait de l'encours des billets le montant détenu par les banques à charte. Le montant des pièces de monnaie hors banques s'obtient en déduisant le montant détenu par les banques à charte et par la Banque du Canada de l'encours global des pièces donné par la Monnaie royale canadienne. • Le poste *Dépôts à vue nets aux banques à charte* indique le montant brut des dépôts à vue en dollars canadiens dont a été déduit le montant estimé des effets du secteur privé en compensation.

- Les *ajustements à M1*, principal élément de *M1 brut*, englobent les corrections effectuées pour assurer la continuité des données et pour tenir compte des dépôts à vue d'autres banques à charte.

- Les *ajustements à M2* comprennent les corrections effectuées pour assurer la continuité des données et pour tenir compte des dépôts à préavis d'autres banques à charte.

- Les *ajustements à M3* comprennent les corrections effectuées pour assurer la continuité des données et pour tenir compte des dépôts à terme d'autres banques à charte.

- Jusqu'en janvier 2000, les données relatives aux *sociétés de fiducie ou de prêt hypothécaire* pour les mois compris entre les fins de trimestre étaient établies en interpolant à partir des chiffres trimestriels fournis par Statistique Canada et en se fondant sur certaines données mensuelles. Depuis, les données relatives à ces mois sont obtenues exclusivement par interpolation linéaire.

- Les données relatives aux *caisses populaires et credit unions* pour les périodes comprises entre les fins de trimestre sont estimées à partir des chiffres mensuels fournis par les grandes centrales et fédérations provinciales.

- Les données relatives aux *compagnies d'assurance vie (rentes individuelles)* sont estimées à partir des données trimestrielles fournies par l'Association canadienne des compagnies d'assurance de personnes. Les données pour les périodes comprises entre les fins de trimestre sont obtenues par interpolation linéaire.

- Le poste *Dépôts des particuliers aux caisses d'épargne publiques* comprend les dépôts des particuliers dans les succursales du Trésor de la province de l'Alberta et l'ensemble des dépôts de la Caisse d'épargne de l'Ontario.

- Les chiffres des *fonds communs de placement du marché monétaire* représentent les sommes investies principalement dans les instruments à court terme en dollars canadiens du marché monétaire. Ces chiffres sont tirés du *Globe and Mail*.

- Les données relatives aux *ajustements à M2+* englobent les corrections de continuité, le capital social des caisses populaires et des credit unions, déduction faite des dépôts du Receveur général dans les sociétés de fiducie ou de prêt hypothécaire, des avoirs en numéraire et dépôts à vue ou à préavis de ces dernières dans d'autres institutions de dépôt et des avoirs en numéraire et dépôts à vue ou à préavis détenus par les caisses populaires et les crédit unions dans des institutions de dépôt autres que les centrales ou les fédérations provinciales.

- Les chiffres des fonds communs de placement autres que ceux du marché monétaire représentent les sommes investies dans un vaste éventail d'instruments financiers canadiens ou internationaux. La série en question est une estimation des entrées nettes cumulatives dans ces fonds. Elle est réalisée à la Banque à partir des données relatives à la valeur de marché et au prix unitaire des fonds communs de placement tirées du *Globe Information Services*.

- M1+ comprend M1 brut plus les dépôts à préavis avec droit de tirage par chèque tenus dans les banques, tous les dépôts avec droit de tirage par chèque dans les sociétés de fiducie ou de prêt hypothécaire, les credit unions et les caisses populaires (desquels sont retranchés les dépôts de ces institutions), plus les corrections effectuées pour assurer la continuité des données.

- M1++ comprend M1+ plus les dépôts à préavis sans droit de tirage par chèque dans les banques, les sociétés de fiducie ou de prêt hypothécaire, les credit unions et les caisses populaires, moins les dépôts interbancaires à préavis non transférables par chèque, auxquels s'ajoutent les corrections de continuité.

## E2

Sources: Bank of Canada, Dominion Bond Rating Service, Montreal Trust Company of Canada, and Statistics Canada

Beginning 1999Q1, data from Statistics Canada have been reclassified according to the North American Industry Classification System (NAICS). Data for the period 1998Q1 have been estimated to be consistent with this classification. Information on the enterprises that comprise the NAICS group "non-depository credit intermediation" can be obtained from the Statistics Canada Web site: [www.statcan.ca/english/Subjects/Standard/index.htm](http://www.statcan.ca/english/Subjects/Standard/index.htm)

### Consumer credit

The consumer credit data published in the table show estimated amounts of consumer credit on the books of selected lenders. The data relate mainly to credit extended to individuals, but also include unidentifiable amounts of credit extended for non-consumer purposes. Credit extended through credit cards is included with the balances of the credit card issuer. The data do not include credit on the books of appliance and electronics stores; other retail outlets; motor vehicle dealers; public utilities; other credit card issuers not included elsewhere in the data; and credit card accounts of oil companies. Data on consumer credit on the books of these lenders are available up to December 1978 in the Statistics Canada publication *Consumer Credit* (Catalogue 61-004). In addition, data on loans between individuals or balances on bills owed to professional practitioners, clubs, hospitals or other personal service establishments are not included. Data for trust and mortgage loan companies since December 1989 include loans to unincorporated businesses and non-profit organizations.

- Data for *chartered banks* are based on monthly average data reported to the Bank of Canada.

- Until January 2000, data for *trust and mortgage loan companies* for months between quarter-ends are estimated by a combination of interpolation of quarterly Statistics Canada data supplemented by some available monthly data. Since that time, data for the months between quarter-ends are derived using linear interpolation.

- Data for *credit unions and caisses populaires* for months between quarter-ends are estimated using monthly data obtained from selected provincial centrals and federations.

- Data for *life insurance companies* include policy loans and are created from quarterly Statistics Canada data. Data for the months between quarter-ends are derived using linear interpolation.

- Data on *non-depository credit intermediaries and other institutions* include personal loans held by Alberta Treasury Branches and, until July 1999, consumer credit outstanding on the books of department stores as published in Statistics Canada's *Department Store Sales and Stocks* (Catalogue 63-002). Personal loans at Quebec savings banks for the period prior to September 1987 and personal loans held by La Financière Coopérants Inc. are included for the period prior to December 1991. Data for finance companies prior to January 1974 are obtained from the Statistics Canada publication *Consumer Credit* (Catalogue 61-004) and are not strictly comparable to data since January 1974 because of different estimation techniques. Since January 1970, finance company data have excluded outstanding loans for the financing of passenger cars used for commercial purposes and, since January 1971, the amounts shown have been net of unearned interest and finance charges.

- Data for *special purpose corporations (securitization)* include credit card loans, auto loans, and other personal loans that have been securitized.

- *Adjustments to consumer credit* include continuity adjustments. These include adjustments for securitization for the period January 1988 to November 1991.

## E2

Sources : Banque du Canada, Dominion Bond Rating Service, Compagnie Montréal Trust du Canada et Statistique Canada

Depuis le premier trimestre de 1999, Statistique Canada classe les données en fonction du Système de classification des industries de l'Amérique du Nord (SCIAN). Les données relatives à la période commencée au premier trimestre de 1988 ont été jugées conformes à cette classification. Le site Web de Statistique Canada ([http://www.statcan.ca/francais/Subjects/Standard/index\\_f.htm](http://www.statcan.ca/francais/Subjects/Standard/index_f.htm)) fournit des informations à propos des entreprises qui relèvent de la classe du SCIAN intitulée « Intermédiation financière non faite par le biais de dépôts ».

### Crédit à la consommation

Les données relatives au crédit à la consommation contenues dans le présent tableau indiquent l'encours estimatif du crédit à la consommation octroyé par certains prêteurs. Elles concernent essentiellement le crédit accordé aux particuliers, mais comprennent également des crédits de montant indéterminé consentis à des fins autres que la consommation. Le crédit sur cartes de crédit figure à l'encours global déclaré par les établissements qui ont émis ces cartes. Ces chiffres ne tiennent pas compte du crédit octroyé par les magasins spécialisés dans la vente d'appareils électroménagers et de matériel électronique, par les autres détaillants, par les concessionnaires d'automobiles, par les entreprises de services publics et par les sociétés émettrices de cartes de crédit non mentionnées ailleurs. Ils ne tiennent pas non plus compte du crédit octroyé par les compagnies pétrolières aux titulaires de leurs cartes de crédit. Les données relatives au crédit à la consommation consenti par ces prêteurs figurent dans *Crédit à la consommation* (n° 61-004 au catalogue de Statistique Canada); elles ne sont pas disponibles pour la période postérieure à décembre 1978. De plus, on ne dispose pas de données sur les prêts entre particuliers ni sur les dettes envers les membres des professions libérales, les clubs, les hôpitaux et d'autres établissements qui dispensent des services aux particuliers. Les données sur les sociétés de fiducie ou de prêt hypothécaire postérieures à décembre 1989 englobent les prêts aux entreprises individuelles et aux organismes à but non lucratif.

- Les données sur les *banques à charte* s'appuient sur les moyennes mensuelles fournies à la Banque du Canada.

- Jusqu'en janvier 2000, les données relatives aux *sociétés de fiducie ou de prêt hypothécaire* pour les mois compris entre les fins de trimestre étaient établies en interpolant à partir des chiffres trimestriels fournis par Statistique Canada et en se fondant sur certaines données mensuelles. Depuis, les données relatives à ces mois sont obtenues exclusivement par interpolation linéaire.

- Le crédit octroyé par les *caisses populaires et credit unions* pour les mois qui ne clôturent pas un trimestre est estimé à partir des données mensuelles fournies par certaines centrales et fédérations provinciales.

- Les données relatives aux *compagnies d'assurance vie* comprennent les avances sur polices et sont établies à partir des données trimestrielles fournies par Statistique Canada. Les données pour les mois compris entre les fins de trimestre sont obtenues par interpolation linéaire.

- Les données relatives aux *intermédiaires financiers autres que les institutions de dépôt* et aux *autres institutions* comprennent les prêts personnels consentis par les succursales du Trésor de l'Alberta et, jusqu'en juillet 1999, l'encours du crédit à la consommation accordé par les grands magasins et qui figure dans *Ventes et stocks des grands magasins* (n° 63-002 au catalogue de Statistique Canada). Les données antérieures à décembre 1991 comprennent les prêts personnels octroyés par les banques d'épargne du Québec avant septembre 1987 et les prêts personnels de la Financière Coopérants Inc. Les données antérieures à janvier 1974 relatives aux sociétés de financement sont tirées de *Crédit à la consommation* (n° 61-004 au catalogue de Statistique Canada) et diffèrent quelque peu de celles de la période postérieure à cause de l'adoption de nouvelles techniques d'estimation. Depuis janvier 1970, les montants indiqués ne comprennent plus les prêts octroyés en vue de l'achat de voitures particulières destinées à des fins commerciales; depuis janvier 1971, le montant des intérêts non courus et des commissions de financement n'est pas compris dans le chiffre de l'encours indiqué.

### Residential mortgage credit

The residential mortgage credit data published in the table show estimated amounts of residential mortgages outstanding at major private lenders and issued under the NHA-insured mortgage-backed securities program.

- Data for *chartered banks* include mortgages held by bank mortgage loan subsidiaries. The figures for the period prior to November 1981 will therefore differ from those appearing in Table C1, which did not consolidate the mortgage loan subsidiaries. (See the March 1983 *Review* for a description of the adjustments to consolidate the data for the period prior to November 1981.)

- Data for *trust and mortgage loan companies* exclude bank mortgage and trust subsidiaries. Until January 2000, data for months between quarter-ends are estimated by a combination of interpolation of quarterly Statistics Canada data supplemented by some available monthly data. Since that time, data for the months between quarter-ends are derived using linear interpolation.

- Data for *credit unions and caisses populaires* are estimated for months between quarter-ends using monthly data obtained from selected provincial centrals and federations.

- Data for *life insurance companies* include life branches, accident and sickness branches, and segregated funds. Residential mortgage holdings for dates other than quarter-ends are estimated by interpolation.

- Data for *pension funds* include both residential and non-residential mortgages.

- Data for *non-depository credit intermediaries and other financial institutions* include estimates for Alberta Treasury Branches, CMHC direct lending, investment funds, property and casualty insurers, central credit unions, and real estate investment trusts (for which data are available only from December 1972 up to and including June 1985). Residential mortgages held on the books of real estate investment trusts amounted to less than \$25 million in June 1985. Also included in these data are Quebec savings banks' residential mortgage holdings prior to September 1987 and residential mortgages held by La Financière Coopérants Inc. prior to December 1991.

- Data for *NHA mortgage-backed securities* represent the total amount outstanding of residential mortgages issued under the NHA-insured mortgage-backed securities program, as reported by the program trustee, Montreal Trust Company of Canada.

- Data for *special purpose corporations (securitization)* include non-NHA-insured mortgages that have been securitized and NHA mortgages that have been securitized outside of the NHA-insured mortgage-backed securities program.

### Business credit

The business credit data published in this table show the estimated amounts of business credit outstanding at major private lenders and the securities issued by non-financial businesses.

- Canadian dollar business loans held by chartered banks exclude reverse repurchase agreements and Canadian dollar loans to non-residents.

- Canadian dollar business loans data for *other institutions* include data for trust and mortgage loans companies, Alberta Treasury Branches, and estimates for credit unions and caisse populaires. Business loans and non-residential mortgages held by La Financière Coopérants Inc. are also included in these data for the period prior to December 1991.

- Data for *special purpose corporations (securitization)* include corporate loans and trade receivables that have been securitized.

- *Adjustments to short-term business credit* include chartered bank holdings of Canadian dollar loans to other chartered banks and foreign currency loans to the Government of Canada held by chartered banks. This series also includes adjustments to historical data to take into account discontinuities associated with the data on trust and

- Les données relatives aux *sociétés de titrisation* comprennent les prêts sur les cartes de crédit, les prêts-automobiles et les autres prêts personnels qui ont été titrisés.

- Les *ajustements au crédit à la consommation* comprennent les corrections effectuées pour assurer la continuité des données. Ils englobent les corrections effectuées pour tenir compte de l'incidence de la titrisation entre janvier 1988 et novembre 1991.

### Crédit hypothécaire à l'habitation

Les données relatives au crédit hypothécaire à l'habitation contenues dans le présent tableau sont les chiffres estimatifs de l'encours des prêts hypothécaires à l'habitation consentis par les principaux prêteurs privés en vertu du Programme des titres hypothécaires LNH.

- Les chiffres des *banques à charte* englobent les prêts hypothécaires accordés par les filiales spécialisées dans le crédit hypothécaire. Les chiffres de la période antérieure à novembre 1981 diffèrent de ceux du Tableau C1, car, avant cette date, les données des sociétés de prêt hypothécaire filiales des banques à charte n'étaient pas groupées avec celles de ces dernières. (On trouvera dans la livraison de mars 1983 de la *Revue* une explication des corrections apportées aux données de la période antérieure à novembre 1981.)

- Les données concernant les *sociétés de fiducie ou de prêt hypothécaire* ne comprennent pas celles se rapportant aux sociétés hypothécaires filiales des banques à charte. Jusqu'en janvier 2000, les données relatives aux mois compris entre les fins de trimestre étaient établies en interpolant à partir des chiffres trimestriels fournis par Statistique Canada et en se fondant sur certaines données mensuelles. Depuis, les données relatives à ces mois sont obtenues exclusivement par interpolation linéaire.

- Les données relatives aux *caisses populaires et credit unions* pour les mois qui ne clôturent pas un trimestre sont estimées à partir des chiffres mensuels fournis par certaines centrales et fédérations provinciales.

- Le poste *Compagnies d'assurance vie* comprend les données des branches vie, accidents et maladies et les fonds réservés. Les prêts hypothécaires à l'habitation aux dates autres que les fins de trimestre sont des estimations faites par interpolation.

- Les données des *caisses de retraite* comprennent tant les prêts hypothécaires à l'habitation que les autres prêts hypothécaires.

- Les données relatives aux *intermédiaires financiers autres que les institutions de dépôt et aux autres institutions financières* comprennent les chiffres estimatifs des succursales du Trésor de l'Alberta, ceux relatifs aux prêts directs de la SCHL ainsi que ceux des fonds de placement, des compagnies d'assurance biens et d'assurance contre risques divers, des centrales de credit unions et des sociétés fiduciaires de placement immobilier (uniquement pour la période comprise entre décembre 1972 et juin 1985 inclusivement). L'encours des prêts hypothécaires à l'habitation consentis par les sociétés fiduciaires de placement immobilier était inférieur à 25 millions de dollars en juin 1985. Ces données comprennent également l'encours des prêts hypothécaires à l'habitation octroyés, pour la période antérieure à septembre 1987, par les banques d'épargne du Québec, et les prêts hypothécaires à l'habitation de la Financière Coopérants Inc. pour la période antérieure à décembre 1991.

- Les données relatives aux *titres hypothécaires garantis en vertu de la LNH* et fournies par la Compagnie Montréal Trust du Canada, fiduciaire du programme, représentent l'encours global des prêts hypothécaires à l'habitation accordés en vertu du Programme LNH.

- Les données relatives aux *sociétés de titrisation* comprennent les prêts hypothécaires non garantis en vertu de la LNH qui ont été titrisés et les prêts hypothécaires garantis en vertu de la LNH qui ont été titrisés mais non dans le cadre du Programme des titres hypothécaires LNH.

### Crédits aux entreprises

Les chiffres relatifs aux crédits aux entreprises sont des estimations de l'encours du crédit qui leur est accordé par les principaux prêteurs du secteur privé et de l'encours des titres émis par des entreprises non financières.

- Les données relatives aux *prêts en dollars canadiens* consentis par les banques à charte excluent les prêts en pension et les prêts en dollars canadiens accordés aux non-résidents.

mortgage loan companies' holdings of business loans, which are not readily available for the period prior to January 1984.

- *Leasing receivables* at finance companies include automobile leases classified as financial leases but exclude operating leases.
- *Other business credit* includes the outstanding bonds and shares of non-financial businesses.
- Data for *special purpose corporations (securitization)* include leasing receivables and non-residential mortgages which have been securitized.
- *Adjustments to other business credit* include adjustments to the historical data to account for discontinuities associated with data on trust and mortgage loan companies' holdings of non-residential mortgages and leasing receivables, which are not readily available for the period prior to January 1984. Adjustments for securitization are included for the period January 1985 to February 1988.

## F2

Sources: Bank of Canada, Dominion Bond Rating Service, Statistics Canada

Treasury bills and other short-term paper include instruments with an original term of one year or less. The data do not include bills and notes placed with parent or affiliated companies. Corporate data exclude notes placed directly with chartered banks. Short-term loans from Canadian and foreign banks are not included in the statistics.

- Data for *Total commercial paper* outstanding are produced by the Dominion Bond Rating Service (DBRS) commencing in November 1993. Prior to that date, data were produced through a survey of commercial paper issuers conducted by the Bank of Canada. It is estimated that a high proportion of all paper issued in Canada is covered by the DBRS survey.
- Short-term paper issued by consumer loan and sales finance companies and by federal government business enterprises are included in total commercial paper. Asset-backed commercial paper is included in commercial paper issued by financial corporations. Commercial paper issued by non-financial corporations is included in short-term business credit as presented in Table E2. A breakdown between Canadian dollar and U.S. dollar commercial paper outstanding is presented commencing in November 1996 (prior to that date, sufficiently complete information was not available to estimate that split). Data from the discontinued Bank of Canada survey with respect to commercial paper denominated in foreign currency is available on CANSIM.
- Total commercial paper commencing in November 1993 includes only issues placed in Canada by Canadian borrowers. Issues by foreign borrowers in the Canadian market are shown separately as an addendum. The data prior to November 1993 produced from the Bank of Canada survey may include some issues placed outside Canada.
- For the period before November 1981, *bankers' acceptances* figures refer to the

- Les données relatives aux prêts en dollars canadiens consentis par d'autres institutions se rapportent aux activités des sociétés de fiducie ou de prêt hypothécaire ainsi que des succursales du Trésor de l'Alberta et comprennent des chiffres estimatifs concernant les caisses populaires et les crédit unions. • Les prêts aux entreprises et les prêts hypothécaires sur immeubles non résidentiels octroyés par la Financière Coopérants Inc. sont compris dans les données de la période antérieure à décembre 1991.
- Les données relatives aux sociétés de titrisation comprennent les prêts aux sociétés et les comptes-clients qui ont été titrisés.
- Les ajustements aux crédits à court terme aux entreprises comprennent les prêts interbancaires en dollars canadiens et les prêts en devises étrangères consentis au gouvernement canadien par les banques à charte. Ces données ont également été ajustées par rapport aux données rétrospectives pour tenir compte des ruptures liées aux créances résultant de prêts accordés aux entreprises par les sociétés de fiducie ou de prêt hypothécaire, données qui sont difficiles à obtenir pour la période antérieure à janvier 1984.
- Les créances résultant du crédit-bail que détiennent les sociétés de financement comprennent les contrats de crédit-bail automobile appartenant à la catégorie des baux financiers mais excluent les baux de fonctionnement.
- Les autres crédits aux entreprises comprennent l'encours des obligations et les actions en circulation d'entreprises non financières.
- Les données relatives aux sociétés de titrisation comprennent les créances résultant du crédit-bail et les crédits hypothécaires sur immeubles non résidentiels qui ont été titrisés.
- Ajustements aux autres crédits aux entreprises. Les données relatives aux autres crédits aux entreprises ont été ajustées par rapport aux données rétrospectives pour tenir compte des ruptures liées aux crédits hypothécaires non-résidentiels et aux créances résultant du crédit-bail consenti par les sociétés de fiducie ou de prêt hypothécaire, données qui sont difficiles à obtenir pour la période antérieure à janvier 1984. Les corrections effectuées pour tenir compte de l'incidence de la titrisation concernent la période allant de janvier 1985 à février 1988.

## F2

Sources : Banque du Canada, Dominion Bond Rating Service et Statistique Canada

Les bons du Trésor et les autres effets à court terme n'englobent que les instruments dont l'échéance initiale ne dépasse pas un an. Les données ne comprennent pas les bons ni les billets placés auprès de sociétés mères ou affiliées, ni, dans le cas des sociétés, les billets négociés directement avec des banques à charte. Les emprunts à court terme auprès de banques canadiennes et étrangères ne sont pas compris dans les données.

- Les données relatives à l'encours total du papier commercial sont produites par le Dominion Bond Rating Service (DBRS) depuis novembre 1993. Avant cette date, les données étaient recueillies au moyen d'une enquête menée par la Banque du Canada auprès des émetteurs de papier commercial. On estime que l'enquête de DBRS recense une large proportion du papier commercial émis au Canada.
- L'encours total du papier commercial comprend le papier à court terme émis par les sociétés de financement ou de prêt à la consommation et les entreprises du gouvernement fédéral. Le papier commercial émis par les sociétés financières comprend le papier commercial adossé à des actifs. Les crédits à court terme aux entreprises (Tableau E2) comprennent le papier commercial émis par les sociétés non financières. Depuis novembre 1996, l'encours du papier commercial est ventilé en titres libellés en dollars canadiens et en dollars É.-U. (Avant cette date, l'information n'était pas suffisamment complète pour effectuer une telle ventilation). Les données provenant de l'ancienne enquête de la Banque du Canada sur le papier commercial libellé en monnaies étrangères figurent au fichier CANSIM.
- L'encours total du papier commercial depuis novembre 1993 ne comprend que les émissions placées au Canada par les emprunteurs canadiens. Les émissions placées par les emprunteurs étrangers au Canada sont indiquées séparément pour mémoire. Les données de l'enquête de la Banque du Canada antérieures à novembre 1993 peuvent englober les données portant sur certaines émissions placées à l'extérieur du Canada.
- Acceptations bancaires. Avant novembre 1981, les chiffres retenus étaient ceux de l'encours au

amount outstanding for the last Wednesday of the month. From that month, the data are as of the last business day of each period.

\* *Total treasury bills and other short-term paper of provincial governments and their enterprises and municipal governments* exclude the bills and notes placed in the accounts of the respective provinces and municipalities. The treasury bills and notes issued are largely payable in Canadian dollars; however, the statistics include some short-term notes payable in foreign currencies. Since November 1981, these data have included bills and paper of provincial governments and their enterprises sold directly to chartered banks.

## F4-F10

Source: Bank of Canada, Montreal Trust Company of Canada, and Dominion Bond Rating Service.

Data shown are subject to revision. These series cover all public issues as well as most private placements with an original term to maturity of more than one year. The data for all levels of government include guaranteed issues. Effective 5 November 1986, there has been an accounting change in the treatment of Canada Savings Bonds sold on the Payroll Savings Plan. These bonds are now gradually included in outstandings, as payroll deductions are remitted over the contract period. Previously, the total amount of payroll sales was included in outstandings in November. Data on the net amount of Canadian dollar bond issues placed abroad by provincial-municipal governments, financial corporations and non-financial corporations are available on a semi-annual basis from 1974 and may be obtained from the Bank of Canada's Department of Monetary and Financial Analysis.

Prior to 31 December 1971, Government of Canada issues payable in foreign currencies were converted into Canadian dollars at the following rates: from 30 September 1950 to 3 May 1962, U.S.\$1.00 = \$1.00, thereafter, U.S.\$1.00 = \$1.081; from 30 September 1950 to 3 May 1962, £1 = \$2.800; from 3 May 1962 to 18 November 1967, £1 = \$3.027, thereafter, £1 = \$2.595; prior to 26 October 1969, 1DM = \$0.270, thereafter, 1DM = \$0.295; from 15 May 1968 to 24 June 1970, 1 lira = \$0.00173. Since 31 December 1971, Government of Canada issues payable in foreign currencies have been converted into Canadian dollars at the noon spot rate of the day of delivery. All other issues payable in foreign currencies have been converted into Canadian dollars at the average noon market rate for the month. In the case of optional-pay issues, the option most favourable to the lender has been used. Data on gross new issues, retirements and net new issues of Government of Canada securities and provincial and corporate bonds are available quarterly from 1935; data on gross new bond issues placed in foreign markets, both total foreign bond issues and bond issues placed in the United States, are available from 1960. Data on NHA mortgage-backed securities (MBS) are available from 1987, and data on other term securities issued by special purpose corporations are available from 1994.

\* *Provincial bonds* include issues purchased by provincial accounts and with Quebec Pension Plan funds.

\* *Municipal bonds* do not include issues guaranteed by the provinces (already included in provincial bonds) nor issues sold directly to provinces and their agencies, which are shown in Table F8. The quarterly data for municipal retirements are estimated by pro-rating annual estimates and including partial data for large municipalities when available.

\* *Corporate bonds* include all issues of Canadian corporations and issues of federal government business enterprises, with the exception of finance company and commercial paper with an original term to maturity of one year or less, and issues sold to a parent company, whether this parent is incorporated in Canada or abroad. \* *Preferred and common stocks* are shown at offering prices, and retirements at the actual amount paid by

dernier mercredi du mois. Depuis lors, les données sont celles de l'encours au dernier jour ouvrable de la période.

\* *Les bons du Trésor et autres effets à court terme* émis par les provinces et entreprises provinciales et par les municipalités ne comprennent pas les bons du Trésor ni les billets achetés par les comptes des provinces ou des municipalités intéressées. Les bons du Trésor et les billets sont, dans la majorité des cas, libellés en dollars canadiens, mais les statistiques englobent également un certain montant de billets à court terme libellés en monnaies étrangères. Depuis novembre 1981, elles comprennent aussi les bons et le papier émis par les provinces et leurs entreprises et vendus directement aux banques à charte.

## F4-F10

Source : Banque du Canada, Compagnie Montréal Trust du Canada et Dominion Bond Rating Service

Les données des Tableaux F4-F10 sont sujettes à révision. Elles englobent toutes les émissions publiques à échéance initiale de plus d'un an et la plupart des émissions du même genre placées à titre privé. Les emprunts du gouvernement canadien, des provinces et des municipalités comprennent les obligations émises sous garantie de ces derniers. Depuis le 5 novembre 1986, une modification d'ordre comptable a été apportée au traitement des obligations d'épargne vendues selon le Mode d'épargne sur le salaire. Les montants de ces obligations sont maintenant ajoutés à l'encours de ces titres à mesure que se font les retenues sur le salaire; ces retenues sont étalées sur la durée des contrats. Auparavant, la valeur totale des ventes selon le Mode d'épargne sur le salaire était ajoutée à l'encours de ces titres en novembre. Les intéressés peuvent se procurer au département des Études monétaires et financières de la Banque du Canada les données relatives aux émissions nettes d'obligations en dollars canadiens placées à l'étranger par les provinces, les municipalités, les sociétés financières et non financières. Il s'agit là de statistiques semestrielles remontant à 1974.

Avant le 31 décembre 1971, la valeur nominale des émissions du gouvernement canadien libellées en monnaies étrangères était convertie en dollars canadiens aux cours suivants : du 30 septembre 1950 au 3 mai 1962, 1 \$ É.-U. = 1 \$; par la suite, 1 \$ É.-U. = 1,081 \$; du 30 septembre 1950 au 3 mai 1962, 1 £ = 2,800 \$; du 3 mai 1962 au 18 novembre 1967, 1 £ = 3,027 \$; par la suite 1 £ = 2,595 \$; avant le 26 octobre 1969, 1 DM = 0,270 \$; par la suite, 1 DM = 0,295 \$; du 15 mai 1968 au 24 juin 1970, 1 Lit = 0,00173 \$. Depuis le 31 décembre 1971, cette conversion s'effectue au cours du comptant à midi le jour de la livraison. Pour toutes les autres émissions libellées en monnaies étrangères, on utilise comme taux de conversion la moyenne mensuelle des cours du change à midi. Dans le cas des titres payables en dollars canadiens ou en une autre devise, l'option la plus favorable aux prêteurs a été retenue. Les statistiques relatives aux opérations suivantes sont disponibles sur une base trimestrielle à partir de 1935 : émissions brutes, rachats et émissions nettes de titres du gouvernement canadien ainsi que d'obligations des provinces et des sociétés. Les statistiques des émissions brutes d'obligations placées sur les marchés étrangers, à savoir le montant global et le montant de la tranche placée aux États-Unis, remontent à 1960. Les statistiques relatives aux titres hypothécaires garantis en vertu de la LNH remontent à 1987, et celles des autres titres à terme émis par des sociétés spécialisées sont disponibles à partir de 1994.

\* *Les obligations des provinces* comprennent les titres achetés par une province ou avec des fonds provenant du Régime de rentes du Québec.

\* *Les obligations des municipalités* ne comprennent ni les titres émis sous la garantie d'une province, ceux-ci étant recensés comme obligations des provinces, ni les titres vendus directement aux provinces ou à leurs agences, lesquels sont recensés au Tableau F8. Les données trimestrielles concernant les remboursements des titres des municipalités sont des données estimatives que l'on a obtenues en divisant par quatre le montant des remboursements prévus pour l'année entière et en ajoutant, le cas échéant, des données partielles pour certaines grosses municipalités.

\* *Les obligations des sociétés* englobent toutes les émissions de sociétés canadiennes et les émissions des entreprises du gouvernement fédéral, à l'exclusion toutefois du papier émis par les sociétés de financement et du papier commercial dont l'échéance à l'émission ne dépasse pas un an, ainsi que les émissions vendues à la société mère, que cette dernière soit constituée au Canada ou à l'étranger. \* *Les actions privilégiées ou ordinaires* figurent au prix d'émission, et les rachats, au prix effectivement payé par la société intéressée. En vertu de l'article 91 de la Loi sur les compagnies d'assurance-vie canadiennes et

the corporation. Pursuant to section 91 of the Canadian and British Insurance Companies Act, common stock retirements do not include purchases by life insurance companies of their own stock. Common stock retirements in 1961 and 1964 reflect the distribution by British Columbia Power Corporation to shareholders of funds received from the Province of British Columbia in payment for the common and preferred shares of British Columbia Electric Company Limited; the data reflect in 1963 the purchase by Quebec Hydro of privately owned hydro-electric companies, and in 1972 the purchase by the Nova Scotia Power Commission of Nova Scotia Light and Power Company Limited.

- Data for *NHA mortgage-backed securities* represent securitizations issued under the NHA MBS program, as reported by the program trustee, Montreal Trust Company of Canada.

- Data for other *term securitizations* represent other term securities issued by special purpose corporations.

- For *short-term paper* see the note to Table F2.

- Effective 5 February 1997, data on Canada Savings Bonds outstanding have been combined with data on Canada RRSF Bonds outstanding under the heading *Canada Savings Bonds and other retail instruments*. Separate series for Canada Savings Bonds and Canada RRSF Bonds are available on the CANSIM data base. (Tables F4 and F5).

- Effective September 1997, two new components, Canada Notes and Euro Medium-Term Notes (dating March 1996 and July 1997, respectively) were included with existing bond series in the Tables F4, F6, and F7.

- Transactions of *other institutions and foreign borrowers* (Table F9) include issues of Canadian religious and other institutions and issues placed in Canada by foreign borrowers. New issues of foreign borrowers amounted to \$20 million in 1961, \$5 million in 1964, \$25 million in the first quarter, and \$7 million in the fourth quarter of 1965, \$20 million in 1966, \$20 million in 1967, \$15 million in 1968, \$25 million in 1971, \$20 million in 1972, and \$20 million in 1975. Issues by foreign borrowers have been retired throughout the period covered. In Table F6, the small amount of security issues of institutions placed abroad has been included in the total.

- *Financial corporations* (Table F10) include the finance company subsidiaries of automobile companies; to the end of 1972, all other subsidiary companies engaged in financing the parent companies' sales are classified with the parent company; from 1973 on, they are classified as financial.

## G4-G7

Source: Bank of Canada

Since 31 December 1971, issues payable in foreign currencies have been converted into Canadian dollars at the closing spot rate as at the last business day of the calendar quarter. Holdings are shown at par value where available, in other cases at book value.

- *Government of Canada accounts* (Tables G4 and G5). These tables include the Securities and Investment Account, the Purchase Fund, and the federal non-marketable bonds issued to the Canada Pension Plan Investment Fund.

- *General public holdings* (Table G4) of treasury bills and marketable bonds are obtained as a residual. The category *general public* includes other central banks, chartered banks, non-bank-owned investment dealers, other non-bank financial institutions and other resident and non-resident holders. A more detailed breakdown of these holdings is shown in Table G5 under the heading *general public*.

- The holdings of all *life insurance companies* are available quarterly from Statistics Canada. The monthly distribution is estimated from a monthly survey of 11 major companies.

*britanniques*, les rachats d'actions ordinaires ne comprennent pas le rachat, par une compagnie d'assurance-vie, de ses propres actions. Ont été considérés comme des achats d'actions, en 1961 et en 1964, la distribution par la British Columbia Power Corporation à ses actionnaires des fonds qu'elle avait reçus de la province de la Colombie-Britannique en paiement des actions ordinaires et privilégiées de la British Columbia Co. Ltd, en 1963, l'achat par Hydro-Québec d'entreprises hydro-électriques privées et, en 1972, l'achat par la Nova Scotia Power Commission de la Nova Scotia Light and Power Company Limited.

- Les données relatives aux *titres hypothécaires garantis en vertu de la LNH* se rapportent aux opérations de titrisation effectuées dans le cadre du Programme des titres hypothécaires LNH et sont déclarées par le fiduciaire de ce programme, la Compagnie Montréal Trust du Canada.

- Les autres données relatives à la *titrisation à terme* concernent les autres titres à terme émis par des sociétés spécialisées.

- Les renseignements sur le *papier à court terme* se trouvent dans les notes relatives au Tableau F2.

- À compter du 5 février 1997, les données relatives à l'encours des obligations d'épargne du Canada et des obligations REER du Canada sont combinées sous la rubrique *Obligations d'épargne du Canada et autres titres de placement au détail*. Les données des obligations d'épargne du Canada et celles des obligations REER du Canada sont versées séparément au fichier CANSIM. (Tableaux F4 et F5)

- À compter de septembre 1997, deux nouvelles séries portant sur les billets du Canada et les euro-billets à moyen terme (dont les premières données remontent à mars 1996 et à juillet 1997 respectivement) sont combinées aux séries existantes relatives aux obligations dans les Tableaux F4, F6 et F7.

- Les opérations des *autres institutions et emprunteurs étrangers* (Tableau F9) comprennent les émissions d'institutions canadiennes (religieuses ou autres) et les émissions placées au Canada par des emprunteurs étrangers. Ces dernières ont atteint 20 millions de dollars en 1961, 5 millions en 1964, 32 millions en 1965 (soit 25 millions au premier trimestre et 7 millions au quatrième), 20 millions en 1966, 20 millions en 1967, 15 millions en 1968, 25 millions en 1971, 20 millions en 1972 et 20 millions en 1975. Dans le cas des emprunteurs étrangers, il y a eu des remboursements tout au long de la période indiquée. Le faible montant des titres émis par les institutions et placés à l'étranger a été incorporé à la rubrique *Total du Tableau F6*.

- Les *sociétés financières* (Tableau F10) comprennent les sociétés de financement filiales des constructeurs de véhicules automobiles; jusqu'à la fin de 1972, les statistiques relatives à toutes les autres filiales qui ont pour objet de financer les ventes des sociétés mères sont comprises dans celles des sociétés mères; à partir de 1973, ces filiales sont considérées comme des entreprises financières.

## G4-G7

Source : Banque du Canada

Depuis le 31 décembre 1971, la conversion en dollars canadiens des titres payables en devises s'effectue au cours du comptant à la clôture le dernier jour ouvrable de mars, de juin, de septembre ou de décembre, selon le cas. Les titres figurent à leur valeur nominale, lorsqu'elle est connue, ou à leur valeur comptable dans le cas contraire.

Le poste *Comptes du gouvernement canadien* (Tableaux G4 et G5) comprend les portefeuilles du Fonds de placement du gouvernement et du Fonds de rachat ainsi que les obligations non négociables du gouvernement fédéral émises à l'intention du Fonds de placement du Régime de pensions du Canada.

- On a obtenu le montant des portefeuilles du *Public* (Tableau G4) de bons du Trésor et d'obligations négociables en déduisant de l'encours global le montant des autres portefeuilles. Figurent dans la catégorie *Public* les banques centrales étrangères, les banques, les maisons de courtage de valeurs mobilières appartenant à des établissements non bancaires, les autres institutions financières non bancaires et les autres détenteurs au Canada et à l'étranger. Une ventilation plus complète de ces titres figure à la rubrique *Public* du Tableau G5.

- Les données concernant les portefeuilles de l'ensemble des *compagnies d'assurance-vie* sont publiées tous les trimestres par Statistique Canada. Les répartitions mensuelles sont des estimations qui se fondent sur une enquête mensuelle menée auprès de 11 grandes sociétés.

• *Non-depository credit intermediaries* (Table G5). Information on these enterprises can be obtained from the Statistics Canada Web site: [www.statcan.ca/english/Subjects/Standard/index.htm](http://www.statcan.ca/english/Subjects/Standard/index.htm)

• Holdings of *trusted pension funds* (Table G5) are obtained from the annual Statistics Canada survey entitled *Trusted Pension Funds* (Catalogue 74-201). An estimate is provided for 1991 because the survey was not conducted in that year.

• Effective 5 November 1986, there was an accounting change in the treatment of *Canada Savings Bonds* sold on the Payroll Savings Plan to non-federal government employees. These bonds are now gradually included in outstandings as payroll deductions are remitted over the contract period. Previously, the total amount of payroll sales was included in outstandings in November. The total amount of Canada Savings Bonds being purchased on the payroll plan by federal government employees is included in outstandings in November.

*Total loans and drawings under standby facilities* include drawings outstanding on the standby credit facilities with Canadian banks and with foreign banks; term loans are foreign currency loans arranged with foreign banks and other financial institutions.

• *Total securities and loans outstanding* include a small amount of matured securities outstanding.

• Prior to 1975, general public holdings of bonds 3 years and under, 3 to 5 years, 5 to 10 years, and 10 years and over (Table G7) exclude chartered banks.

• Effective 5 February 1997, data on Canada Savings Bonds outstanding have been combined with data on Canada RRSP Bonds outstanding under the heading *Canada Savings Bonds and other retail instruments*. Separate series for Canada Savings Bonds and Canada RRSP Bonds are available on the CANSIM data base.

• Effective September 1997, two new components, Canada Notes and Euro Medium-Term Notes (dating March 1996 and July 1997, respectively) were included with existing bond series.

## K11

Source: Department of Finance

The Canadian dollar equivalents of the Exchange Fund Account's holdings of gold, SDRs and foreign exchange assets from 1963 to 1969 are based on the official parity rate established on 2 May 1962 of U.S.\$1.00 = \$1.08108. For other years, the Canadian dollar equivalents are calculated on the basis of closing exchange rates for the currencies and the SDR as shown in Table I1 of the *Review*. Investments are reported at the lower of the adjusted cost or market value, including accrued earnings.

• *Obligations of the IMF* are obligations issued under the provisions of the General Agreements to Borrow (GAB), the Oil Facility Agreement (OF) or the Supplementary Financing Facility (SFF). • *Investment income and deferred valuation gains (losses)*. The Currency Act, which governs the activities of the Exchange Fund Account (EFA), was amended in 1977 and in 1988, and new procedures for the calculation and annual remittance of EFA income were instituted. From 1977 to 1986 inclusive, net income associated with investment activities was transferred to the Consolidated Revenue Fund (CRF) at year-end while net income associated with the revaluation of the EFA's assets and liabilities, which reflects changes in the Canadian dollar values of these assets and liabilities, was transferred over a three-year period. For the year 1977 previously accumulated net losses of \$125.4 million were transferred to the CRF along with the year's investment income and one-third of the valuation gains for the year, while the transfer of two-thirds of valuation gains was deferred to subsequent years. Amendments to the Currency Act in 1988 discontinued this practice and required revisions for the year

• *Intermédiaires financiers autres que les institutions de dépôt* (Tableau G5). Le site Web de Statistique Canada ([www.statcan.ca/francais/Subjects/Standard/index\\_f.htm](http://www.statcan.ca/francais/Subjects/Standard/index_f.htm)) fournit des informations à propos de ces intermédiaires financiers.

• Les données relatives aux titres détenus par les *caisses de retraite en fiducie* (Tableau G5) sont tirées de la publication annuelle de Statistique Canada intitulée *Caisses de retraite en fiducie* (n° 74-201 au catalogue); ces données sont obtenues au terme d'une enquête menée tous les ans. Les données pour 1991 sont des estimations, car aucune enquête n'a été menée cette année-là.

• Depuis le 5 novembre 1986, une modification d'ordre comptable a été apportée au traitement des *obligations d'épargne du Canada* vendues par le Mode d'épargne sur le salaire à des fonctionnaires autres que les fonctionnaires fédéraux. Les montants de ces obligations sont maintenant ajoutés à l'encours de ces titres à mesure que se font les retenues sur le salaire jusqu'au paiement complet. Auparavant, le montant global des ventes selon le Mode d'épargne sur le salaire était compris dans l'encours de novembre. Désormais, c'est le montant des obligations d'épargne du Canada que les fonctionnaires fédéraux achètent par le Mode d'épargne sur le salaire qui est compris dans l'encours de novembre.

• Le poste *Emprunts plus tirages sur lignes de crédit* comprend l'encours des tirages effectués sur les lignes de crédit ouvertes par les banques canadiennes et des banques étrangères; les emprunts à terme sont des emprunts en monnaies étrangères obtenus des banques étrangères et d'autres institutions financières.

• *L'encours total des titres et des emprunts* comprend un faible montant de titres échus et non encaissés.

• Avant 1975, les chiffres relatifs aux obligations assorties d'échéances de 3 ans ou moins, de 3 à 5 ans, de 5 à 10 ans et de 10 ans ou plus (Tableau G7) détenues par le public ne tenaient pas compte des données des banques.

• À compter du 5 février 1997, les données relatives à l'encours des obligations d'épargne du Canada et des obligations REER du Canada sont combinées sous la rubrique *Obligations d'épargne du Canada et autres titres de placement au détail*. Les données des obligations d'épargne du Canada et celles des obligations REER du Canada sont versées séparément au fichier CANSIM.

• À compter de septembre 1997, deux nouvelles séries portant sur les billets du Canada et les euro-billets à moyen terme (dont les premières données remontent à mars 1996 et à juillet 1997 respectivement) sont combinées aux séries existantes relatives aux obligations.

## K11

Source : Ministère des Finances

La contre-valeur en dollars canadiens des avoirs du Fonds des changes en or, en DTS et en devises a été établie sur la base suivante : de 1963 à 1969, d'après la parité officielle fixée le 2 mai 1962, soit 1 \$ E.-U. = 1,08108 \$ Can. ; pour les autres années, d'après les cours de clôture des devises et du DTS reproduits au Tableau I1 de la *Revue*. Les placements sont comptabilisés au moins élevé des deux montants suivants augmenté de l'intérêt couru : le coût ajusté ou la valeur marchande.

• Les *obligations du FMI* sont des obligations émises par cet organisme en vertu des Accords généraux d'emprunt (AGE), du mécanisme pétrolier ou du mécanisme de financement supplémentaire. • *Revenus de placements et gains (pertes) de réévaluation différés*. La *Loi sur la monnaie*, qui régit le fonctionnement du Fonds des changes, a été modifiée en 1977 et en 1988, et de nouvelles méthodes ont été adoptées pour le calcul et le versement des profits réalisés par le Fonds. De 1977 à 1986 inclusivement, le revenu net provenant des placements du Fonds était viré à la fin de l'année au Trésor, tandis que le revenu net provenant de la réévaluation des avoirs et engagements du Fonds des changes, lequel est imputable aux variations de la valeur en dollars canadiens de ces avoirs et engagements, était viré au même compte sur une période de trois ans. En 1977, des pertes d'un montant total de 125,4 millions de dollars, qui avaient été accumulées au cours des années antérieures, ont été virées au Trésor avec les revenus de placements et le tiers des bénéfices provenant de la réévaluation des avoirs et engagements du Fonds pour cette année-là; le virement des deux tiers restants des gains de réévaluation a été reporté aux années suivantes. À la suite des modifications apportées en 1988 à la *Loi sur la monnaie*, cette façon de procéder a été abandonnée pour le versement du revenu de l'exercice 1987 et des exercices suivants. Ainsi, le revenu total provenant des placements et les bénéfices provenant de la réévaluation des avoirs et des engagements pour 1987 ont

1987: the total of the year's investment income and valuation gains were transferred to the CRF along with previously accumulated net valuation losses of \$412.3 million.

• *Advances from the Consolidated Revenue Fund.* Since 1978 the proceeds of Government borrowings in U.S. dollars or other foreign currencies under Standby Credit Arrangements and foreign bond issues or loans have been advanced in those currencies from the Consolidated Revenue Fund to the Exchange Fund Account. When Canadian dollar-denominated advances from the Consolidated Revenue Fund are fully repaid, net receipts of Canadian dollars by the Exchange Fund Account are deposited in the account of the Receiver General for Canada. • *Suspense Account.* Beginning with the 1990 financial statements, the Suspense Account has been combined with valuation gains and losses for the year.

## K12

Source: Bank of Canada

Table K12 presents a quarterly breakdown of chartered bank deposit liabilities booked worldwide, classified by type of instrument, by currency and by the institutional sector of the depositor. The institutional sectors are based on the definitions in the Statistics Canada publication *Financial Flow Accounts*, Catalogue 13-002. The deposit liability data are available from the first quarter of 1982 and correspond to data as reported by the banks on Schedule J under the Bank Act and published monthly in Table C4 of this *Review*.

Beginning with the fourth quarter of 1988, data include deposits booked at majority-owned investment dealer subsidiaries. Foreign currency deposits have been converted into Canadian dollar equivalents at the closing exchange rate on the last business day of the quarter. These data are updated quarterly and the most recent statistics can be obtained by writing to the Department of Monetary and Financial Analysis of the Bank of Canada.

• *Deposits of governments* consist of deposits held by federal, provincial and municipal governments within Canada. • *Other financial institutions* include deposit-taking institutions other than banks, insurance companies and pension funds, investment dealers, other private and public sector financial institutions. Beginning with the second quarter of 1994, deposit-taking institutions other than banks are included with deposit-taking institutions. • *Non-financial corporations* comprise private and public sector non-financial corporations. • *Unincorporated businesses* also include non-profit institutions such as religious, health and educational institutions as well as other private non-profit institutions. • *Deposits of individuals* are deposits held by persons for non-business purposes, including registered home ownership savings plans (RHOSP) and registered retirement savings plans (RRSP). • *Deposits of non-resident banks* include deposits of banks and official monetary institutions not resident in Canada. • *Other non-resident* deposits comprise deposits of individuals, corporations and other organizations not resident in Canada. • *Bearer term notes and other negotiable notes* are deposit instruments transferable to third parties.

été virés au Trésor avec les pertes nettes de réévaluation d'un montant de 412,3 millions de dollars, accumulées au cours d'années antérieures. • *Avances du Trésor.* Depuis 1978, les dollars É.-U. ou autres devises étrangères provenant des engagements contractés par le gouvernement dans le cadre des lignes de crédit renouvelables, des émissions d'obligations ou des emprunts en devises étrangères ont été avancés au Fonds des changes par le Trésor. Lorsque les avances en dollars canadiens faites par le Trésor sont entièrement remboursées, le montant net des recettes en dollars canadiens encaissées par le Fonds des changes est déposé au compte du Receveur général du Canada. • *Compte d'attente.* Dans les états financiers préparés depuis 1990, les chiffres du compte d'attente ont été amalgamés avec les gains ou pertes de réévaluation de l'année.

## K12

Source: Banque du Canada

On trouve au Tableau K12 une ventilation, sur base trimestrielle, des chiffres des dépôts bancaires comptabilisés dans le monde entier. Ces données sont ventilées selon le type d'instrument, l'unité monétaire et la catégorie d'institutions. Les catégories d'institutions ont été groupées selon les critères que Statistique Canada utilise dans les *Comptes des flux financiers*, publication n° 13-002. Les données du passif-dépôts remontent au 1<sup>er</sup> janvier 1982 et sont produites à partir des relevés qui sont préparés par les banques sur le modèle de l'Annexe J de la *Loi sur les banques*; elles correspondent aux séries mensuelles du Tableau C4 de la *Revue*. À partir du quatrième trimestre de 1988, les données comprennent les dépôts comptabilisés dans les filiales de courtage dont les banques possèdent la majorité des actions. Les chiffres des dépôts en monnaies étrangères ont été convertis en dollars canadiens au cours de clôture du dernier jour ouvrable de chaque trimestre. Ces données sont mises à jour chaque trimestre. Les intéressés pourront s'en procurer les versions les plus récentes en s'adressant au département des Études monétaires et financières de la Banque du Canada.

• *Les dépôts des gouvernements* comprennent les dépôts détenus au Canada par le gouvernement fédéral, les provinces et les municipalités. • *Les autres institutions financières* englobent les institutions de dépôt autres que les banques à charte, les compagnies d'assurance et les caisses de retraite, les courtiers en valeurs mobilières ainsi que les autres institutions financières des secteurs privé et public. Depuis le deuxième trimestre de 1994, les institutions de dépôt sont groupées avec les institutions de dépôt autres que les banques. • *Les sociétés non financières* comprennent les sociétés des secteurs privé et public. • *Les entreprises individuelles* englobent également les institutions à but non lucratif telles que les institutions religieuses, les établissements de santé et d'enseignement ainsi que d'autres établissements privés à but non lucratif. • *Les dépôts des particuliers* sont les dépôts détenus par les particuliers à des fins non commerciales, notamment les Régimes enregistrés d'épargne-logement (REEL) et les Régimes enregistrés d'épargne-retraite (REER). • *Les dépôts des banques non résidentes* comprennent les dépôts de banques et d'institutions monétaires officielles qui ne résident pas au Canada. • *Les dépôts des autres non-résidents* comprennent les dépôts des particuliers, des sociétés et d'autres organismes qui n'ont pas le statut de résident au Canada. • *Les billets à terme au porteur et les autres billets négociables* sont des instruments de dépôt transférables à des tiers.

# Statistical tables

# Tableaux statistiques

The asterisks (\*) indicate occasional tables that are published in the K section. Latest publication date is in parentheses.

Les astérisques (\*) désignent les tableaux de la section K, qui sont publiés à des fréquences variables. La date la plus récente de publication de ces tableaux est indiquée entre parenthèses.

## A. Summary tables S5

- A1 Summary of key monetary policy variables
- A2 Major financial and economic indicators

## A. Tableaux synoptiques S5

- A1 Sommaire des variables clés relatives à la politique monétaire
- A2 Principaux indicateurs financiers et économiques

## B. Bank of Canada S10

- B1 Bank of Canada: Monthly series
- B2 Bank of Canada: Weekly series
- B3 Bank of Canada: Weekly series
- B4 Statistics pertaining to counterfeit Bank of Canada notes
- K1\* Bank of Canada note liabilities (February 2000)

## B. Banque du Canada S10

- B1 Banque du Canada : Séries mensuelles
- B2 Banque du Canada : Séries hebdomadaires
- B3 Banque du Canada : Séries hebdomadaires
- B4 Statistiques relatives aux billets de la Banque du Canada contrefaits
- K1\* Passif-billets de la Banque du Canada (Février 2000)

## C. Chartered banks S16

- C1 Chartered bank selected assets — Monthly average series
- C2 Chartered bank selected liabilities — Monthly average series
- C3 Chartered bank assets — Month-end series
- C4 Chartered bank liabilities — Month-end series
- C5 Chartered banks: Regional distribution of assets
- C6 Chartered banks: Regional distribution of liabilities
- C7 Chartered banks: Quarterly classification of non-mortgage loans
- K12\* Chartered banks: Quarterly classification of deposit liabilities (July 2000)
- C8 Selected seasonally adjusted series: Chartered bank assets and liabilities
- C9 Chartered banks: Total foreign currency assets and liabilities
- C10 Chartered banks: Total claims and liabilities booked worldwide vis-à-vis non-residents
- C11 Canadian Bankers Association: Credit extended to businesses in Canada
- K2\* Total chartered banks: Consolidated statement of revenue, expense, and shareholders' equity (May 2000)

## C. Banques à charte S16

- C1 Banques à charte : Quelques éléments de l'actif — Moyenne mensuelle
- C2 Banque à charte : Quelques éléments du passif — Moyenne mensuelle
- C3 Banques à charte : Actif — Séries de fin de mois
- C4 Banques à charte : Passif — Séries de fin de mois
- C5 Banques à charte : Répartition régionale de l'actif
- C6 Banques à charte : Répartition régionale du passif
- C7 Banques à charte : Ventilation trimestrielle des prêts non hypothécaires
- K12\* Banque à charte : Répartition trimestrielle du passif-dépôts (Juillet 2000)
- C8 Quelques statistiques bancaires désaisonnalisées : Avoirs et engagements des banques à charte
- C9 Banques à charte : Avoirs et engagements en monnaies étrangères
- C10 Banques à charte : Ensemble des créances et engagements comptabilisés dans le monde au nom de non-résidents
- C11 Association des banquiers canadiens : Crédit consenti aux entreprises au Canada
- K2\* Ensemble des banques à charte : État consolidé des revenus, des dépenses et de l'avoir propre des actionnaires (Mai 2000)

**D. Other financial institutions S42**

- D1 Trust and mortgage loan companies excluding bank trust and mortgage subsidiaries: Quarterly statement of estimated assets and liabilities
- D2 Local credit unions and caisses populaires: Quarterly statement of estimated assets and liabilities
- K4\* Deposits with government savings institutions (February 2000)
- D3 Sales finance companies: Quarterly statement of estimated assets and liabilities
- D4 Life insurers (including accident and sickness branches) and segregated funds
- D5 Investment funds: Quarterly statement of estimated assets and liabilities

**E. Financial aggregates S52**

- E1 Selected monetary aggregates and their components
- E2 Selected credit measures
- K7\* Monetary aggregates and credit measures (April 2000)

**F. Financial markets S62**

- F1 Financial market statistics
- F2 Corporate short-term paper outstanding
- F3 Stock market statistics: Canada and United States
- F4 Net new security issues placed in Canada and abroad
- F5 Net new security issues placed in Canada (includes foreign currency issues placed in Canada)
- F6 Net new security issues placed abroad (includes Canadian dollar issues placed in overseas markets)
- F7 Gross new bond issues and retirements: Government of Canada and provinces

\*Fiscal year totals are from the *Public Accounts of Canada*. Non-budgetary monthly data are from the "Statement of Financial Transactions." Quarterly data are the sum of the monthly data. Unlike the Public Accounts, the monthly estimates are unaudited.

\*\*Residual

\*Les données de l'exercice sont tirées des *Comptes publics du Canada*. Les données non budgétaires mensuelles proviennent de l'*État des opérations financières*. Les données trimestrielles s'obtiennent par addition des données mensuelles. Contrairement aux données des Comptes publics, les estimations mensuelles ne sont pas vérifiées.

\*\*Calculé par différence

Special features of a number of issues are as follows:

- (a) Callable after 15 September 1996.
- (b) On 18 March 1975 the Government of Canada announced that the 3% perpetual bonds will be redeemed at par on 15 September 1996.
- (c) Real Return Bonds.
- (d) Callable on or after 10 February 1995 on interest payment dates

\* Currency of payments, when not in Canadian dollars, noted.

Les notes ci-dessous indiquent les particularités de certaines émissions :

- (a) Remboursables par anticipation après le 15 septembre 1996.
- (b) Le 18 mars 1975, le gouvernement canadien a annoncé que les rentes perpétuelles 3 % seront remboursées à leur valeur nominale le 15 septembre 1996.
- (c) Obligations à rendement réel
- (d) Remboursables par anticipation à partir du 10 février 1995 aux dates de paiement des intérêts

\* Les monnaies de paiement autres que le dollar canadien sont indiquées.

Because each of the component and aggregate series for the period prior to the 1992 base year is mechanically scaled to link with the post base year series, the individual component series do not sum to the corresponding aggregate series for data prior to 1992. Adjusting series designed to make the time series additive are available from Statistics Canada and from CANSIM.

\* Comme les chiffres de chacune des composantes du PIB et du PIB global pour la période antérieure à l'année de base 1992 ont été ajustés pour être raccordés à ceux de la période postérieure, la somme des composantes est différente du chiffre global pour les données antérieures à 1992. On peut se procurer auprès de Statistique Canada et de CANSIM les séries d'ajustement servant à égaliser les résultats.

# Gross domestic product: Price indexes

## Produit intérieur brut : Indices des prix

1992 = 100, seasonally adjusted 1992 = 100, données désaisonnalisées

Year and quarter Année ou trimestre	Implicit price indexes Indices implicites des prix												Fixed weighted price index Indice des prix à pondération fixe	Chain price index (quarterly reweighted) Indice de prix en chaîne (pondération trimestrielle)

\* Gold and foreign currency assets are now reported at their end-of-month market value. Prior to June 1999, gold was reported at SDR35 per ounce, while foreign currency assets were reported on an accrual accounting basis.

\* Les avoirs en or et en monnaies étrangères sont maintenant comptabilisés à leur valeur marchande en fin de mois. Avant juin 1999, l'or était évalué sur la base de 35 DTS l'once, alors que les chiffres relatifs aux avoirs en monnaies étrangères étaient calculés selon la méthode de comptabilité d'exercice.

# Notes to the tables

## Symbols used in tables

- D Data column is discontinued.
- E Estimated
- R Revised
- Value is zero or rounded to zero.

Note: Blank spaces in columns indicate data are either not available or not applicable. Owing to the rounding of figures, components may not always add up to the totals shown. A horizontal rule in the body of the table indicates either a break in the series or that the earlier figures are available only at a more aggregated level.

## CANSIM Data bank identification numbers

Many of the time series published in the *Bank of Canada Banking and Financial Statistics* are available from Statistics Canada in machine-readable form, for use on computers and on printouts. Each time series of annual, quarterly, monthly, or weekly data on the CANSIM system (Canadian Socio-economic Information Management) has an identification number. Series maintained by Statistics Canada have D, L, P, or I prefixes (as in D1432), those maintained by the Bank of Canada have a B prefix (as in B318). The identification number is given as a reference at the top of each column of data and refers to the series of weekly, monthly, or quarterly data in that column. Where the frequency of a series as it is available on CANSIM is different from that shown in the table or where a combination of quarterly and monthly data is shown in the table, the frequency of the CANSIM series is indicated by a superscript M, if monthly, or by a superscript Q, if quarterly. Current and revised data are entered into CANSIM immediately on release.

## Weekly series

The tables in the *Statistics* do not cover a full year of weekly data. For all Wednesday series, in the event that a holiday falls on a Wednesday, data for the preceding business day will be shown. Figures for weekly series for which the Bank of Canada is the source are available on request from the Department of Monetary and Financial Analysis, Bank of Canada, Ottawa, Ontario, Canada K1A 0G9.

## Notes to the tables

The reference notes to the statistical tables in the *Statistics* are printed separately and are updated and reprinted from time to time. The most recent note supplement is dated January 2000. Copies of the *Notes to the tables* may be obtained by writing to the *Bank of Canada Review*, Publications Distribution, Communications Services, Bank of Canada, Ottawa, Ontario, Canada K1A 0G9. E-mail address: publications@bank-banque-canada.ca.

# Notes relatives aux tableaux

## Abréviations utilisées dans les tableaux

- D Série supprimée
- E Chiffres estimatifs
- R Chiffres révisés
- Valeur nulle ou arrondie à zéro

Nota - Les espaces vides des colonnes signifient que les données ne sont pas disponibles ou ne s'appliquent pas. Du fait que les chiffres sont arrondis, la somme des éléments ne correspond pas toujours exactement au total indiqué. Une ligne horizontale dans le corps d'un tableau indique soit qu'il y a une rupture dans une série, soit que les données des périodes antérieures n'existent que sous une forme plus agrégée.

## CANSIM- Numéros de référence des séries de Databank

Nombre de séries chronologiques publiées dans les *Statistiques bancaires et financières de la Banque du Canada* peuvent être obtenues de Statistique Canada sous une forme directement exploitable par ordinateur ou sous la forme d'imprimés. Elles font partie intégrante du fichier CANSIM<sup>1</sup>, dont chaque série chronologique - annuelle, trimestrielle, mensuelle ou hebdomadaire - est désignée par un numéro de référence. Les numéros des séries élaborées par Statistique Canada sont précédés de la lettre «D», «L», «P» ou «I» (par exemple : D1432), ceux des séries de la Banque du Canada, de la lettre «B» (par exemple : B318). Dans nos tableaux, le numéro apparaît en tête de colonne et désigne la série hebdomadaire, mensuelle ou trimestrielle qui figure dans la colonne; lorsque les fréquences de données figurant au fichier CANSIM et dans un tableau de la *Revue* diffèrent ou que le tableau comporte à la fois une série mensuelle et une série trimestrielle, la fréquence de la série CANSIM est indiquée par la lettre «M» si la série est mensuelle et par la lettre «Q» si elle est trimestrielle.

1. CANSIM est l'abréviation de *Canadian Socio-economic Information Management System* — Système canadien de traitement des données socio-économiques.

## Séries hebdomadaires

Dans les tableaux des *Statistiques bancaires et financières*, les séries hebdomadaires ne couvrent pas une année entière. Lorsque le mercredi est un jour férié, les statistiques du mercredi sont établies à partir des données du jour ouvrable précédent. On pourra obtenir les données provenant de la Banque du Canada en s'adressant au département des Études monétaires et financières, Banque du Canada, Ottawa (Ontario), Canada, K1A 0G9.

## Notes relatives aux tableaux

Les notes relatives aux tableaux des *Statistiques bancaires et financières* font l'objet d'une publication distincte et sont mises à jour et réimprimées de temps à autre. La plus récente édition des notes date de janvier 2000. Ceux qui désirent recevoir des exemplaires des notes sont priés de s'adresser à la *Revue de la Banque du Canada*, Diffusion des publications, Services de communication, Banque du Canada, Ottawa (Ontario), Canada, K1A 0G9 ou d'adresser tout message électronique à : publications@bank-banque-canada.ca.

## D4

Source: Statistics Canada

Data on Table D4 are drawn from the Statistics Canada publication *Quarterly Financial Statistics for Enterprises* (Catalogue 61-008). Consistent with that publication, the balance sheets of life insurers (including accident and sickness branches) are presented separately from the balance sheets of the segregated funds of life insurers.

Beginning 1999Q1, data have been reclassified by Statistics Canada according to the North American Industry Classification System (NAICS). Consistent with this reclassification the life insurance data are made up of direct life, health and medical insurance carriers, and life reinsurance.

- *Cash and deposits* include cash on hand as well as demand and term deposits.
- *Provincial and municipal securities* include guaranteed securities.
- *Actuarial liabilities* include insurance and annuity liabilities to policyholders.

## D5

Source: Statistics Canada

Data are drawn from the Statistics Canada publication *Quarterly Financial Statistics for Enterprises* (Catalogue 61-008). The quarterly balance sheet statements give estimates for the entire industry group as it existed in the quarter under consideration. Because of changes in the structure of the industry group due to mergers, consolidations, spinoffs, reclassification of companies into or out of the group, etc., the data are not always strictly comparable and should be used with caution when changes are examined over time.

Investment funds are set up to invest in a portfolio of various types of securities, to sell shares or units to the public at a price fixed in relation to net asset value, and to redeem any shares held at net asset value. The data do not include funds set up to operate pension plans, special non-resident-owned funds, investment clubs and other investment funds, the shares of which are not available to the general public. In the table, the investment portfolio of the group is shown at cost, while the market value of total assets is shown as a memo item. Prior to 1973, foreign currency swapped deposits were included in cash and demand deposits; since 1973, they have been included in holdings of term deposits.

Beginning 1999Q1, data have been reclassified by Statistics Canada according to the North American Industry Classification System (NAICS). Consistent with this reclassification the investment fund data consist of total open-end investment funds.

- *Cash and demand deposits* are cash on hand and demand deposits in Canadian and foreign currencies.
- *Other short-term paper and bankers' acceptances* are notes issued by sales finance companies, provincial and municipal treasury bills and short-term notes.
- *Preferred and common shares* include investments in investment fund shares.
- *Foreign securities* include foreign preferred and common shares and other foreign securities.
- *Other assets* include accrued interest and dividends receivable, amounts due from brokers and other assets not included elsewhere.
- *Unitholders' equity* includes share capital and retained earnings and related gains.

## D4

Source: Statistique Canada

Les données du Tableau D4 sont tirées de la publication *Statistiques financières trimestrielles des entreprises* (no 61-008 au catalogue). Conformément à cette publication, les bilans des compagnies d'assurance vie (comprenant les branches accidents et maladie) sont présentés séparément des bilans des fonds réservés de ces compagnies.

Depuis le premier trimestre de 1999, Statistique Canada classe les données en fonction du Système de classification des industries de l'Amérique du Nord (SCIAN). Conformément à cette nouvelle classification, les données concernant l'assurance vie se rapportent aux sociétés d'assurance directe (vie, maladie et soins médicaux) et aux sociétés de réassurance vie.

- *L'encaisse et les dépôts* englobent les fonds en caisse ainsi que les dépôts à vue et à terme.
- *Les titres des provinces et des municipalités* comprennent les titres garantis par ces administrations.
- *Les engagements actuariels* comprennent les engagements envers les titulaires de polices au titre des assurances et des rentes.

## D5

Source: Statistique Canada

Les données du Tableau D5 sont tirées de la publication *Statistiques financières trimestrielles des entreprises* (n° 61-008 au catalogue). Les chiffres des situations trimestrielles sont des estimations pour l'ensemble des établissements existant aux trimestres indiqués. Par suite des modifications des institutions consécutives notamment aux fusions, consolidations et dédoublements d'entreprises ainsi qu'à l'ajout ou à l'élimination d'établissements, les différentes séries ne sont pas toujours strictement comparables et il convient d'être prudent lorsqu'on étudie l'évolution à long terme de ces données.

Les sociétés de placement investissent leurs fonds dans des valeurs mobilières de différents types et vendent et rachètent leurs propres actions ou parts à un prix qui est fonction de la valeur de l'actif net par action ou part. Les données ne comprennent pas les fonds liés à des régimes de retraite, ceux des sociétés spéciales appartenant à des non-résidents, les clubs d'investissement et autres sociétés de placement dont les actions ne sont pas placées auprès du public. Le tableau indique le coût d'acquisition du portefeuille; la valeur marchande de l'ensemble des avoirs est mentionnée pour mémoire. Avant 1973, les dépôts swaps en devises étaient compris au poste *Encaisse et dépôts à vue*; depuis 1973, ils sont groupés avec les *dépôts à terme*.

Depuis le premier trimestre de 1999, Statistique Canada classe les données en fonction du Système de classification des industries de l'Amérique du Nord (SCIAN). Conformément à cette nouvelle classification, les données concernant les fonds de placement se rapportent à l'ensemble des sociétés de placement à capital variable.

- Le poste *Encaisse et dépôts à vue* comprend les espèces et les dépôts à vue en dollars canadiens ou en monnaies étrangères.
- Le poste *Autre papier à court terme et acceptations bancaires* comprend les billets émis par les sociétés de financement, les bons du Trésor des provinces et des municipalités et les billets à court terme.
- *Les actions privilégiées ou ordinaires* comprennent les actions des sociétés de placement.
- *Les titres étrangers* comprennent les actions étrangères privilégiées ou ordinaires et d'autres titres étrangers.
- *Les autres éléments de l'actif* comprennent les intérêts et dividendes courus, les créances sur les courtiers et divers avoirs qui ne figurent pas à d'autres postes.
- *L'avoir propre des détenteurs de parts* comprend le capital versé et les bénéfices non répartis ainsi que les plus-values réalisées.

## E1

Sources: Bank of Canada, Statistics Canada, *Globe Information Services*

- *Currency outside banks* includes Bank of Canada notes and coin in circulation. Holdings of notes are calculated by deducting the amount held by the chartered banks from the total amount of notes outstanding. The amount of coin in circulation outside banks is obtained by deducting coin held by the chartered banks and the Bank of Canada from the total amount outstanding as reported by the Royal Canadian Mint.
- *Chartered bank net demand deposits* are Canadian dollar gross demand deposits net of estimated private sector float.
- *Adjustments to M1*, which are included in *Gross M1*, include continuity adjustments as well as adjustments for demand deposits of other chartered banks.
- *Adjustments to M2* include continuity adjustments as well as notice deposits of other chartered banks.
- *Adjustments to M3* include continuity adjustments as well as term deposits of other chartered banks.
- Until January 2000, data for *trust and mortgage loan companies* for months between quarter-ends are estimated by a combination of interpolation of quarterly Statistics Canada data supplemented by some available monthly data. Since that time, data for the months between quarter-ends are derived using linear interpolation.
- Data for *credit unions and caisses populaires* for months between quarter-ends are estimated using monthly data obtained from the larger provincial centrals and federations.
- Data for *life insurance company individual annuities* are created from quarterly Canadian Life and Health Insurance Association data. Data for the months between quarter-ends are derived using linear interpolation.
- *Personal deposits at government-owned savings institutions* include personal deposits at Alberta Treasury Branches and total deposits at Province of Ontario Savings offices.
- Data for *money market mutual funds* represent the assets of funds that primarily invest in Canadian dollar-denominated short-term money market instruments. These data are obtained from *Globe Information Services*.
- *Adjustments to M2+* include continuity adjustments as well as credit union and caisse populaire share capital, less the sum of Receiver General deposits at trust and mortgage loan companies, trust and mortgage loan company holdings of currency and demand and notice deposits with other deposit-taking institutions, and credit union and caisse populaire holdings of currency and demand and notice deposits with other deposit-taking institutions (other than provincial centrals and federations).
- Data for *non-money market mutual funds* represent the assets of funds that invest in a wide range of Canadian or foreign financial instruments. The series is an estimate of cumulative net inflows into these funds. It is estimated at the Bank using market and unit values of mutual funds obtained from *Globe Information Services*.
- M1+ consists of Gross M1 plus chequable notice deposits held at chartered banks plus all chequable deposits at trust and mortgage loan companies, credit unions and caisses populaires (excluding deposits of these institutions) plus continuity adjustments.
- M1++ consists of M1+ plus non-chequable notice deposits held at chartered banks, trust and mortgage loan companies, and credit unions and caisses populaires less interbank non-chequable notice deposits plus continuity adjustments.

## E1

Sources : Banque du Canada, Statistique Canada, *Globe Information Services*

- Le poste *Monnaie hors banques* comprend les billets de la Banque du Canada et la monnaie métallique en circulation. Pour obtenir le montant des billets détenus par le public, on soustrait de l'encours des billets le montant détenu par les banques à charte. Le montant des pièces de monnaie hors banques s'obtient en déduisant le montant détenu par les banques à charte et par la Banque du Canada de l'encours global des pièces donné par la Monnaie royale canadienne.
- Le poste *Dépôts à vue nets aux banques à charte* indique le montant brut des dépôts à vue en dollars canadiens dont a été déduit le montant estimatif des effets du secteur privé en compensation.
- Les *ajustements à M1*, principal élément de *M1 brut*, englobent les corrections effectuées pour assurer la continuité des données et pour tenir compte des dépôts à vue d'autres banques à charte.
- Les *ajustements à M2* comprennent les corrections effectuées pour assurer la continuité des données et pour tenir compte des dépôts à préavis d'autres banques à charte.
- Les *ajustements à M3* comprennent les corrections effectuées pour assurer la continuité des données et pour tenir compte des dépôts à terme d'autres banques à charte.
- Jusqu'en janvier 2000, les données relatives aux *sociétés de fiducie ou de prêt hypothécaire* pour les mois compris entre les fins de trimestre étaient établies en interpolant à partir des chiffres trimestriels fournis par Statistique Canada et en se fondant sur certaines données mensuelles. Depuis, les données relatives à ces mois sont obtenues exclusivement par interpolation linéaire.
- Les données relatives aux *caisses populaires et credit unions* pour les périodes comprises entre les fins de trimestre sont estimées à partir des chiffres mensuels fournis par les grandes centrales et fédérations provinciales.
- Les données relatives aux *compagnies d'assurance vie (rentes individuelles)* sont estimées à partir des données trimestrielles fournies par l'Association canadienne des compagnies d'assurance de personnes. Les données pour les périodes comprises entre les fins de trimestre sont obtenues par interpolation linéaire.
- Le poste *Dépôts des particuliers aux caisses d'épargne publiques* comprend les dépôts des particuliers dans les succursales du Trésor de la province de l'Alberta et l'ensemble des dépôts de la Caisse d'épargne de l'Ontario.
- Les chiffres des *fonds communs de placement du marché monétaire* représentent les sommes investies principalement dans les instruments à court terme en dollars canadiens du marché monétaire. Ces chiffres sont tirés du *Globe and Mail*.
- Les données relatives aux *ajustements à M2+* englobent les corrections de continuité, le capital social des caisses populaires et des credit unions, déduction faite des dépôts du Receveur général dans les sociétés de fiducie ou de prêt hypothécaire, des avoirs en numéraire et dépôts à vue ou à préavis de ces dernières dans d'autres institutions de dépôt et des avoirs en numéraire et dépôts à vue ou à préavis détenus par les caisses populaires et les crédit unions dans des institutions de dépôt autres que les centrales ou les fédérations provinciales.
- Les chiffres des fonds communs de placement autres que ceux du marché monétaire représentent les sommes investies dans un vaste éventail d'instruments financiers canadiens ou internationaux. La série en question est une estimation des entrées nettes cumulatives dans ces fonds. Elle est réalisée à la Banque à partir des données relatives à la valeur de marché et au prix unitaire des fonds communs de placement tirées du *Globe Information Services*.
- M1+ comprend M1 brut plus les dépôts à préavis avec droit de tirage par chèque tenus dans les banques, tous les dépôts avec droit de tirage par chèque dans les sociétés de fiducie ou de prêt hypothécaire, les credit unions et les caisses populaires (desquels sont retranchés les dépôts de ces institutions), plus les corrections effectuées pour assurer la continuité des données.
- M1++ comprend M1+ plus les dépôts à préavis sans droit de tirage par chèque dans les banques, les sociétés de fiducie ou de prêt hypothécaire, les credit unions et les caisses populaires, moins les dépôts interbancaires à préavis non transférables par chèque, auxquels s'ajoutent les corrections de continuité.

## E2

Sources: Bank of Canada, Dominion Bond Rating Service, Montreal Trust Company of Canada, and Statistics Canada

Beginning 1999Q1, data from Statistics Canada have been reclassified according to the North American Industry Classification System (NAICS). Data for the period 1998Q1 have been estimated to be consistent with this classification. Information on the enterprises that comprise the NAICS group "non-depository credit intermediation" can be obtained from the Statistics Canada Web site: [www.statcan.ca/english/Subjects/Standard/index.htm](http://www.statcan.ca/english/Subjects/Standard/index.htm)

### Consumer credit

The consumer credit data published in the table show estimated amounts of consumer credit on the books of selected lenders. The data relate mainly to credit extended to individuals, but also include unidentifiable amounts of credit extended for non-consumer purposes. Credit extended through credit cards is included with the balances of the credit card issuer. The data do not include credit on the books of appliance and electronics stores; other retail outlets; motor vehicle dealers; public utilities; other credit card issuers not included elsewhere in the data; and credit card accounts of oil companies. Data on consumer credit on the books of these lenders are available up to December 1978 in the Statistics Canada publication *Consumer Credit* (Catalogue 61-004). In addition, data on loans between individuals or balances on bills owed to professional practitioners, clubs, hospitals or other personal service establishments are not included. Data for trust and mortgage loan companies since December 1989 include loans to unincorporated businesses and non-profit organizations.

- Data for *chartered banks* are based on monthly average data reported to the Bank of Canada.

- Data for *trust and mortgage loan companies* exclude bank mortgage and trust subsidiaries. Until January 2000, data for *trust and mortgage loan companies* for months between quarter-ends are estimated by a combination of interpolation of quarterly Statistics Canada data supplemented by some available monthly data. Since that time, data for the months between quarter-ends are derived using linear interpolation.

- Data for *credit unions and caisses populaires* for months between quarter-ends are estimated using monthly data obtained from selected provincial centrals and federations.

- Data for *life insurance companies* include policy loans and are created from quarterly Statistics Canada data. Data for the months between quarter-ends are derived using linear interpolation.

- Data on *non-depository credit intermediaries and other institutions* include personal loans held by Alberta Treasury Branches and, until July 1999, consumer credit outstanding on the books of department stores as published in Statistics Canada's *Department Store Sales and Stocks* (Catalogue 63-002). Personal loans at Quebec savings banks for the period prior to September 1987 and personal loans held by La Financière Coopérants Inc. are included for the period prior to December 1991. Data for *finance companies* prior to January 1974 are obtained from the Statistics Canada publication *Consumer Credit* (Catalogue 61-004) and are not strictly comparable to data since January 1974 because of different estimation techniques. Since January 1970, finance company data have excluded outstanding loans for the financing of passenger cars used for commercial purposes and, since January 1971, the amounts shown have been net of unearned interest and finance charges.

- Data for *special purpose corporations (securitization)* include credit card loans, auto loans, and other personal loans that have been securitized.

- *Adjustments to consumer credit* include continuity adjustments. These include adjustments for securitization for the period January 1988 to November 1991.

## E2

Sources : Banque du Canada, Dominion Bond Rating Service, Compagnie Montréal Trust du Canada et Statistique Canada

Depuis le premier trimestre de 1999, Statistique Canada classe les données en fonction du Système de classification des industries de l'Amérique du Nord (SCIAN). Les données relatives à la période commencée au premier trimestre de 1988 ont été jugées conformes à cette classification. Le site Web de Statistique Canada ([http://www.statcan.ca/francais/Subjects/Standard/index\\_f.htm](http://www.statcan.ca/francais/Subjects/Standard/index_f.htm)) fournit des informations à propos des entreprises qui relèvent de la classe du SCIAN intitulée « Inter médiation financière non faite par le biais de dépôts ».

### Crédit à la consommation

Les données relatives au crédit à la consommation contenues dans le présent tableau indiquent l'encours estimatif du crédit à la consommation octroyé par certains prêteurs. Elles concernent essentiellement le crédit accordé aux particuliers, mais comprennent également des crédits de montant indéterminé consentis à des fins autres que la consommation. Le crédit sur cartes de crédit figure à l'encours global déclaré par les établissements qui ont émis ces cartes. Ces chiffres ne tiennent pas compte du crédit octroyé par les magasins spécialisés dans la vente d'appareils électroménagers et de matériel électronique, par les autres détaillants, par les concessionnaires d'automobiles, par les entreprises de services publics et par les sociétés émettrices de cartes de crédit non mentionnées ailleurs. Ils ne tiennent pas non plus compte du crédit octroyé par les compagnies pétrolières aux titulaires de leurs cartes de crédit. Les données relatives au crédit à la consommation consenti par ces prêteurs figurent dans *Crédit à la consommation* (n° 61-004 au catalogue de Statistique Canada); elles ne sont pas disponibles pour la période postérieure à décembre 1978. De plus, on ne dispose pas de données sur les prêts entre particuliers ni sur les dettes envers les membres des professions libérales, les clubs, les hôpitaux et d'autres établissements qui dispensent des services aux particuliers. Les données sur les sociétés de fiducie ou de prêt hypothécaire postérieures à décembre 1989 englobent les prêts aux entreprises individuelles et aux organismes à but non lucratif.

- Les données sur les *banques à charte* s'appuient sur les moyennes mensuelles fournies à la Banque du Canada.

- Les données concernant les *sociétés de fiducie ou de prêt hypothécaire* ne comprennent pas celles se rapportant aux sociétés hypothécaires filiales des banques à charte. Jusqu'en janvier 2000, les données relatives aux *sociétés de fiducie ou de prêt hypothécaire* pour les mois compris entre les fins de trimestre étaient établies en interpolant à partir des chiffres trimestriels fournis par Statistique Canada et en se fondant sur certaines données mensuelles. Depuis, les données relatives à ces mois sont obtenues exclusivement par interpolation linéaire.

- Le crédit octroyé par les *caisses populaires et credit unions* pour les mois qui ne clôturent pas un trimestre est estimé à partir des données mensuelles fournies par certaines centrales et fédérations provinciales.

- Les données relatives aux *compagnies d'assurance vie* comprennent les avances sur polices et sont établies à partir des données trimestrielles fournies par Statistique Canada. Les données pour les mois compris entre les fins de trimestre sont obtenues par interpolation linéaire.

- Les données relatives aux *intermédiaires financiers autres que les institutions de dépôt* et aux *autres institutions* comprennent les prêts personnels consentis par les succursales du Trésor de l'Alberta et, jusqu'en juillet 1999, l'encours du crédit à la consommation accordé par les grands magasins et qui figure dans *Ventes et stocks des grands magasins* (n° 63-002 au catalogue de Statistique Canada). Les données antérieures à décembre 1991 comprennent les prêts personnels octroyés par les banques d'épargne du Québec avant septembre 1987 et les prêts personnels de la Financière Coopérants Inc. Les données antérieures à janvier 1974 relatives aux sociétés de financement sont tirées de *Crédit à la consommation* (n° 61-004 au catalogue de Statistique Canada) et diffèrent quelque peu de celles de la période postérieure à cause de l'adoption de nouvelles techniques d'estimation. Depuis janvier 1970, les montants indiqués ne comprennent plus les prêts octroyés en vue de l'achat de voitures particulières destinées à des fins commerciales; depuis janvier 1971, le montant des intérêts non courus et des commissions de financement n'est pas compris dans le chiffre de l'encours indiqué.

### Residential mortgage credit

The residential mortgage credit data published in the table show estimated amounts of residential mortgages outstanding at major private lenders and issued under the NHA-insured mortgage-backed securities program.

- Data for *chartered banks* include mortgages held by bank mortgage loan subsidiaries. The figures for the period prior to November 1981 will therefore differ from those appearing in Table C1, which did not consolidate the mortgage loan subsidiaries. (See the March 1983 *Review* for a description of the adjustments to consolidate the data for the period prior to November 1981.)

- Data for *trust and mortgage loan companies* exclude bank mortgage and trust subsidiaries. Until January 2000, data for months between quarter-ends are estimated by a combination of interpolation of quarterly Statistics Canada data supplemented by some available monthly data. Since that time, data for the months between quarter-ends are derived using linear interpolation.

- Data for *credit unions and caisses populaires* are estimated for months between quarter-ends using monthly data obtained from selected provincial centrals and federations.

- Data for *life insurance companies* include life branches, accident and sickness branches, and segregated funds. Residential mortgage holdings for dates other than quarter-ends are estimated by interpolation.

- Data for *pension funds* include both residential and non-residential mortgages.
- Data for *non-depository credit intermediaries and other financial institutions* include estimates for Alberta Treasury Branches, CMHC direct lending, investment funds, property and casualty insurers, central credit unions, and real estate investment trusts (for which data are available only from December 1972 up to and including June 1985). Residential mortgages held on the books of real estate investment trusts amounted to less than \$25 million in June 1985. Also included in these data are Quebec savings banks' residential mortgage holdings prior to September 1987 and residential mortgages held by La Financière Coopérants Inc. prior to December 1991.

- Data for *NHA mortgage-backed securities* represent the total amount outstanding of residential mortgages issued under the NHA-insured mortgage-backed securities program, as reported by the program trustee, Montreal Trust Company of Canada.

- Data for *special purpose corporations (securitization)* include non-NHA-insured mortgages that have been securitized and NHA mortgages that have been securitized outside of the NHA-insured mortgage-backed securities program.

### Business credit

The business credit data published in this table show the estimated amounts of business credit outstanding at major private lenders and the securities issued by non-financial businesses.

- Canadian dollar business loans held by chartered banks exclude reverse repurchase agreements and Canadian dollar loans to non-residents.

- Canadian dollar business loans held by *other institutions* include data for trust and mortgage loan companies, Alberta Treasury Branches, and estimates for credit unions and caisses populaires. Business loans and non-residential mortgages held by La Financière Coopérants Inc. are also included in these data for the period prior to December 1991.

- Data for *special purpose corporations (securitization)* include corporate loans and trade receivables that have been securitized.

- Adjustments to short-term business credit* include chartered bank holdings of Canadian dollar loans to other chartered banks and foreign currency loans to the Government of Canada held by chartered banks. This series also includes adjustments to historical data to take into account discontinuities associated with the data on trust and

- Les données relatives aux *sociétés de titrisation* comprennent les prêts sur les cartes de crédit, les prêts-automobiles et les autres prêts personnels qui ont été titrisés.

- Les *ajustements au crédit à la consommation* comprennent les corrections effectuées pour assurer la continuité des données. Ils englobent les corrections effectuées pour tenir compte de l'incidence de la titrisation entre janvier 1988 et novembre 1991.

### Crédit hypothécaire à l'habitation

Les données relatives au crédit hypothécaire à l'habitation contenues dans le présent tableau sont les chiffres estimatifs de l'encours des prêts hypothécaires à l'habitation consentis par les principaux prêteurs privés en vertu du Programme des titres hypothécaires LNH.

- Les chiffres des *banques à charte* englobent les prêts hypothécaires accordés par les filiales spécialisées dans le crédit hypothécaire. Les chiffres de la période antérieure à novembre 1981 diffèrent de ceux du Tableau C1, car, avant cette date, les données des sociétés de prêt hypothécaire filiales des banques à charte n'étaient pas groupées avec celles de ces dernières. (On trouvera dans la livraison de mars 1983 de la *Revue* une explication des corrections apportées aux données de la période antérieure à novembre 1981.)

- Les données concernant les *sociétés de fiducie ou de prêt hypothécaire* ne comprennent pas celles se rapportant aux sociétés hypothécaires filiales des banques à charte. Jusqu'en janvier 2000, les données relatives aux mois compris entre les fins de trimestre étaient établies en interpolant à partir des chiffres trimestriels fournis par Statistique Canada et en se fondant sur certaines données mensuelles. Depuis, les données relatives à ces mois sont obtenues exclusivement par interpolation linéaire.

- Les données relatives aux *caisses populaires et credit unions* pour les mois qui ne clôturent pas un trimestre sont estimées à partir des chiffres mensuels fournis par certaines centrales et fédérations provinciales.

- Le poste *Compagnies d'assurance vie* comprend les données des branches vie, accidents et maladies et les fonds réservés. Les prêts hypothécaires à l'habitation aux dates autres que les fins de trimestre sont des estimations faites par interpolation.

- Les données des *caisses de retraite* comprennent tant les prêts hypothécaires à l'habitation que les autres prêts hypothécaires.

- Les données relatives aux *intermédiaires financiers autres que les institutions de dépôt et aux autres institutions financières* comprennent les chiffres estimatifs des succursales du Trésor de l'Alberta, ceux relatifs aux prêts directs de la SCHL ainsi que ceux des fonds de placement, des compagnies d'assurance biens et d'assurance contre risques divers, des centrales de credit unions et des sociétés fiduciaires de placement immobilier (uniquement pour la période comprise entre décembre 1972 et juin 1985 inclusivement). L'encours des prêts hypothécaires à l'habitation consentis par les sociétés fiduciaires de placement immobilier était inférieur à 25 millions de dollars en juin 1985. Ces données comprennent également l'encours des prêts hypothécaires à l'habitation octroyés, pour la période antérieure à septembre 1987, par les banques d'épargne du Québec, et les prêts hypothécaires à l'habitation de la Financière Coopérants Inc. pour la période antérieure à décembre 1991.

- Les données relatives aux *titres hypothécaires garantis en vertu de la LNH* et fournies par la Compagnie Montréal Trust du Canada, fiduciaire du programme, représentent l'encours global des prêts hypothécaires à l'habitation accordés en vertu du Programme LNH.

- Les données relatives aux *sociétés de titrisation* comprennent les prêts hypothécaires non garantis en vertu de la LNH qui ont été titrisés et les prêts hypothécaires garantis en vertu de la LNH qui ont été titrisés mais non dans le cadre du Programme des titres hypothécaires LNH.

### Crédits aux entreprises

Les chiffres relatifs aux crédits aux entreprises sont des estimations de l'encours du crédit qui leur est accordé par les principaux prêteurs du secteur privé et de l'encours des titres émis par des entreprises non financières.

- Les données relatives aux *prêts en dollars canadiens* consentis par les banques à charte excluent les prises en pension et les prêts en dollars canadiens accordés aux non-résidents.

mortgage loan companies' holdings of business loans, which are not readily available for the period prior to January 1984.

- *Leasing receivables* at finance companies include automobile leases classified as financial leases but exclude operating leases.

- *Other business credit* includes the outstanding bonds and shares of non-financial businesses.

- Data for *special purpose corporations (securitization)* include leasing receivables and non-residential mortgages which have been securitized.

- *Adjustments to other business credit* include adjustments to the historical data to account for discontinuities associated with data on trust and mortgage loan companies' holdings of non-residential mortgages and leasing receivables, which are not readily available for the period prior to January 1984. Adjustments for securitization are included for the period January 1985 to February 1988.

## F2

Sources: Bank of Canada, Dominion Bond Rating Service, Statistics Canada

Treasury bills and other short-term paper include instruments with an original term of one year or less. The data do not include bills and notes placed with parent or affiliated companies. Corporate data exclude notes placed directly with chartered banks. Short-term loans from Canadian and foreign banks are not included in the statistics.

- Data for *Total commercial paper* outstanding are produced by the Dominion Bond Rating Service (DBRS) commencing in November 1993. Prior to that date, data were produced through a survey of commercial paper issuers conducted by the Bank of Canada. It is estimated that a high proportion of all paper issued in Canada is covered by the DBRS survey.

- Short-term paper issued by consumer loan and sales finance companies and by federal government business enterprises are included in total commercial paper. Asset-backed commercial paper is included in commercial paper issued by financial corporations. Commercial paper issued by non-financial corporations is included in short-term business credit as presented in Table E2. A breakdown between Canadian dollar and U.S. dollar commercial paper outstanding is presented commencing in November 1996 (prior to that date, sufficiently complete information was not available to estimate that split). Data from the discontinued Bank of Canada survey with respect to commercial paper denominated in foreign currency is available on CANSIM.

- Total commercial paper commencing in November 1993 includes only issues placed in Canada by Canadian borrowers. Issues by foreign borrowers in the Canadian market are shown separately as an addendum. The data prior to November 1993 produced from the Bank of Canada survey may include some issues placed outside Canada.

- For the period before November 1981, *bankers' acceptances* figures refer to the

- Les données relatives aux prêts en dollars canadiens consentis par d'autres institutions se rapportent aux activités des sociétés de fiducie ou de prêt hypothécaire ainsi que des succursales du Trésor de l'Alberta et comprennent des chiffres estimatifs concernant les caisses populaires et les credit unions. • Les prêts aux entreprises et les prêts hypothécaires sur immeubles non résidentiels octroyés par la Financière Coopérants Inc. sont compris dans les données de la période antérieure à décembre 1991.

- Les données relatives aux sociétés de titrisation comprennent les prêts aux sociétés et les comptes-clients qui ont été titrisés.

- Les ajustements aux crédits à court terme aux entreprises comprennent les prêts interbancaires en dollars canadiens et les prêts en devises étrangères consentis au gouvernement canadien par les banques à charte. Ces données ont également été ajustées par rapport aux données rétrospectives pour tenir compte des ruptures liées aux créances résultant de prêts accordés aux entreprises par les sociétés de fiducie ou de prêt hypothécaire, données qui sont difficiles à obtenir pour la période antérieure à janvier 1984.

- Les créances résultant du crédit-bail que détiennent les sociétés de financement comprennent les contrats de crédit-bail automobile appartenant à la catégorie des baux financiers mais excluent les baux de fonctionement.

- Les autres crédits aux entreprises comprennent l'encours des obligations et les actions en circulation d'entreprises non financières.

- Les données relatives aux sociétés de titrisation comprennent les créances résultant du crédit-bail et les crédits hypothécaires sur immeubles non résidentiels qui ont été titrisés.

- Ajustements aux autres crédits aux entreprises. Les données relatives aux autres crédits aux entreprises ont été ajustées par rapport aux données rétrospectives pour tenir compte des ruptures liées aux crédits hypothécaires non-résidentiels et aux créances résultant du crédit-bail consenti par les sociétés de fiducie ou de prêt hypothécaire, données qui sont difficiles à obtenir pour la période antérieure à janvier 1984. Les corrections effectuées pour tenir compte de l'incidence de la titrisation concernent la période allant de janvier 1985 à février 1988.

## F2

Sources : Banque du Canada, Dominion Bond Rating Service et Statistique Canada

Les bons du Trésor et les autres effets à court terme n'englobent que les instruments dont l'échéance initiale ne dépasse pas un an. Les données ne comprennent pas les bons ni les billets placés auprès de sociétés mères ou affiliées, ni, dans le cas des sociétés, les billets négociés directement avec des banques à charte. Les emprunts à court terme auprès de banques canadiennes et étrangères ne sont pas compris dans les données.

- Les données relatives à l'encours total du papier commercial sont produites par le Dominion Bond Rating Service (DBRS) depuis novembre 1993. Avant cette date, les données étaient recueillies au moyen d'une enquête menée par la Banque du Canada auprès des émetteurs de papier commercial. On estime que l'enquête de DBRS recense une large proportion du papier commercial émis au Canada.

- L'encours total du papier commercial comprend le papier à court terme émis par les sociétés de financement ou de prêt à la consommation et les entreprises du gouvernement fédéral. Le papier commercial émis par les sociétés financières comprend le papier commercial adossé à des actifs. Les crédits à court terme aux entreprises (Tableau E2) comprennent le papier commercial émis par les sociétés non financières. Depuis novembre 1996, l'encours du papier commercial est ventilé en titres libellés en dollars canadiens et en dollars É.-U. (Avant cette date, l'information n'était pas suffisamment complète pour effectuer une telle ventilation). Les données provenant de l'ancienne enquête de la Banque du Canada sur le papier commercial libellé en monnaies étrangères figurent au fichier CANSIM.

- L'encours total du papier commercial depuis novembre 1993 ne comprend que les émissions placées au Canada par les emprunteurs canadiens. Les émissions placées par les emprunteurs étrangers au Canada sont indiquées séparément pour mémoire. Les données de l'enquête de la Banque du Canada antérieures à novembre 1993 peuvent englober les données portant sur certaines émissions placées à l'extérieur du Canada.

- Acceptations bancaires. Avant novembre 1981, les chiffres retenus étaient ceux de l'encours au

amount outstanding for the last Wednesday of the month. From that month, the data are as of the last business day of each period.

• *Total treasury bills and other short-term paper of provincial governments and their enterprises and municipal governments* exclude the bills and notes placed in the accounts of the respective provinces and municipalities. The treasury bills and notes issued are largely payable in Canadian dollars; however, the statistics include some short-term notes payable in foreign currencies. Since November 1981, these data have included bills and paper of provincial governments and their enterprises sold directly to chartered banks.

## F4-F10

Source: Bank of Canada, Montreal Trust Company of Canada, and Dominion Bond Rating Service.

Data shown are subject to revision. These series cover all public issues as well as most private placements with an original term to maturity of more than one year. The data for all levels of government include guaranteed issues. Effective 5 November 1986, there has been an accounting change in the treatment of Canada Savings Bonds sold on the Payroll Savings Plan. These bonds are now gradually included in outstandings, as payroll deductions are remitted over the contract period. Previously, the total amount of payroll sales was included in outstandings in November. Data on the net amount of Canadian dollar bond issues placed abroad by provincial-municipal governments, financial corporations and non-financial corporations are available on a semi-annual basis from 1974 and may be obtained from the Bank of Canada's Department of Monetary and Financial Analysis.

Prior to 31 December 1971, Government of Canada issues payable in foreign currencies were converted into Canadian dollars at the following rates: from 30 September 1950 to 3 May 1962, U.S.\$1.00 = \$1.00, thereafter, U.S.\$1.00 = \$1.081; from 30 September 1950 to 3 May 1962, £1 = \$2.800; from 3 May 1962 to 18 November 1967, £1 = \$3.027, thereafter, £1 = \$2.595; prior to 26 October 1969, 1 DM = \$0.270, thereafter, 1 DM = \$0.295; from 15 May 1968 to 24 June 1970, 1 lira = \$0.00173. Since 31 December 1971, Government of Canada issues payable in foreign currencies have been converted into Canadian dollars at the noon spot rate of the day of delivery. All other issues payable in foreign currencies have been converted into Canadian dollars at the average noon market rate for the month. In the case of optional-pay issues, the option most favourable to the lender has been used. Data on gross new issues, retirements and net new issues of Government of Canada securities and provincial and corporate bonds are available quarterly from 1935; data on gross new bond issues placed in foreign markets, both total foreign bond issues and bond issues placed in the United States, are available from 1960. Data on NHA mortgage-backed securities (MBS) are available from 1987, and data on other term securities issued by special purpose corporations are available from 1994.

• *Provincial bonds* include issues purchased by provincial accounts and with Quebec Pension Plan funds.

• *Municipal bonds* do not include issues guaranteed by the provinces (already included in provincial bonds) nor issues sold directly to provinces and their agencies, which are shown in Table F8. The quarterly data for municipal retirements are estimated by pro-rating annual estimates and including partial data for large municipalities when available.

• *Corporate bonds* include all issues of Canadian corporations and issues of federal government business enterprises, with the exception of finance company and commercial paper with an original term to maturity of one year or less, and issues sold to a parent company, whether this parent is incorporated in Canada or abroad. • *Preferred and common stocks* are shown at offering prices, and retirements at the actual amount paid by

dernier mercredi du mois. Depuis lors, les données sont celles de l'encours au dernier jour ouvrable de la période.

• *Les bons du Trésor et autres effets à court terme* émis par les provinces et entreprises provinciales et par les municipalités ne comprennent pas les bons du Trésor ni les billets achetés par les comptes des provinces ou des municipalités intéressées. Les bons du Trésor et les billets sont, dans la majorité des cas, libellés en dollars canadiens, mais les statistiques englobent également un certain montant de billets à court terme libellés en monnaies étrangères. Depuis novembre 1981, elles comprennent aussi les bons et le papier émis par les provinces et leurs entreprises et vendus directement aux banques à charte.

## F4-F10

Source : Banque du Canada, Compagnie Montréal Trust du Canada et Dominion Bond Rating Service

Les données des Tableaux F4-F10 sont sujettes à révision. Elles englobent toutes les émissions publiques à échéance initiale de plus d'un an et la plupart des émissions du même genre placées à titre privé. Les emprunts du gouvernement canadien, des provinces et des municipalités comprennent les obligations émises sous garantie de ces derniers. Depuis le 5 novembre 1986, une modification d'ordre comptable a été apportée au traitement des obligations d'épargne vendues selon le Mode d'épargne sur le salaire. Les montants de ces obligations sont maintenant ajoutés à l'encours de ces titres à mesure que se font les retenues sur le salaire; ces retenues sont étalées sur la durée des contrats. Autrement, la valeur totale des ventes selon le Mode d'épargne sur le salaire était ajoutée à l'encours de ces titres en novembre. Les intéressés peuvent se procurer au département des Études monétaires et financières de la Banque du Canada les données relatives aux émissions nettes d'obligations en dollars canadiens placées à l'étranger par les provinces, les municipalités, les sociétés financières et non financières. Il s'agit là de statistiques semestrielles remontant à 1974.

Avant le 31 décembre 1971, la valeur nominale des émissions du gouvernement canadien libellées en monnaies étrangères était convertie en dollars canadiens aux cours suivants : du 30 septembre 1950 au 3 mai 1962, 1 \$ É.-U. = 1 \$; par la suite, 1 \$ É.-U. = 1,081 \$; du 30 septembre 1950 au 3 mai 1962, 1 £ = 2,800 \$; du 3 mai 1962 au 18 novembre 1967, 1 £ = 3,027 \$; par la suite 1 £ = 2,595 \$; avant le 26 octobre 1969, 1 DM = 0,270 \$; par la suite, 1 DM = 0,295 \$; du 15 mai 1968 au 24 juin 1970, 1 Lit = 0,00173 \$. Depuis le 31 décembre 1971, cette conversion s'effectue au cours du comptant à midi le jour de la livraison. Pour toutes les autres émissions libellées en monnaies étrangères, on utilise comme taux de conversion la moyenne mensuelle des cours du change à midi. Dans le cas des titres payables en dollars canadiens ou en une autre devise, l'option la plus favorable aux prêteurs a été retenue. Les statistiques relatives aux opérations suivantes sont disponibles sur une base trimestrielle à partir de 1935 : émissions brutes, rachats et émissions nettes de titres du gouvernement canadien ainsi que d'obligations des provinces et des sociétés. Les statistiques des émissions brutes d'obligations placées sur les marchés étrangers, à savoir le montant global et le montant de la tranche placée aux États-Unis, remontent à 1960. Les statistiques relatives aux titres hypothécaires garantis en vertu de la LNH remontent à 1987, et celles des autres titres à terme émis par des sociétés spécialisées sont disponibles à partir de 1994.

• *Les obligations des provinces* comprennent les titres achetés par une province ou avec des fonds provenant du Régime de rentes du Québec.

• *Les obligations des municipalités* ne comprennent ni les titres émis sous la garantie d'une province, ceux-ci étant recensés comme obligations des provinces, ni les titres vendus directement aux provinces ou à leurs agences, lesquels sont recensés au Tableau F8. Les données trimestrielles concernant les remboursements des titres des municipalités sont des données estimatives que l'on a obtenues en divisant par quatre le montant des remboursements prévus pour l'année entière et en ajoutant, le cas échéant, des données partielles pour certaines grosses municipalités.

• *Les obligations des sociétés* englobent toutes les émissions de sociétés canadiennes et les émissions des entreprises du gouvernement fédéral, à l'exclusion toutefois du papier émis par les sociétés de financement et du papier commercial dont l'échéance à l'émission ne dépasse pas un an, ainsi que les émissions vendues à la société mère, que cette dernière soit constituée au Canada ou à l'étranger. • *Les actions privilégiées ou ordinaires* figurent au prix d'émission, et les rachats, au prix effectivement payés par la société intéressée. En vertu de l'article 91 de la *Loi sur les compagnies d'assurance-vie canadiennes* et

the corporation. Pursuant to section 91 of the Canadian and British Insurance Companies Act, common stock retirements do not include purchases by life insurance companies of their own stock. Common stock retirements in 1961 and 1964 reflect the distribution by British Columbia Power Corporation to shareholders of funds received from the Province of British Columbia in payment for the common and preferred shares of British Columbia Electric Company Limited; the data reflect in 1963 the purchase by Quebec Hydro of privately owned hydro-electric companies, and in 1972 the purchase by the Nova Scotia Power Commission of Nova Scotia Light and Power Company Limited.

- Data for *NHA mortgage-backed securities* represent securitizations issued under the NHA MBS program, as reported by the program trustee, Montreal Trust Company of Canada.

- Data for other *term securitizations* represent other term securities issued by special purpose corporations.

- For *short-term paper* see the note to Table F2.

- Effective 5 February 1997, data on Canada Savings Bonds outstanding have been combined with data on Canada RRSP Bonds outstanding under the heading *Canada Savings Bonds and other retail instruments*. Separate series for Canada Savings Bonds and Canada RRSP Bonds are available on the CANSIM data base. (Tables F4 and F5).

- Effective September 1997, two new components, Canada Notes and Euro Medium-Term Notes (dating March 1996 and July 1997, respectively) were included with existing bond series in the Tables F4, F6, and F7.

- Transactions of *other institutions and foreign borrowers* (Table F9) include issues of Canadian religious and other institutions and issues placed in Canada by foreign borrowers. New issues of foreign borrowers amounted to \$20 million in 1961, \$5 million in 1964, \$25 million in the first quarter, and \$7 million in the fourth quarter of 1965, \$20 million in 1966, \$20 million in 1967, \$15 million in 1968, \$25 million in 1971, \$20 million in 1972, and \$20 million in 1975. Issues by foreign borrowers have been retired throughout the period covered. In Table F6, the small amount of security issues of institutions placed abroad has been included in the total.

- *Financial corporations* (Table F10) include the finance company subsidiaries of automobile companies; to the end of 1972, all other subsidiary companies engaged in financing the parent companies' sales are classified with the parent company; from 1973 on, they are classified as financial.

## G4-G7

Source: Bank of Canada

Since 31 December 1971, issues payable in foreign currencies have been converted into Canadian dollars at the closing spot rate as at the last business day of the calendar quarter. Holdings are shown at par value where available, in other cases at book value.

- *Government of Canada accounts* (Tables G4 and G5). These tables include the Securities and Investment Account, the Purchase Fund, and the federal non-marketable bonds issued to the Canada Pension Plan Investment Fund.

- *General public holdings* (Table G4) of treasury bills and marketable bonds are obtained as a residual. The category *general public* includes other central banks, chartered banks, non-bank-owned investment dealers, other non-bank financial institutions and other resident and non-resident holders. A more detailed breakdown of these holdings is shown in Table G5 under the heading *general public*.

- The holdings of all *life insurance companies* are available quarterly from Statistics Canada. The monthly distribution is estimated from a monthly survey of 11 major companies.

*britanniques*, les rachats d'actions ordinaires ne comprennent pas le rachat, par une compagnie d'assurance-vie, de ses propres actions. Ont été considérés comme des achats d'actions, en 1961 et en 1964, la distribution par la British Columbia Power Corporation à ses actionnaires des fonds qu'elle avait reçus de la province de la Colombie-Britannique en paiement des actions ordinaires et privilégiées de la British Columbia Co. Ltd, en 1963, l'achat par Hydro-Québec d'entreprises hydro-électriques privées et, en 1972, l'achat par la Nova Scotia Power Commission de la Nova Scotia Light and Power Company Limited.

- Les données relatives aux *titres hypothécaires garantis en vertu de la LNH* se rapportent aux opérations de titrisation effectuées dans le cadre du Programme des titres hypothécaires LNH et sont déclarées par le fiduciaire de ce programme, la Compagnie Montréal Trust du Canada.

- Les autres données relatives à la *titrisation à terme* concernent les autres titres à terme émis par des sociétés spécialisées.

- Les renseignements sur le *papier à court terme* se trouvent dans les notes relatives au Tableau F2.

- À compter du 5 février 1997, les données relatives à l'encours des obligations d'épargne du Canada et des obligations REER du Canada sont combinées sous la rubrique *Obligations d'épargne du Canada et autres titres de placement au détail*. Les données des obligations d'épargne du Canada et celles des obligations REER du Canada sont versées séparément au fichier CANSIM. (Tableaux F4 et F5)

- À compter de septembre 1997, deux nouvelles séries portant sur les billets du Canada et les euro-billets à moyen terme (dont les premières données remontent à mars 1996 et à juillet 1997 respectivement) sont combinées aux séries existantes relatives aux obligations dans les Tableaux F4, F6 et F7.

- Les opérations des *autres institutions et emprunteurs étrangers* (Tableau F9) comprennent les émissions d'institutions canadiennes (religieuses ou autres) et les émissions placées au Canada par des emprunteurs étrangers. Ces dernières ont atteint 20 millions de dollars en 1961, 5 millions en 1964, 32 millions en 1965 (soit 25 millions au premier trimestre et 7 millions au quatrième), 20 millions en 1966, 20 millions en 1967, 15 millions en 1968, 25 millions en 1971, 20 millions en 1972 et 20 millions en 1975. Dans le cas des emprunteurs étrangers, il y a eu des remboursements tout au long de la période indiquée. Le faible montant des titres émis par les institutions et placés à l'étranger a été incorporé à la rubrique *Total* du Tableau F6.

- Les *sociétés financières* (Tableau F10) comprennent les sociétés de financement filiales des constructeurs de véhicules automobiles; jusqu'à la fin de 1972, les statistiques relatives à toutes les autres filiales qui ont pour objet de financer les ventes des sociétés mères sont comprises dans celles des sociétés mères; à partir de 1973, ces filiales sont considérées comme des entreprises financières.

## G4-G7

Source : Banque du Canada

Depuis le 31 décembre 1971, la conversion en dollars canadiens des titres payables en devises s'effectue au cours du comptant à la clôture le dernier jour ouvrable de mars, de juin, de septembre ou de décembre, selon le cas. Les titres figurent à leur valeur nominale, lorsqu'elle est connue, ou à leur valeur comptable dans le cas contraire.

Le poste *Comptes du gouvernement canadien* (Tableaux G4 et G5) comprend les portefeuilles du Fonds de placement du gouvernement et du Fonds de rachat ainsi que les obligations non négociables du gouvernement fédéral émises à l'intention du Fonds de placement du Régime de pensions du Canada.

- On a obtenu le montant des portefeuilles du *Public* (Tableau G4) de bons du Trésor et d'obligations négociables en déduisant de l'encours global le montant des autres portefeuilles. Figurent dans la catégorie *Public* les banques centrales étrangères, les banques, les maisons de courtage de valeurs mobilières appartenant à des établissements non bancaires, les autres institutions financières non bancaires et les autres détenteurs au Canada et à l'étranger. Une ventilation plus complète de ces titres figure à la rubrique *Public* du Tableau G5.

• *Non-depository credit intermediaries* (Table G5). Information on these enterprises can be obtained from the Statistics Canada Web site: [www.statcan.ca/english/Subjects/Standard/index.htm](http://www.statcan.ca/english/Subjects/Standard/index.htm)

• Holdings of *trusted pension funds* (Table G5) are obtained from the annual Statistics Canada survey entitled *Trusted Pension Funds* (Catalogue 74-201). An estimate is provided for 1991 because the survey was not conducted in that year.

• Effective 5 November 1986, there was an accounting change in the treatment of *Canada Savings Bonds* sold on the Payroll Savings Plan to non-federal government employees. These bonds are now gradually included in outstandings as payroll deductions are remitted over the contract period. Previously, the total amount of payroll sales was included in outstandings in November. The total amount of Canada Savings Bonds being purchased on the payroll plan by federal government employees is included in outstandings in November.

*Total loans and drawings under standby facilities* include drawings outstanding on the standby credit facilities with Canadian banks and with foreign banks; term loans are foreign currency loans arranged with foreign banks and other financial institutions.

• *Total securities and loans outstanding* include a small amount of matured securities outstanding.

• Prior to 1975, general public holdings of bonds 3 years and under, 3 to 5 years, 5 to 10 years, and 10 years and over (Table G7) exclude chartered banks.

• Effective 5 February 1997, data on Canada Savings Bonds outstanding have been combined with data on Canada RRSP Bonds outstanding under the heading *Canada Savings Bonds and other retail instruments*. Separate series for Canada Savings Bonds and Canada RRSP Bonds are available on the CANSIM data base.

• Effective September 1997, two new components, Canada Notes and Euro Medium-Term Notes (dating March 1996 and July 1997, respectively) were included with existing bond series.

• Les données concernant les portefeuilles de l'ensemble des *compagnies d'assurance-vie* sont publiées tous les trimestres par Statistique Canada. Les répartitions mensuelles sont des estimations qui se fondent sur une enquête mensuelle menée auprès de 11 grandes sociétés.

• *Intermédiaires financiers autres que les institutions de dépôt* (Tableau G5). Le site Web de Statistique Canada ([www.statcan.ca/francais/Subjects/Standard/index\\_f.htm](http://www.statcan.ca/francais/Subjects/Standard/index_f.htm)) fournit des informations à propos de ces intermédiaires financiers.

• Les données relatives aux titres détenus par les *caisses de retraite en fiducie* (Tableau G5) sont tirées de la publication annuelle de Statistique Canada intitulée *Caisses de retraite en fiducie* (n° 74-201 au catalogue); ces données sont obtenues au terme d'une enquête menée tous les ans. Les données pour 1991 sont des estimations, car aucune enquête n'a été menée cette année-là.

• Depuis le 5 novembre 1986, une modification d'ordre comptable a été apportée au traitement des *obligations d'épargne du Canada* vendues par le Mode d'épargne sur le salaire à des fonctionnaires autres que les fonctionnaires fédéraux. Les montants de ces obligations sont maintenant ajoutés à l'encours de ces titres à mesure que se font les retenues sur le salaire jusqu'au paiement complet. Auparavant, le montant global des ventes selon le Mode d'épargne sur le salaire était compris dans l'encours de novembre.

Désormais, c'est le montant des obligations d'épargne du Canada que les fonctionnaires fédéraux achètent par le Mode d'épargne sur le salaire qui est compris dans l'encours de novembre.

• Le poste *Emprunts plus tirages sur lignes de crédit* comprend l'encours des tirages effectués sur les lignes de crédit ouvertes par les banques canadiennes et des banques étrangères; les emprunts à terme sont des emprunts en monnaies étrangères obtenus des banques étrangères et d'autres institutions financières.

• L'*encours total des titres et des emprunts* comprend un faible montant de titres échus et non encaissés.

• Avant 1975, les chiffres relatifs aux obligations assorties d'échéances de 3 ans ou moins, de 3 à 5 ans, de 5 à 10 ans et de 10 ans ou plus (Tableau G7) détenues par le public ne tenaient pas compte des données des banques.

• À compter du 5 février 1997, les données relatives à l'encours des obligations d'épargne du Canada et des obligations REER du Canada sont combinées sous la rubrique *Obligations d'épargne du Canada et autres titres de placement au détail*. Les données des obligations d'épargne du Canada et celles des obligations REER du Canada sont versées séparément au fichier CANSIM.

• À compter de septembre 1997, deux nouvelles séries portant sur les billets du Canada et les euro-billets à moyen terme (dont les premières données remontent à mars 1996 et à juillet 1997 respectivement) sont combinées aux séries existantes relatives aux obligations.

- H7 Residential construction
- H8 Consumer price index
- H9 Other prices and costs
- K13\* Consumer price index excluding the effect of indirect taxes  
Contribution of indirect taxes to changes in the consumer price index (February 2000)

## H. Statistiques économiques diverses S94

- H1 Comptes nationaux
- H2 Produit intérieur brut à prix constants
- H3 Produit intérieur brut : Indices des prix
- H4 Produit intérieur brut au coût des facteurs, par branche d'activité
- H5 Répartition de la population active
- H6 Répartition de la population active par région
- H7 Construction résidentielle
- H8 Indice des prix à la consommation
- H9 Autres prix et coûts
- K13\* Indice des prix à la consommation hors effets des impôts indirects  
Contribution des impôts indirects aux variations de l'indice des prix à la consommation (Février 2000)

**I. Foreign exchange market and reserves S104**

- I1 Exchange rates
- I2 Canada's official international reserves
- K11\* Exchange Fund Account: Assets and liabilities (July 2000)

**J. Balance of payments and external trade S106**

- J1 Canadian balance of international payments: Current account
- J2 Canadian balance of international payments: Capital account
- J3 Exports and imports by area (balance of payments basis)
- J4 Merchandise trade: Prices, terms of trade, and volume (balance of payments basis)
- J5 Commodity classification of merchandise exports: Price and volume (balance of payments basis)
- J6 Commodity classification of merchandise imports: Price and volume (balance of payments basis)

**K. Tables published occasionally. This issue:**

None

**Notes to the tables S113****Subject index S123****I. Marché des changes et réserves de change S104**

- I1 Cours du change
- I2 Réserves officielles de liquidités internationales du Canada
- K11\* Fonds des changes : Avoirs et engagements (Juillet 2000)

**J. Balance des paiements et commerce extérieur S106**

- J1 Balance canadienne des paiements : Balance courante
- J2 Balance canadienne des paiements : Balance des capitaux
- J3 Répartition des exportations et importations par région (sur la base de la balance des paiements)
- J4 Balance commerciale : Prix, termes de l'échange et volumes (sur la base de la balance des paiements)
- J5 Répartition des exportations par catégorie de produits : Prix et volume (sur la base de la balance des paiements)
- J6 Répartition des importations par catégorie de produits : Prix et volume (sur la base de la balance des paiements)

**K. Tableaux à fréquence variable publiés dans la présente livraison :**

Aucun

\*Fiscal year totals are from the Public Accounts of Canada. Non-budgetary monthly data are from the "Statement of Financial Transactions." Quarterly data are the sum of the monthly data. Unlike the Public Accounts, the monthly estimates are unaudited.

\*\*Residual

\*Les données de l'exercice sont tirées des Comptes publics du Canada. Les données non budgétaires mensuelles proviennent de l'État des opérations financières. Les données trimestrielles s'obtiennent par addition des données mensuelles. Contrairement aux données des Comptes publics, les estimations mensuelles ne sont pas vérifiées.

\*\*Calculé par différence

Special features of a number of issues are as follows:

(a) This item represents the cancellation of bonds bought via Government of Canada repurchase operations.

(b) Real Return Bonds.

(c) Floating rate notes (3month LIBOR less 25 bps).

\* Currency of payments, when not in Canadian dollars, noted.

Les notes ci-dessous indiquent les particularités de certaines émissions :

(a) Effet visant l'annulation d'obligations achetées dans le cadre d'opérations de rachat d'obligations du gouvernement du Canada.

(b) Obligations à rendement réel

(c) Billets à taux flottants (taux LIBOR à 3 mois moins 25 points de base)

\* Les monnaies de paiement autres que le dollar canadien sont indiquées.

Special features of a number of issues are as follows:

- (a) Callable after 15 September 1996  
 (b) On 18 March 1975 the Government of Canada announced that the 3% perpetual bonds will be redeemed at par on 15 September 1996.  
 (c) Real Return Bonds.  
 (d) Callable on or after 10 February 1995 on interest payment dates

\* Currency of payments, when not in Canadian dollars, noted.

Les notes ci-dessous indiquent les particularités de certaines émissions :

- (a) Remboursables par anticipation après le 15 septembre 1996  
 (b) Le 18 mars 1975, le gouvernement canadien a annoncé que les rentes perpétuelles 3 % seront remboursées à leur valeur nominale le 15 septembre 1996.  
 (c) Obligations à rendement réel  
 (d) Remboursables par anticipation à partir du 10 février 1995 aux dates de paiement des intérêts

\* Les monnaies de paiement autres que le dollar canadien sont indiquées.

\* Because each of the component and aggregate series for the period prior to the 1992 base year is mechanically scaled to link with the post-base-year series, the individual component series do not sum to the corresponding aggregate series for data prior to 1992. Adjusting series designed to make the time series additive are available from Statistics Canada and from CANSIM.

\* Comme les chiffres de chacune des composantes du PIB et du PIB global pour la période antérieure à l'année de base 1992 ont été ajustés pour être raccordés à ceux de la période postérieure, la somme des composantes est différente du chiffre global pour les données antérieures à 1992. On peut se procurer auprès de Statistique Canada et de CANSIM les séries d'ajustement servant à égaliser les résultats.

# Gross domestic product: Price indexes

\* Gold and foreign currency assets are now reported at their end-of-month market value. Prior to June 1999, gold was reported at SDR35 per ounce, while foreign currency assets were reported on an accrual accounting basis.

\* Les avoirs en or et en monnaies étrangères sont maintenant comptabilisés à leur valeur marchande en fin de mois. Avant juin 1999, l'or était évalué sur la base de 35 DTS l'once, alors que les chiffres relatifs aux avoirs en monnaies étrangères étaient calculés selon la méthode de comptabilité d'exercice.

Millions of dollars, seasonally adjusted at annual rates

En millions de dollars, données désaisonnalisées, chiffres annuels

# Notes to the tables

## Symbols used in tables

- D Data column is discontinued.
- E Estimated
- R Revised
- Value is zero or rounded to zero.

Note: Blank spaces in columns indicate data are either not available or not applicable. Owing to the rounding of figures, components may not always add up to the totals shown. A horizontal rule in the body of the table indicates either a break in the series or that the earlier figures are available only at a more aggregated level.

## CANSIM – Data bank identification numbers

Many of the time series published in the *Bank of Canada Banking and Financial Statistics* are available from Statistics Canada in machine-readable form, for use on computers and on printouts. Each time series of annual, quarterly, monthly, or weekly data on the CANSIM system (Canadian Socio-economic Information Management) has an identification number. Series maintained by Statistics Canada have D, L, P, or I prefixes (as in D1432), those maintained by the Bank of Canada have a B prefix (as in B318). The identification number is given as a reference at the top of each column of data and refers to the series of weekly, monthly, or quarterly data in that column. Where the frequency of a series as it is available on CANSIM is different from that shown in the table or where a combination of quarterly and monthly data is shown in the table, the frequency of the CANSIM series is indicated by a superscript M, if monthly, or by a superscript Q, if quarterly. Current and revised data are entered into CANSIM immediately on release.

## Weekly series

The tables in the *Statistics* do not cover a full year of weekly data. For all Wednesday series, in the event that a holiday falls on a Wednesday, data for the preceding business day will be shown. Figures for weekly series for which the Bank of Canada is the source are available on request from the Department of Monetary and Financial Analysis, Bank of Canada, Ottawa, Ontario, Canada K1A 0G9.

## Notes to the tables

The reference notes to the statistical tables in the *Statistics* are printed separately and are updated and reprinted from time to time. The most recent note supplement is dated January 2000. Copies of the *Notes to the tables* may be obtained by writing to the *Bank of Canada Review*, Publications Distribution, Communications Services, Bank of Canada, Ottawa, Ontario, Canada K1A 0G9. E-mail address: publications@bank-banque-canada.ca.

# Notes relatives aux tableaux

## Abréviations utilisées dans les tableaux

- D Série supprimée
- E Chiffres estimatifs
- R Chiffres révisés
- Valeur nulle ou arrondie à zéro

Nota - Les espaces vides des colonnes signifient que les données ne sont pas disponibles ou ne s'appliquent pas. Du fait que les chiffres sont arrondis, la somme des éléments ne correspond pas toujours exactement au total indiqué. Une ligne horizontale dans le corps d'un tableau indique soit qu'il y a une rupture dans une série, soit que les données des périodes antérieures n'existent que sous une forme plus agrégée.

## CANSIM– Numéros de référence des séries de Databank

Nombre de séries chronologiques publiées dans les *Statistiques bancaires et financières de la Banque du Canada* peuvent être obtenues de Statistique Canada sous une forme directement exploitable par ordinateur ou sous la forme d'imprimés. Elles font partie intégrante du fichier CANSIM<sup>1</sup>, dont chaque série chronologique – annuelle, trimestrielle, mensuelle ou hebdomadaire – est désignée par un numéro de référence. Les numéros des séries élaborées par Statistique Canada sont précédés de la lettre «D», «L», «P» ou «I» (par exemple : D1432), ceux des séries de la Banque du Canada, de la lettre «B» (par exemple : B318). Dans nos tableaux, le numéro apparaît en tête de colonne et désigne la série hebdomadaire, mensuelle ou trimestrielle qui figure dans la colonne; lorsque les fréquences de données figurant au fichier CANSIM et dans un tableau de la *Revue* diffèrent ou que le tableau comporte à la fois une série mensuelle et une série trimestrielle, la fréquence de la série CANSIM est indiquée par la lettre «M» si la série est mensuelle et par la lettre «Q» si elle est trimestrielle.

1. CANSIM est l'abréviation de *Canadian Socio-economic Information Management System* — Système canadien de traitement des données socio-économiques.

## Séries hebdomadaires

Dans les tableaux des *Statistiques bancaires et financières*, les séries hebdomadaires ne couvrent pas une année entière. Lorsque le mercredi est un jour férié, les statistiques du mercredi sont établies à partir des données du jour ouvrable précédent. On pourra obtenir les données provenant de la Banque du Canada en s'adressant au départ-ement des Études monétaires et financières, Banque du Canada, Ottawa (Ontario), Canada, K1A 0G9.

## Notes relatives aux tableaux

Les notes relatives aux tableaux des *Statistiques bancaires et financières* font l'objet d'une publication distincte et sont mises à jour et réimprimées de temps à autre. La plus récente édition des notes date de janvier 2000. Ceux qui désirent recevoir des exemplaires des notes sont priés de s'adresser à la *Revue de la Banque du Canada*, Diffusion des publications, Services de communication, Banque du Canada, Ottawa (Ontario), Canada, K1A 0G9 ou d'adresser tout message électronique à : publications@bank-banque-canada.ca.

## D4

Source: Statistics Canada

Data on Table D4 are drawn from the Statistics Canada publication *Quarterly Financial Statistics for Enterprises* (Catalogue 61-008). Consistent with that publication, the balance sheets of life insurers (including accident and sickness branches) are presented separately from the balance sheets of the segregated funds of life insurers.

Beginning 1999Q1, data have been reclassified by Statistics Canada according to the North American Industry Classification System (NAICS). Consistent with this reclassification the life insurance data are made up of direct life, health and medical insurance carriers, and life reinsurance.

- *Cash and deposits* include cash on hand as well as demand and term deposits.
- *Provincial and municipal securities* include guaranteed securities.
- *Actuarial liabilities* include insurance and annuity liabilities to policyholders.

## D5

Source: Statistics Canada

Data are drawn from the Statistics Canada publication *Quarterly Financial Statistics for Enterprises* (Catalogue 61-008). The quarterly balance sheet statements give estimates for the entire industry group as it existed in the quarter under consideration. Because of changes in the structure of the industry group due to mergers, consolidations, spinoffs, reclassification of companies into or out of the group, etc., the data are not always strictly comparable and should be used with caution when changes are examined over time.

Investment funds are set up to invest in a portfolio of various types of securities, to sell shares or units to the public at a price fixed in relation to net asset value, and to redeem any shares held at net asset value. The data do not include funds set up to operate pension plans, special non-resident-owned funds, investment clubs and other investment funds, the shares of which are not available to the general public. In the table, the investment portfolio of the group is shown at cost, while the market value of total assets is shown as a memo item. Prior to 1973, foreign currency swapped deposits were included in cash and demand deposits; since 1973, they have been included in holdings of term deposits.

Beginning 1999Q1, data have been reclassified by Statistics Canada according to the North American Industry Classification System (NAICS). Consistent with this reclassification the investment fund data consist of total open-end investment funds.

- *Cash and demand deposits* are cash on hand and demand deposits in Canadian and foreign currencies.
- *Other short-term paper and bankers' acceptances* are notes issued by sales finance companies, provincial and municipal treasury bills and short-term notes.
- *Preferred and common shares* include investments in investment fund shares.
- *Foreign securities* include foreign preferred and common shares and other foreign securities.
- *Other assets* include accrued interest and dividends receivable, amounts due from brokers and other assets not included elsewhere.
- *Unitholders' equity* includes share capital and retained earnings and related gains.

## D4

Source : Statistique Canada

Les données du Tableau D4 sont tirées de la publication *Statistiques financières trimestrielles des entreprises* (no 61-008 au catalogue). Conformément à cette publication, les bilans des compagnies d'assurance vie (comportant les branches accidents et maladie) sont présentés séparément des bilans des fonds réservés de ces compagnies.

Depuis le premier trimestre de 1999, Statistique Canada classe les données en fonction du Système de classification des industries de l'Amérique du Nord (SCIAN). Conformément à cette nouvelle classification, les données concernant l'assurance vie se rapportent aux sociétés d'assurance directe (vie, maladie et soins médicaux) et aux sociétés de réassurance vie.

- *L'encaisse et les dépôts* englobent les fonds en caisse ainsi que les dépôts à vue et à terme.
- *Les titres des provinces et des municipalités* comprennent les titres garantis par ces administrations.
- *Les engagements actuariels* comprennent les engagements envers les titulaires de polices au titre des assurances et des rentes.

## D5

Source : Statistique Canada

Les données du Tableau D5 sont tirées de la publication *Statistiques financières trimestrielles des entreprises* (n° 61-008 au catalogue). Les chiffres des situations trimestrielles sont des estimations pour l'ensemble des établissements existant aux trimestres indiqués. Par suite des modifications des institutions consécutives notamment aux fusions, consolidations et dédoublements d'entreprises ainsi qu'à l'ajout ou à l'élimination d'établissements, les différentes séries ne sont pas toujours strictement comparables et il convient d'être prudent lorsqu'on étudie l'évolution à long terme de ces données.

Les sociétés de placement investissent leurs fonds dans des valeurs mobilières de différents types et vendent et rachètent leurs propres actions ou parts à un prix qui est fonction de la valeur de l'actif net par action ou part. Les données ne comprennent pas les fonds liés à des régimes de retraite, ceux des sociétés spéciales appartenant à des non-résidents, les clubs d'investissement et autres sociétés de placement dont les actions ne sont pas placées auprès du public. Le tableau indique le coût d'acquisition du portefeuille; la valeur marchande de l'ensemble des avoirs est mentionnée pour mémoire. Avant 1973, les dépôts swaps en devises étaient compris au poste *Encaisse et dépôts à vue*; depuis 1973, ils sont groupés avec les *dépôts à terme*.

Depuis le premier trimestre de 1999, Statistique Canada classe les données en fonction du Système de classification des industries de l'Amérique du Nord (SCIAN). Conformément à cette nouvelle classification, les données concernant les fonds de placement se rapportent à l'ensemble des sociétés de placement à capital variable.

- Le poste *Encaisse et dépôts à vue* comprend les espèces et les dépôts à vue en dollars canadiens ou en monnaies étrangères.
- Le poste *Autre papier à court terme et acceptations bancaires* comprend les billets émis par les sociétés de financement, les bons du Trésor des provinces et des municipalités et les billets à court terme.
- *Les actions privilégiées ou ordinaires* comprennent les actions des sociétés de placement.
- *Les titres étrangers* comprennent les actions étrangères privilégiées ou ordinaires et d'autres titres étrangers.
- *Les autres éléments de l'actif* comprennent les intérêts et dividendes courus, les créances sur les courtiers et divers avoirs qui ne figurent pas à d'autres postes.
- *L'avoir propre des détenteurs de parts* comprend le capital versé et les bénéfices non répartis ainsi que les plus-values réalisées.

## E1

Sources: Bank of Canada, Statistics Canada, *Globe Information Services*

• *Currency outside banks* includes Bank of Canada notes and coin in circulation. Holdings of notes are calculated by deducting the amount held by the chartered banks from the total amount of notes outstanding. The amount of coin in circulation outside banks is obtained by deducting coin held by the chartered banks and the Bank of Canada from the total amount outstanding as reported by the Royal Canadian Mint. • *Chartered bank net demand deposits* are Canadian dollar gross demand deposits net of estimated private sector float.

• *Adjustments to M1*, which are included in *Gross M1*, include continuity adjustments as well as adjustments for demand deposits of other chartered banks.

• *Adjustments to M2* include continuity adjustments as well as notice deposits of other chartered banks.

• *Adjustments to M3* include continuity adjustments as well as term deposits of other chartered banks.

• Until January 2000, data for *trust and mortgage loan companies* for months between quarter-ends are estimated by a combination of interpolation of quarterly Statistics Canada data supplemented by some available monthly data. Since that time, data for the months between quarter-ends are derived using linear interpolation.

• Data for *credit unions and caisses populaires* for months between quarter-ends are estimated using monthly data obtained from the larger provincial centrals and federations.

• Data for *life insurance company individual annuities* are created from quarterly Canadian Life and Health Insurance Association data. Data for the months between quarter-ends are derived using linear interpolation.

• *Personal deposits at government-owned savings institutions* include personal deposits at Alberta Treasury Branches and total deposits at Province of Ontario Savings offices.

• Data for *money market mutual funds* represent the assets of funds that primarily invest in Canadian dollar-denominated short-term money market instruments. These data are obtained from *Globe Information Services*.

• *Adjustments to M2+* include continuity adjustments as well as credit union and caisse populaire share capital, less the sum of Receiver General deposits at trust and mortgage loan companies, trust and mortgage loan company holdings of currency and demand and notice deposits with other deposit-taking institutions, and credit union and caisse populaire holdings of currency and demand and notice deposits with other deposit-taking institutions (other than provincial centrals and federations).

• Data for *non-money market mutual funds* represent the assets of funds that invest in a wide range of Canadian or foreign financial instruments. The series is an estimate of cumulative net inflows into these funds. It is estimated at the Bank using market and unit values of mutual funds obtained from *Globe Information Services*.

• M1+ consists of Gross M1 plus chequable notice deposits held at chartered banks plus all chequable deposits at trust and mortgage loan companies, credit unions and caisses populaires (excluding deposits of these institutions) plus continuity adjustments.

• M1++ consists of M1+ plus non-chequable notice deposits held at chartered banks, trust and mortgage loan companies, and credit unions and caisses populaires less interbank non-chequable notice deposits plus continuity adjustments.

## E1

Sources : Banque du Canada, Statistique Canada, *Globe Information Services*

• Le poste *Monnaie hors banques* comprend les billets de la Banque du Canada et la monnaie métallique en circulation. Pour obtenir le montant des billets détenus par le public, on soustrait de l'encours des billets le montant détenu par les banques à charte. Le montant des pièces de monnaie hors banques s'obtient en déduisant le montant détenu par les banques à charte et par la Banque du Canada de l'encours global des pièces donné par la Monnaie royale canadienne. • Le poste *Dépôts à vue nets aux banques à charte* indique le montant brut des dépôts à vue en dollars canadiens dont a été déduit le montant estimatif des effets du secteur privé en compensation.

• Les *ajustements à M1*, principal élément de *M1 brut*, englobent les corrections effectuées pour assurer la continuité des données et pour tenir compte des dépôts à vue d'autres banques à charte.

• Les *ajustements à M2* comprennent les corrections effectuées pour assurer la continuité des données et pour tenir compte des dépôts à préavis d'autres banques à charte.

• Les *ajustements à M3* comprennent les corrections effectuées pour assurer la continuité des données et pour tenir compte des dépôts à terme d'autres banques à charte.

• Jusqu'en janvier 2000, les données relatives aux *sociétés de fiducie ou de prêt hypothécaire* pour les mois compris entre les fins de trimestre étaient établies en interpolant à partir des chiffres trimestriels fournis par Statistique Canada et en se fondant sur certaines données mensuelles. Depuis, les données relatives à ces mois sont obtenues exclusivement par interpolation linéaire.

• Les données relatives aux *caisses populaires et credit unions* pour les périodes comprises entre les fins de trimestre sont estimées à partir des chiffres mensuels fournis par les grandes centrales et fédérations provinciales.

• Les données relatives aux *compagnies d'assurance vie (rentes individuelles)* sont estimées à partir des données trimestrielles fournies par l'Association canadienne des compagnies d'assurance de personnes. Les données pour les périodes comprises entre les fins de trimestre sont obtenues par interpolation linéaire.

• Le poste *Dépôts des particuliers aux caisses d'épargne publiques* comprend les dépôts des particuliers dans les succursales du Trésor de la province de l'Alberta et l'ensemble des dépôts de la Caisse d'épargne de l'Ontario.

• Les chiffres des *fonds communs de placement du marché monétaire* représentent les sommes investies principalement dans les instruments à court terme en dollars canadiens du marché monétaire. Ces chiffres sont tirés du *Globe and Mail*.

• Les données relatives aux *ajustements à M2+* englobent les corrections de continuité, le capital social des caisses populaires et des credit unions, déduction faite des dépôts du Receveur général dans les sociétés de fiducie ou de prêt hypothécaire, des avoirs en numéraire et dépôts à vue ou à préavis de ces dernières dans d'autres institutions de dépôt et des avoirs en numéraire et dépôts à vue ou à préavis détenus par les caisses populaires et les crédit unions dans des institutions de dépôt autres que les centrales ou les fédérations provinciales.

• Les chiffres des fonds communs de placement autres que ceux du marché monétaire représentent les sommes investies dans un vaste éventail d'instruments financiers canadiens ou internationaux. La série en question est une estimation des entrées nettes cumulatives dans ces fonds. Elle est réalisée à la Banque à partir des données relatives à la valeur de marché et au prix unitaire des fonds communs de placement tirées du *Globe Information Services*.

• M1+ comprend M1 brut plus les dépôts à préavis avec droit de tirage par chèque tenus dans les banques, tous les dépôts avec droit de tirage par chèque dans les sociétés de fiducie ou de prêt hypothécaire, les credit unions et les caisses populaires (desquels sont retranchés les dépôts de ces institutions), plus les corrections effectuées pour assurer la continuité des données.

• M1++ comprend M1+ plus les dépôts à préavis sans droit de tirage par chèque dans les banques, les sociétés de fiducie ou de prêt hypothécaire, les credit unions et les caisses populaires, moins les dépôts interbancaires à préavis non transférables par chèque, auxquels s'ajoutent les corrections de continuité.

Beginning 1999Q1, data from Statistics Canada have been reclassified according to the North American Industry Classification System (NAICS). Data for the period 1998Q1 have been estimated to be consistent with this classification. Information on the enterprises that comprise the NAICS group "non-depository credit intermediation" can be obtained from the Statistics Canada Web site: [www.statcan.ca/english/Subjects/Standard/index.htm](http://www.statcan.ca/english/Subjects/Standard/index.htm)

### Consumer credit

The consumer credit data published in the table show estimated amounts of consumer credit on the books of selected lenders. The data relate mainly to credit extended to individuals, but also include unidentifiable amounts of credit extended for non-consumer purposes. Credit extended through credit cards is included with the balances of the credit card issuer. The data do not include credit on the books of appliance and electronics stores; other retail outlets; motor vehicle dealers; public utilities; other credit card issuers not included elsewhere in the data; and credit card accounts of oil companies. Data on consumer credit on the books of these lenders are available up to December 1978 in the Statistics Canada publication *Consumer Credit* (Catalogue 61-004). In addition, data on loans between individuals or balances on bills owed to professional practitioners, clubs, hospitals or other personal service establishments are not included. Data for trust and mortgage loan companies since December 1989 include loans to unincorporated businesses and non-profit organizations.

- Data for *chartered banks* are based on monthly average data reported to the Bank of Canada.
- Data for *trust and mortgage loan companies* exclude bank mortgage and trust subsidiaries. Until January 2000, data for *trust and mortgage loan companies* for months between quarter-ends are estimated by a combination of interpolation of quarterly Statistics Canada data supplemented by some available monthly data. Since that time, data for the months between quarter-ends are derived using linear interpolation.
- Data for *credit unions and caisses populaires* for months between quarter-ends are estimated using monthly data obtained from selected provincial centrals and federations.
- Data for *life insurance companies* include policy loans and are created from quarterly Statistics Canada data. Data for the months between quarter-ends are derived using linear interpolation.
- Data on *non-depository credit intermediaries and other institutions* include personal loans held by Alberta Treasury Branches and, until July 1999, consumer credit outstanding on the books of department stores as published in Statistics Canada's *Department Store Sales and Stocks* (Catalogue 63-002). Personal loans at Quebec savings banks for the period prior to September 1987 and personal loans held by La Financière Coopérants Inc. are included for the period prior to December 1991. Data for finance companies prior to January 1974 are obtained from the Statistics Canada publication *Consumer Credit* (Catalogue 61-004) and are not strictly comparable to data since January 1974 because of different estimation techniques. Since January 1970, finance company data have excluded outstanding loans for the financing of passenger cars used for commercial purposes and, since January 1971, the amounts shown have been net of unearned interest and finance charges.
- Data for *special purpose corporations (securitization)* include credit card loans, auto loans, and other personal loans that have been securitized.
- *Adjustments to consumer credit* include continuity adjustments. These include adjustments for securitization for the period January 1988 to November 1991.

## E2

Sources : Banque du Canada, Dominion Bond Rating Service, Compagnie Montréal Trust du Canada et Statistique Canada

Depuis le premier trimestre de 1999, Statistique Canada classe les données en fonction du Système de classification des industries de l'Amérique du Nord (SCIAN). Les données relatives à la période commencée au premier trimestre de 1988 ont été jugées conformes à cette classification. Le site Web de Statistique Canada ([http://www.statcan.ca/francais/Subjects/Standard/index\\_f.htm](http://www.statcan.ca/francais/Subjects/Standard/index_f.htm)) fournit des informations à propos des entreprises qui relèvent de la classe du SCIAN intitulée « Intermédiation financière non faite par le biais de dépôts ».

### Crédit à la consommation

Les données relatives au crédit à la consommation contenues dans le présent tableau indiquent l'encours estimatif du crédit à la consommation octroyé par certains prêteurs. Elles concernent essentiellement le crédit accordé aux particuliers, mais comprennent également des crédits de montant indéterminé consentis à des fins autres que la consommation. Le crédit sur cartes de crédit figure à l'encours global déclaré par les établissements qui ont émis ces cartes. Ces chiffres ne tiennent pas compte du crédit octroyé par les magasins spécialisés dans la vente d'appareils électroménagers et de matériel électronique, par les autres détaillants, par les concessionnaires d'automobiles, par les entreprises de services publics et par les sociétés émettrices de cartes de crédit non mentionnées ailleurs. Ils ne tiennent pas non plus compte du crédit octroyé par les compagnies pétrolières aux titulaires de leurs cartes de crédit. Les données relatives au crédit à la consommation consenti par ces prêteurs figurent dans *Crédit à la consommation* (n° 61-004 au catalogue de Statistique Canada); elles ne sont pas disponibles pour la période postérieure à décembre 1978. De plus, on ne dispose pas de données sur les prêts entre particuliers ni sur les dettes envers les membres des professions libérales, les clubs, les hôpitaux et d'autres établissements qui dispensent des services aux particuliers. Les données sur les sociétés de fiducie ou de prêt hypothécaire postérieures à décembre 1989 englobent les prêts aux entreprises individuelles et aux organismes à but non lucratif.

- Les données sur les *banques à charte* s'appuient sur les moyennes mensuelles fournies à la Banque du Canada.
- Les données concernant les *sociétés de fiducie ou de prêt hypothécaire* ne comprennent pas celles se rapportant aux sociétés hypothécaires filiales des banques à charte. Jusqu'en janvier 2000, les données relatives aux *sociétés de fiducie ou de prêt hypothécaire* pour les mois compris entre les fins de trimestre étaient établies en interpolant à partir des chiffres trimestriels fournis par Statistique Canada et en se fondant sur certaines données mensuelles. Depuis, les données relatives à ces mois sont obtenues exclusivement par interpolation linéaire.
- Le crédit octroyé par les *caisses populaires et credit unions* pour les mois qui ne clôturent pas un trimestre est estimé à partir des données mensuelles fournies par certaines centrales et fédérations provinciales.
- Les données relatives aux *compagnies d'assurance vie* comprennent les avances sur polices et sont établies à partir des données trimestrielles fournies par Statistique Canada. Les données pour les mois compris entre les fins de trimestre sont obtenues par interpolation linéaire.
- Les données relatives aux *intermédiaires financiers autres que les institutions de dépôt* et aux *autres institutions* comprennent les prêts personnels consentis par les succursales du Trésor de l'Alberta et, jusqu'en juillet 1999, l'encours du crédit à la consommation accordé par les grands magasins et qui figure dans *Ventes et stocks des grands magasins* (n° 63-002 au catalogue de Statistique Canada). Les données antérieures à décembre 1991 comprennent les prêts personnels octroyés par les banques d'épargne du Québec avant septembre 1987 et les prêts personnels de la Financière Coopérants Inc. Les données antérieures à janvier 1974 relatives aux sociétés de financement sont tirées de *Crédit à la consommation* (n° 61-004 au catalogue de Statistique Canada) et diffèrent quelque peu de celles de la période postérieure à cause de l'adoption de nouvelles techniques d'estimation. Depuis janvier 1970, les montants indiqués ne comprennent plus les prêts octroyés en vue de l'achat de voitures particulières destinées à des fins commerciales; depuis janvier 1971, le montant des intérêts non courus et des commissions de financement n'est pas compris dans le chiffre de l'encours indiqué.

### Residential mortgage credit

The residential mortgage credit data published in the table show estimated amounts of residential mortgages outstanding at major private lenders and issued under the NHA-insured mortgage-backed securities program.

- Data for *chartered banks* include mortgages held by bank mortgage loan subsidiaries. The figures for the period prior to November 1981 will therefore differ from those appearing in Table C1, which did not consolidate the mortgage loan subsidiaries. (See the March 1983 *Review* for a description of the adjustments to consolidate the data for the period prior to November 1981.)

- Data for *trust and mortgage loan companies* exclude bank mortgage and trust subsidiaries. Until January 2000, data for months between quarter-ends are estimated by a combination of interpolation of quarterly Statistics Canada data supplemented by some available monthly data. Since that time, data for the months between quarter-ends are derived using linear interpolation.

- Data for *credit unions and caisses populaires* are estimated for months between quarter-ends using monthly data obtained from selected provincial centrals and federations.

- Data for *life insurance companies* include life branches, accident and sickness branches, and segregated funds. Residential mortgage holdings for dates other than quarter-ends are estimated by interpolation.

- Data for *pension funds* include both residential and non-residential mortgages.
- Data for *non-depository credit intermediaries and other financial institutions* include estimates for Alberta Treasury Branches, CMHC direct lending, investment funds, property and casualty insurers, central credit unions, and real estate investment trusts (for which data are available only from December 1972 up to and including June 1985). Residential mortgages held on the books of real estate investment trusts amounted to less than \$25 million in June 1985. Also included in these data are Quebec savings banks' residential mortgage holdings prior to September 1987 and residential mortgages held by La Financière Coopérants Inc. prior to December 1991.

- Data for *NHA mortgage-backed securities* represent the total amount outstanding of residential mortgages issued under the NHA-insured mortgage-backed securities program, as reported by the program trustee, Montreal Trust Company of Canada.

- Data for *special purpose corporations (securitization)* include non-NHA-insured mortgages that have been securitized and NHA mortgages that have been securitized outside of the NHA-insured mortgage-backed securities program.

### Business credit

The business credit data published in this table show the estimated amounts of business credit outstanding at major private lenders and the securities issued by non-financial businesses.

- Canadian dollar business loans held by chartered banks exclude reverse repurchase agreements and Canadian dollar loans to non-residents.

- Canadian dollar business loans data for *other institutions* include data for trust and mortgage loans companies, Alberta Treasury Branches, and estimates for credit unions and caisses populaires. Business loans and non-residential mortgages held by La Financière Coopérants Inc. are also included in these data for the period prior to December 1991.

- Data for *special purpose corporations (securitization)* include corporate loans and trade receivables that have been securitized.

- *Adjustments to short-term business credit* include chartered bank holdings of Canadian dollar loans to other chartered banks and foreign currency loans to the Government of Canada held by chartered banks. This series also includes adjustments to historical data to take into account discontinuities associated with the data on trust and

- Les données relatives aux *sociétés de titrisation* comprennent les prêts sur les cartes de crédit, les prêts-automobiles et les autres prêts personnels qui ont été titrisés.

- Les *ajustements au crédit à la consommation* comprennent les corrections effectuées pour assurer la continuité des données. Ils englobent les corrections effectuées pour tenir compte de l'incidence de la titrisation entre janvier 1988 et novembre 1991.

### Crédit hypothécaire à l'habitation

Les données relatives au crédit hypothécaire à l'habitation contenues dans le présent tableau sont les chiffres estimatifs de l'encours des prêts hypothécaires à l'habitation consentis par les principaux prêteurs privés en vertu du Programme des titres hypothécaires LNH.

- Les chiffres des *banques à charte* englobent les prêts hypothécaires accordés par les filiales spécialisées dans le crédit hypothécaire. Les chiffres de la période antérieure à novembre 1981 diffèrent de ceux du Tableau C1, car, avant cette date, les données des sociétés de prêt hypothécaire filiales des banques à charte n'étaient pas groupées avec celles de ces dernières. (On trouvera dans la livraison de mars 1983 de la *Revue* une explication des corrections apportées aux données de la période antérieure à novembre 1981.)

- Les données concernant les *sociétés de fiducie ou de prêt hypothécaire* ne comprennent pas celles se rapportant aux sociétés hypothécaires filiales des banques à charte. Jusqu'en janvier 2000, les données relatives aux mois compris entre les fins de trimestre étaient établies en interpolant à partir des chiffres trimestriels fournis par Statistique Canada et en se fondant sur certaines données mensuelles. Depuis, les données relatives à ces mois sont obtenues exclusivement par interpolation linéaire.

- Les données relatives aux *caisses populaires et credit unions* pour les mois qui ne clôturent pas un trimestre sont estimées à partir des chiffres mensuels fournis par certaines centrales et fédérations provinciales.

- Le poste *Compagnies d'assurance vie* comprend les données des branches vie, accidents et maladies et les fonds réservés. Les prêts hypothécaires à l'habitation aux dates autres que les fins de trimestre sont des estimations faites par interpolation.

- Les données des *caisses de retraite* comprennent tant les prêts hypothécaires à l'habitation que les autres prêts hypothécaires.

- Les données relatives aux *intermédiaires financiers autres que les institutions de dépôt et aux autres institutions financières* comprennent les chiffres estimatifs des succursales du Trésor de l'Alberta, ceux relatifs aux prêts directs de la SCHL ainsi que ceux des fonds de placement, des compagnies d'assurance biens et d'assurance contre risques divers, des centrales de credit unions et des sociétés fiduciaires de placement immobilier (uniquement pour la période comprise entre décembre 1972 et juin 1985 inclusivement). L'encours des prêts hypothécaires à l'habitation consentis par les sociétés fiduciaires de placement immobilier était inférieur à 25 millions de dollars en juin 1985. Ces données comprennent également l'encours des prêts hypothécaires à l'habitation octroyés, pour la période antérieure à septembre 1987, par les banques d'épargne du Québec, et les prêts hypothécaires à l'habitation de la Financière Coopérants Inc. pour la période antérieure à décembre 1991.

- Les données relatives aux *titres hypothécaires garantis en vertu de la LNH* et fournies par la Compagnie Montréal Trust du Canada, fiduciaire du programme, représentent l'encours global des prêts hypothécaires à l'habitation accordés en vertu du Programme LNH.

- Les données relatives aux *sociétés de titrisation* comprennent les prêts hypothécaires non garantis en vertu de la LNH qui ont été titrisés et les prêts hypothécaires garantis en vertu de la LNH qui ont été titrisés mais non dans le cadre du Programme des titres hypothécaires LNH.

### Crédits aux entreprises

Les chiffres relatifs aux crédits aux entreprises sont des estimations de l'encours du crédit qui leur est accordé par les principaux prêteurs du secteur privé et de l'encours des titres émis par des entreprises non financières.

- Les données relatives aux *prêts en dollars canadiens* consentis par les banques à charte excluent les prises en pension et les prêts en dollars canadiens accordés aux non-résidents.

mortgage loan companies' holdings of business loans, which are not readily available for the period prior to January 1984.

- *Leasing receivables* at finance companies include automobile leases classified as financial leases but exclude operating leases.

- *Other business credit* includes the outstanding bonds and shares of non-financial businesses.

- Data for *special purpose corporations (securitization)* include leasing receivables and non-residential mortgages which have been securitized.

- *Adjustments to other business credit* include adjustments to the historical data to account for discontinuities associated with data on trust and mortgage loan companies' holdings of non-residential mortgages and leasing receivables, which are not readily available for the period prior to January 1984. Adjustments for securitization are included for the period January 1985 to February 1988.

## F2

Sources: Bank of Canada, Dominion Bond Rating Service, Statistics Canada

Treasury bills and other short-term paper include instruments with an original term of one year or less. The data do not include bills and notes placed with parent or affiliated companies. Corporate data exclude notes placed directly with chartered banks. Short-term loans from Canadian and foreign banks are not included in the statistics.

- Data for *Total commercial paper* outstanding are produced by the Dominion Bond Rating Service (DBRS) commencing in November 1993. Prior to that date, data were produced through a survey of commercial paper issuers conducted by the Bank of Canada. It is estimated that a high proportion of all paper issued in Canada is covered by the DBRS survey.

- Short-term paper issued by consumer loan and sales finance companies and by federal government business enterprises are included in total commercial paper. Asset-backed commercial paper is included in commercial paper issued by financial corporations. Commercial paper issued by non-financial corporations is included in short-term business credit as presented in Table E2. A breakdown between Canadian dollar and U.S. dollar commercial paper outstanding is presented commencing in November 1996 (prior to that date, sufficiently complete information was not available to estimate that split). Data from the discontinued Bank of Canada survey with respect to commercial paper denominated in foreign currency is available on CANSIM.

- Total commercial paper commencing in November 1993 includes only issues placed in Canada by Canadian borrowers. Issues by foreign borrowers in the Canadian market are shown separately as an addendum. The data prior to November 1993 produced from the Bank of Canada survey may include some issues placed outside Canada.

- For the period before November 1981, *bankers' acceptances* figures refer to the

- Les données relatives aux prêts en dollars canadiens consentis par d'autres institutions se rapportent aux activités des sociétés de fiducie ou de prêt hypothécaire ainsi que des succursales du Trésor de l'Alberta et comprennent des chiffres estimatifs concernant les caisses populaires et les credit unions. • Les prêts aux entreprises et les prêts hypothécaires sur immeubles non résidentiels octroyés par la Financière Coopérants Inc. sont compris dans les données de la période antérieure à décembre 1991.

- Les données relatives aux sociétés de titrisation comprennent les prêts aux sociétés et les comptes-clients qui ont été titrisés.

- Les ajustements aux crédits à court terme aux entreprises comprennent les prêts interbancaires en dollars canadiens et les prêts en devises étrangères consentis au gouvernement canadien par les banques à charte. Ces données ont également été ajustées par rapport aux données rétrospectives pour tenir compte des ruptures liées aux créances résultant de prêts accordés aux entreprises par les sociétés de fiducie ou de prêt hypothécaire, données qui sont difficiles à obtenir pour la période antérieure à janvier 1984.

- Les créances résultant du crédit-bail qui détiennent les sociétés de financement comprennent les contrats de crédit-bail automobile appartenant à la catégorie des baux financiers mais excluent les baux de fonctionnement.

- Les autres crédits aux entreprises comprennent l'encours des obligations et les actions en circulation d'entreprises non financières.

- Les données relatives aux sociétés de titrisation comprennent les créances résultant du crédit-bail et les crédits hypothécaires sur immeubles non résidentiels qui ont été titrisés.

- Ajustements aux autres crédits aux entreprises. Les données relatives aux autres crédits aux entreprises ont été ajustées par rapport aux données rétrospectives pour tenir compte des ruptures liées aux crédits hypothécaires non-résidentiels et aux créances résultant du crédit-bail consenti par les sociétés de fiducie ou de prêt hypothécaire, données qui sont difficiles à obtenir pour la période antérieure à janvier 1984. Les corrections effectuées pour tenir compte de l'incidence de la titrisation concernent la période allant de janvier 1985 à février 1988.

## F2

Sources : Banque du Canada, Dominion Bond Rating Service et Statistique Canada

Les bons du Trésor et les autres effets à court terme n'englobent que les instruments dont l'échéance initiale ne dépasse pas un an. Les données ne comprennent pas les bons ni les billets placés auprès de sociétés mères ou affiliées, ni, dans le cas des sociétés, les billets négociés directement avec des banques à charte. Les emprunts à court terme auprès de banques canadiennes et étrangères ne sont pas compris dans les données.

- Les données relatives à l'encours total du papier commercial sont produites par le Dominion Bond Rating Service (DBRS) depuis novembre 1993. Avant cette date, les données étaient recueillies au moyen d'une enquête menée par la Banque du Canada auprès des émetteurs de papier commercial. On estime que l'enquête de DBRS recense une large proportion du papier commercial émis au Canada.

- L'encours total du papier commercial comprend le papier à court terme émis par les sociétés de financement ou de prêt à la consommation et les entreprises du gouvernement fédéral. Le papier commercial émis par les sociétés financières comprend le papier commercial adossé à des actifs. Les crédits à court terme aux entreprises (Tableau E2) comprennent le papier commercial émis par les sociétés non financières. Depuis novembre 1996, l'encours du papier commercial est ventilé en titres libellés en dollars canadiens et en dollars É.-U. (Avant cette date, l'information n'était pas suffisamment complète pour effectuer une telle ventilation). Les données provenant de l'ancienne enquête de la Banque du Canada sur le papier commercial libellé en monnaies étrangères figurent au fichier CANSIM.

- L'encours total du papier commercial depuis novembre 1993 ne comprend que les émissions placées au Canada par les emprunteurs canadiens. Les émissions placées par les emprunteurs étrangers au Canada sont indiquées séparément pour mémoire. Les données de l'enquête de la Banque du Canada antérieures à novembre 1993 peuvent englober les données portant sur certaines émissions placées à l'extérieur du Canada.

- *Acceptations bancaires.* Avant novembre 1981, les chiffres retenus étaient ceux de l'encours au

amount outstanding for the last Wednesday of the month. From that month, the data are as of the last business day of each period.

• *Total treasury bills and other short-term paper of provincial governments and their enterprises and municipal governments* include the bills and notes placed in the accounts of the respective provinces and municipalities. The treasury bills and notes issued are largely payable in Canadian dollars; however, the statistics include some short-term notes payable in foreign currencies. Since November 1981, these data have included bills and paper of provincial governments and their enterprises sold directly to chartered banks.

## F4-F10

Source: Bank of Canada, Montreal Trust Company of Canada, and Dominion Bond Rating Service.

Data shown are subject to revision. These series cover all public issues as well as most private placements with an original term to maturity of more than one year. The data for all levels of government include guaranteed issues. Effective 5 November 1986, there has been an accounting change in the treatment of Canada Savings Bonds sold on the Payroll Savings Plan. These bonds are now gradually included in outstandings, as payroll deductions are remitted over the contract period. Previously, the total amount of payroll sales was included in outstandings in November. Data on the net amount of Canadian dollar bond issues placed abroad by provincial-municipal governments, financial corporations and non-financial corporations are available on a semi-annual basis from 1974 and may be obtained from the Bank of Canada's Department of Monetary and Financial Analysis.

Prior to 31 December 1971, Government of Canada issues payable in foreign currencies were converted into Canadian dollars at the following rates: from 30 September 1950 to 3 May 1962, U.S.\$1.00 = \$1.00, thereafter, U.S.\$1.00 = \$1.081; from 30 September 1950 to 3 May 1962, £1 = \$2.800; from 3 May 1962 to 18 November 1967, £1 = \$3.027, thereafter, £1 = \$2.595; prior to 26 October 1969, 1 DM = \$0.270, thereafter, 1 DM = \$0.295; from 15 May 1968 to 24 June 1970, 1 lira = \$0.00173. Since 31 December 1971, Government of Canada issues payable in foreign currencies have been converted into Canadian dollars at the noon spot rate of the day of delivery. All other issues payable in foreign currencies have been converted into Canadian dollars at the average noon market rate for the month. In the case of optional-pay issues, the option most favourable to the lender has been used. Data on gross new issues, retirements and net new issues of Government of Canada securities and provincial and corporate bonds are available quarterly from 1935; data on gross new bond issues placed in foreign markets, both total foreign bond issues and bond issues placed in the United States, are available from 1960. Data on NHA mortgage-backed securities (MBS) are available from 1987, and data on other term securities issued by special purpose corporations are available from 1994.

• *Provincial bonds* include issues purchased by provincial accounts and with Quebec Pension Plan funds.

• *Municipal bonds* do not include issues guaranteed by the provinces (already included in provincial bonds) nor issues sold directly to provinces and their agencies, which are shown in Table F8. The quarterly data for municipal retirements are estimated by pro-rating annual estimates and including partial data for large municipalities when available.

• *Corporate bonds* include all issues of Canadian corporations and issues of federal government business enterprises, with the exception of finance company and commercial paper with an original term to maturity of one year or less, and issues sold to a parent company, whether this parent is incorporated in Canada or abroad. • *Preferred and common stocks* are shown at offering prices, and retirements at the actual amount paid by

dernier mercredi du mois. Depuis lors, les données sont celles de l'encours au dernier jour ouvrable de la période.

• *Les bons du Trésor et autres effets à court terme* émis par les provinces et entreprises provinciales et par les municipalités ne comprennent pas les bons du Trésor ni les billets achetés par les comptes des provinces ou des municipalités intéressées. Les bons du Trésor et les billets sont, dans la majorité des cas, libellés en dollars canadiens, mais les statistiques englobent également un certain montant de billets à court terme libellés en monnaies étrangères. Depuis novembre 1981, elles comprennent aussi les bons et le papier émis par les provinces et leurs entreprises et vendus directement aux banques à charte.

## F4-F10

Source : Banque du Canada, Compagnie Montréal Trust du Canada et Dominion Bond Rating Service

Les données des Tableaux F4-F10 sont sujettes à révision. Elles englobent toutes les émissions publiques à échéance initiale de plus d'un an et la plupart des émissions du même genre placées à titre privé. Les emprunts du gouvernement canadien, des provinces et des municipalités comprennent les obligations émises sous garantie de ces derniers. Depuis le 5 novembre 1986, une modification d'ordre comptable a été apportée au traitement des obligations d'épargne vendues selon le Mode d'épargne sur le salaire. Les montants de ces obligations sont maintenant ajoutés à l'encours de ces titres à mesure que se font les retenues sur le salaire; ces retenues sont étalées sur la durée des contrats. Auparavant, la valeur totale des ventes selon le Mode d'épargne sur le salaire était ajoutée à l'encours de ces titres en novembre. Les intéressés peuvent se procurer au département des Études monétaires et financières de la Banque du Canada les données relatives aux émissions nettes d'obligations en dollars canadiens placées à l'étranger par les provinces, les municipalités, les sociétés financières et non financières. Il s'agit là de statistiques semestrielles remontant à 1974.

Avant le 31 décembre 1971, la valeur nominale des émissions du gouvernement canadien libellées en monnaies étrangères était convertie en dollars canadiens aux cours suivants : du 30 septembre 1950 au 3 mai 1962, 1 \$ É.-U. = 1 \$; par la suite, 1 \$ É.-U. = 1,081 \$; du 30 septembre 1950 au 3 mai 1962, 1 £ = 2,800 \$; du 3 mai 1962 au 18 novembre 1967, 1 £ = 3,027 \$; par la suite 1 £ = 2,595 \$; avant le 26 octobre 1969, 1 DM = 0,270 \$; par la suite, 1 DM = 0,295 \$; du 15 mai 1968 au 24 juin 1970, 1 Lit = 0,00173 \$. Depuis le 31 décembre 1971, cette conversion s'effectue au cours du comptant à midi le jour de la livraison. Pour toutes les autres émissions libellées en monnaies étrangères, on utilise comme taux de conversion la moyenne mensuelle des cours du change à midi. Dans le cas des titres payables en dollars canadiens ou en une autre devise, l'option la plus favorable aux prêteurs a été retenue. Les statistiques relatives aux opérations suivantes sont disponibles sur une base trimestrielle à partir de 1935 : émissions brutes, rachats et émissions nettes de titres du gouvernement canadien ainsi que d'obligations des provinces et des sociétés. Les statistiques des émissions brutes d'obligations placées sur les marchés étrangers, à savoir le montant global et le montant de la tranche placée aux États-Unis, remontent à 1960. Les statistiques relatives aux titres hypothécaires garantis en vertu de la LNH remontent à 1987, et celles des autres titres à terme émis par des sociétés spécialisées sont disponibles à partir de 1994.

• *Les obligations des provinces* comprennent les titres achetés par une province ou avec des fonds provenant du Régime de rentes du Québec.

• *Les obligations des municipalités* ne comprennent ni les titres émis sous la garantie d'une province, ceux-ci étant recensés comme obligations des provinces, ni les titres vendus directement aux provinces ou à leurs agences, lesquels sont recensés au Tableau F8. Les données trimestrielles concernant les remboursements des titres des municipalités sont des données estimatives que l'on a obtenues en divisant par quatre le montant des remboursements prévus pour l'année entière et en ajoutant, le cas échéant, des données partielles pour certaines grosses municipalités.

• *Les obligations des sociétés* englobent toutes les émissions de sociétés canadiennes et les émissions des entreprises du gouvernement fédéral, à l'exclusion toutefois du papier émis par les sociétés de financement et du papier commercial dont l'échéance à l'émission ne dépasse pas un an, ainsi que les émissions vendues à la société mère, que cette dernière soit constituée au Canada ou à l'étranger. • *Les actions privilégiées ou ordinaires* figurent au prix d'émission, et les rachats, au prix effectivement payé par la société intéressée. En vertu de l'article 91 de la Loi sur les compagnies d'assurance-vie canadiennes et

the corporation. Pursuant to section 91 of the Canadian and British Insurance Companies Act, common stock retirements do not include purchases by life insurance companies of their own stock. Common stock retirements in 1961 and 1964 reflect the distribution by British Columbia Power Corporation to shareholders of funds received from the Province of British Columbia in payment for the common and preferred shares of British Columbia Electric Company Limited; the data reflect in 1963 the purchase by Quebec Hydro of privately owned hydro-electric companies, and in 1972 the purchase by the Nova Scotia Power Commission of Nova Scotia Light and Power Company Limited.

- Data for *NHA mortgage-backed securities* represent securitizations issued under the NHA MBS program, as reported by the program trustee, Montreal Trust Company of Canada.

- Data for *other term securitizations* represent other term securities issued by special purpose corporations.

- For *short-term paper* see the note to Table F2.

- Effective 5 February 1997, data on Canada Savings Bonds outstanding have been combined with data on Canada RRSP Bonds outstanding under the heading *Canada Savings Bonds and other retail instruments*. Separate series for Canada Savings Bonds and Canada RRSP Bonds are available on the CANSIM data base. (Tables F4 and F5).

- Effective September 1997, two new components, Canada Notes and Euro Medium-Term Notes (dating March 1996 and July 1997, respectively) were included with existing bond series in the Tables F4, F6, and F7.

- Transactions of *other institutions and foreign borrowers* (Table F9) include issues of Canadian religious and other institutions and issues placed in Canada by foreign borrowers. New issues of foreign borrowers amounted to \$20 million in 1961, \$5 million in 1964, \$25 million in the first quarter, and \$7 million in the fourth quarter of 1965, \$20 million in 1966, \$20 million in 1967, \$15 million in 1968, \$25 million in 1971, \$20 million in 1972, and \$20 million in 1975. Issues by foreign borrowers have been retired throughout the period covered. In Table F6, the small amount of security issues of institutions placed abroad has been included in the total.

- *Financial corporations* (Table F10) include the finance company subsidiaries of automobile companies; to the end of 1972, all other subsidiary companies engaged in financing the parent companies' sales are classified with the parent company; from 1973 on, they are classified as financial.

## G4-G7

Source: Bank of Canada

Since 31 December 1971, issues payable in foreign currencies have been converted into Canadian dollars at the closing spot rate as at the last business day of the calendar quarter. Holdings are shown at par value where available, in other cases at book value.

- *Government of Canada accounts* (Tables G4 and G5). These tables include the Securities and Investment Account, the Purchase Fund, and the federal non-marketable bonds issued to the Canada Pension Plan Investment Fund.

- *General public holdings* (Table G4) of treasury bills and marketable bonds are obtained as a residual. The category *general public* includes other central banks, chartered banks, non-bank-owned investment dealers, other non-bank financial institutions and other resident and non-resident holders. A more detailed breakdown of these holdings is shown in Table G5 under the heading *general public*.

- The holdings of all *life insurance companies* are available quarterly from Statistics Canada. The monthly distribution is estimated from a monthly survey of 11 major companies.

*britanniques*, les rachats d'actions ordinaires ne comprennent pas le rachat, par une compagnie d'assurance-vie, de ses propres actions. Ont été considérés comme des achats d'actions, en 1961 et en 1964, la distribution par la British Columbia Power Corporation à ses actionnaires des fonds qu'elle avait reçus de la province de la Colombie-Britannique en paiement des actions ordinaires et privilégiées de la British Columbia Co. Ltd, en 1963, l'achat par Hydro-Québec d'entreprises hydro-électriques privées et, en 1972, l'achat par la Nova Scotia Power Commission de la Nova Scotia Light and Power Company Limited.

- Les données relatives aux *titres hypothécaires garantis en vertu de la LNH* se rapportent aux opérations de titrisation effectuées dans le cadre du Programme des titres hypothécaires LNH et sont déclarées par le fiduciaire de ce programme, la Compagnie Montréal Trust du Canada.

- Les autres données relatives à la *titrisation à terme* concernent les autres titres à terme émis par des sociétés spécialisées.

- Les renseignements sur le *papier à court terme* se trouvent dans les notes relatives au Tableau F2.

- À compter du 5 février 1997, les données relatives à l'encours des obligations d'épargne du Canada et des obligations REER du Canada sont combinées sous la rubrique *Obligations d'épargne du Canada et autres titres de placement au détail*. Les données des obligations d'épargne du Canada et celles des obligations REER du Canada sont versées séparément au fichier CANSIM. (Tableaux F4 et F5)

- À compter de septembre 1997, deux nouvelles séries portant sur les billets du Canada et les euro-billets à moyen terme (dont les premières données remontent à mars 1996 et à juillet 1997 respectivement) sont combinées aux séries existantes relatives aux obligations dans les Tableaux F4, F6 et F7.

- Les opérations des *autres institutions et emprunteurs étrangers* (Tableau F9) comprennent les émissions d'institutions canadiennes (religieuses ou autres) et les émissions placées au Canada par des emprunteurs étrangers. Ces dernières ont atteint 20 millions de dollars en 1961, 5 millions en 1964, 32 millions en 1965 (soit 25 millions au premier trimestre et 7 millions au quatrième), 20 millions en 1966, 20 millions en 1967, 15 millions en 1968, 25 millions en 1971, 20 millions en 1972 et 20 millions en 1975. Dans le cas des emprunteurs étrangers, il y a eu des remboursements tout au long de la période indiquée. Le faible montant des titres émis par les institutions et placés à l'étranger a été incorporé à la rubrique *Total* du Tableau F6.

- Les *sociétés financières* (Tableau F10) comprennent les sociétés de financement filiales des constructeurs de véhicules automobiles; jusqu'à la fin de 1972, les statistiques relatives à toutes les autres filiales qui ont pour objet de financer les ventes des sociétés mères sont comprises dans celles des sociétés mères; à partir de 1973, ces filiales sont considérées comme des entreprises financières.

## G4-G7

Source : Banque du Canada

Depuis le 31 décembre 1971, la conversion en dollars canadiens des titres payables en devises s'effectue au cours du comptant à la clôture le dernier jour ouvrable de mars, de juin, de septembre ou de décembre, selon le cas. Les titres figurent à leur valeur nominale, lorsqu'elle est connue, ou à leur valeur comptable dans le cas contraire.

Le poste *Comptes du gouvernement canadien* (Tableaux G4 et G5) comprend les portefeuilles du Fonds de placement du gouvernement et du Fonds de rachat ainsi que les obligations non négociables du gouvernement fédéral émises à l'intention du Fonds de placement du Régime de pensions du Canada.

- On a obtenu le montant des portefeuilles du *Public* (Tableau G4) de bons du Trésor et d'obligations négociables en déduisant de l'encours global le montant des autres portefeuilles. Figurent dans la catégorie *Public* les banques centrales étrangères, les banques, les maisons de courtage de valeurs mobilières appartenant à des établissements non bancaires, les autres institutions financières non bancaires et les autres détenteurs au Canada et à l'étranger. Une ventilation plus complète de ces titres figure à la rubrique *Public* du Tableau G5.

• *Non-depository credit intermediaries* (Table G5). Information on these enterprises can be obtained from the Statistics Canada Web site: [www.statcan.ca/english/Subjects/Standard/index.htm](http://www.statcan.ca/english/Subjects/Standard/index.htm)

• Holdings of *trusteed pension funds* (Table G5) are obtained from the annual Statistics Canada survey entitled *Trusteed Pension Funds* (Catalogue 74-201). An estimate is provided for 1991 because the survey was not conducted in that year.

• Effective 5 November 1986, there was an accounting change in the treatment of *Canada Savings Bonds* sold on the Payroll Savings Plan to non-federal government employees. These bonds are now gradually included in outstandings as payroll deductions are remitted over the contract period. Previously, the total amount of payroll sales was included in outstandings in November. The total amount of Canada Savings Bonds being purchased on the payroll plan by federal government employees is included in outstandings in November.

*Total loans and drawings under standby facilities* include drawings outstanding on the standby credit facilities with Canadian banks and with foreign banks; term loans are foreign currency loans arranged with foreign banks and other financial institutions.

• *Total securities and loans outstanding* include a small amount of matured securities outstanding.

• Prior to 1975, general public holdings of bonds 3 years and under, 3 to 5 years, 5 to 10 years, and 10 years and over (Table G7) exclude chartered banks.

• Effective 5 February 1997, data on Canada Savings Bonds outstanding have been combined with data on Canada RRSP Bonds outstanding under the heading *Canada Savings Bonds and other retail instruments*. Separate series for Canada Savings Bonds and Canada RRSP Bonds are available on the CANSIM data base.

• Effective September 1997, two new components, Canada Notes and Euro Medium-Term Notes (dating March 1996 and July 1997, respectively) were included with existing bond series.

• Les données concernant les portefeuilles de l'ensemble des *compagnies d'assurance-vie* sont publiées tous les trimestres par Statistique Canada. Les répartitions mensuelles sont des estimations qui se fondent sur une enquête mensuelle menée auprès de 11 grandes sociétés.

• *Intermédiaires financiers autres que les institutions de dépôt* (Tableau G5). Le site Web de Statistique Canada ([www.statcan.ca/francais/Subjects/Standard/index\\_f.htm](http://www.statcan.ca/francais/Subjects/Standard/index_f.htm)) fournit des informations à propos de ces intermédiaires financiers.

• Les données relatives aux titres détenus par les *caisses de retraite en fiducie* (Tableau G5) sont tirées de la publication annuelle de Statistique Canada intitulée *Caisses de retraite en fiducie* (n° 74-201 au catalogue); ces données sont obtenues au terme d'une enquête menée tous les ans. Les données pour 1991 sont des estimations, car aucune enquête n'a été menée cette année-là.

• Depuis le 5 novembre 1986, une modification d'ordre comptable a été apportée au traitement des *obligations d'épargne du Canada* vendues par le Mode d'épargne sur le salaire à des fonctionnaires autres que les fonctionnaires fédéraux. Les montants de ces obligations sont maintenant ajoutés à l'encours de ces titres à mesure que se font les retenues sur le salaire jusqu'au paiement complet. Auparavant, le montant global des ventes selon le Mode d'épargne sur le salaire était compris dans l'encours de novembre. Désormais, c'est le montant des obligations d'épargne du Canada que les fonctionnaires fédéraux achètent par le Mode d'épargne sur le salaire qui est compris dans l'encours de novembre.

• Le poste *Emprunts plus tirages sur lignes de crédit* comprend l'encours des tirages effectués sur les lignes de crédit ouvertes par les banques canadiennes et des banques étrangères; les emprunts à terme sont des emprunts en monnaies étrangères obtenus des banques étrangères et d'autres institutions financières.

• L'*encours total des titres et des emprunts* comprend un faible montant de titres échus et non encaissés.

• Avant 1975, les chiffres relatifs aux obligations assorties d'échéances de 3 ans ou moins, de 3 à 5 ans, de 5 à 10 ans et de 10 ans ou plus (Tableau G7) détenues par le public ne tenaient pas compte des données des banques.

• À compter du 5 février 1997, les données relatives à l'encours des obligations d'épargne du Canada et des obligations REER du Canada sont combinées sous la rubrique *Obligations d'épargne du Canada et autres titres de placement au détail*. Les données des obligations d'épargne du Canada et celles des obligations REER du Canada sont versées séparément au fichier CANSIM.

• À compter de septembre 1997, deux nouvelles séries portant sur les billets du Canada et les euro-billets à moyen terme (dont les premières données remontent à mars 1996 et à juillet 1997 respectivement) sont combinées aux séries existantes relatives aux obligations.
